

Systems 199 and 200. Moreover, specific USDA security requirements are adhered to through the USDA Cyber Security Manuals, including, but not limited to, DM3545-000 Personnel Security.

The RSMS contains personal information about USDA employees, including name, work telephone number, e-mail, work address, user ID, level of education, and gender. The information collected by the RSMS is necessary to determine the location of radiation material.

To address privacy issues and ensure protection of information provided by customers and employees, the RSD has completed a privacy impact assessment (PIA). It has been posted on the USDA Privacy Policy Web site. The PIA provides detailed information about steps taken by the agency to minimize the risk of unauthorized access to the system. These steps include role-based access controls; data encryption in transmission; physical and environmental protection; auditing; configuration management; and contingency planning. User identification and authentication are also provided in the form of unique user IDs and passwords that are issued to USDA personnel. The RSMS computing equipment is stored in a secure computer room, and physical access is restricted to approved USDA personnel.

The electronic data files for the RSMS are maintained in Washington, DC.

A backup of the RSMS is maintained in Beltsville, MD. Control measures implemented to prevent misuse of accessible data include unique user identification, a password protection protocol, and limitation of user roles through compartmentalization of allowed access. Agency-implemented cyber security measures and firewalls are built into the application user interface to monitor the use of the RSMS. The hard copy components of the system and computer files, tapes, and disks are kept in a safeguarded environment with access only by authorized personnel.

Information will be disclosed: To the Department of Justice or a court or adjudicative body in a proceeding when the agency determines that the information is relevant and necessary to litigation involving the United States or its employees; to the appropriate agency responsible for enforcing violations when a record on its face indicates a violation of law; to a Member of Congress at the written request of his or her constituent about whom the record is maintained; to the National Archives and Records Administration or the General Services Administration for

records management inspections; to agency contractors or others engaged by the agency to assist in performing agency services; to the appropriate agencies or entities if USDA suspects the confidentiality or security of the information was compromised; and to the NRC.

#### **SUPPORTING DOCUMENTATION:**

Systems Notice: The Department of Agriculture has attached advance copies of the **Federal Register** notice of the new system of records.

## **DEPARTMENT OF AGRICULTURE**

### **Forest Service**

#### **Boundary Establishment for North Fork Crooked National Wild and Scenic River, Ochoco National Forest, Crook County, Oregon**

**AGENCY:** Forest Service, USDA.

**ACTION:** Notice of availability.

**SUMMARY:** In accordance with Section 3(b) of the Wild and Scenic Rivers Act, the USDA Forest Service, Washington Office, is transmitting the final boundary of the North Fork Crooked National Wild and Scenic River to Congress.

#### **FOR FURTHER INFORMATION CONTACT:**

Information may be obtained by Contacting the following offices: Ochoco National Forest, P.O. Box 490, Prineville, Oregon 97754, (541) 416-6500; or Bureau of Land Management, Prineville District, 3050 NE Third Street, Prineville, Oregon 97754, (541) 447-4115.

Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern Time, Monday through Friday.

**SUPPLEMENTARY INFORMATION:** The North Fork Crooked Wild and Scenic River boundary is available for review at the following offices: USDA Forest Service, Recreation, Yates Building, 14th and Independence Avenues, SW., Washington, DC 20024; USDA Forest Service, Pacific Northwest Region, 333 SW First Avenue, Portland, Oregon 97208-3623; Ochoco National Forest, P.O. Box 490, Prineville, Oregon 97754, (541) 416-6500; or DOI Bureau of Land Management, National Landscape Conservation System, 20 M Street, SE., Washington, DC 20036, (202) 912-7179; DOI Bureau of Land Management, Oregon State Office, 333 SW First

Avenue, Portland, Oregon 97208; and Bureau of Land Management, Prineville District, 3050 NE Third Street, Prineville, Oregon 97754, (541) 447-4115.

The Omnibus Oregon Wild and Scenic Rivers Act of 1988 (Pub. L. 100-557) of October 28, 1988, designated the North Fork Crooked River, Oregon, as a National Wild and Scenic River, to be administered by the Secretary of Agriculture. As specified by law, the boundary will not be effective until ninety (90) days after Congress receives the transmittal.

Dated: September 27, 2011.

### **Forest Service**

#### **Lake Tahoe Basin Federal Advisory Committee (LTFAC)**

**AGENCY:** Forest Service, USDA.

**ACTION:** Notice of meeting cancellation.

**SUMMARY:** The Lake Tahoe Federal Advisory Committee meeting that was to be held on October 21 or 24, 2011 at the Lake Tahoe Basin Management Unit, 35 College Drive, South Lake Tahoe, CA 96150 is cancelled. This Committee, established by the Secretary of Agriculture on December 15, 1998 (64 FR 2876), is chartered to provide advice to the Secretary on implementing the terms of the Federal Interagency Partnership on the Lake Tahoe Region and other matters raised by the Secretary.

**FOR FURTHER INFORMATION CONTACT:** Arla Hains, Lake Tahoe Basin Management Unit, Forest Service, 35 College Drive, South Lake Tahoe, CA 96150, (530) 543-2773 or check for the next meeting date at <http://www.fs.fed.us/r5/ltbmu/local/ltfac>.

**SUPPLEMENTARY INFORMATION:** All Lake Tahoe Basin Federal Advisory Committee meetings are open to the public. Issues may be brought to the attention of the Committee during the open public comment period at the meeting or by filing written statements with the secretary for the Committee. Please refer any written comments to the Lake Tahoe Basin Management Unit at the contact address stated above.

Dated: September 30, 2011.

Jeff Marsolais,

Deputy Forest Supervisor.

## DEPARTMENT OF COMMERCE

### International Trade Administration

[A-533-820]

#### Certain Hot-Rolled Carbon Steel Flat Products From India: Final Results of 2009-2010 Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** In response to requests from petitioners,<sup>1</sup> the Department of Commerce ("the Department") has conducted an administrative review of the antidumping duty order on certain hot-rolled carbon steel flat products from India ("hot-rolled steel") manufactured by Ispat Industries Limited ("Ispat"), JSW Steel Limited ("JSW"), and Tata Steel Limited ("Tata"). The period of review ("POR") is December 1, 2009, through November 30, 2010. We determine that Ispat, JSW, and Tata had no entries of subject merchandise during the POR.

**DATES:** *Effective Date:* October 6, 2011.

**FOR FURTHER INFORMATION CONTACT:** Christopher Hargett or James Terpstra, AD/CVD Operations Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4161 and (202) 482-3965, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

On June 2, 2011, the Department published in the **Federal Register**, the *Preliminary Results*<sup>2</sup> of this review.

The Department received no comments on the *Preliminary Results*.

##### Period of Review

The period covered by this review is December 1, 2009, through November 30, 2010.

#### Scope of the Order

The merchandise subject to the order is certain hot-rolled carbon steel flat products of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with plastics or other non-metallic substances, in coils (whether or not in successively superimposed layers), regardless of thickness, and in straight lengths, of a thickness of less than 4.75 mm and of a width measuring at least 10 times the thickness. Universal mill plate (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm, but not exceeding 1250 mm, and of a thickness of not less than 4 mm, not in coils and without patterns in relief) of a thickness not less than 4.0 mm is not included within the scope of the order.

Specifically included in the scope of the order are vacuum-degassed, fully stabilized (commonly referred to as interstitial-free ("IF")) steels, high-strength low-alloy ("HSLA") steels, and the substrate for motor lamination steels. IF steels are recognized as low-carbon steels with micro-alloying levels of elements such as titanium or niobium (also commonly referred to as columbium), or both, added to stabilize carbon and nitrogen elements. HSLA steels are recognized as steels with micro-alloying levels of elements such as chromium, copper, niobium, vanadium, and molybdenum. The substrate for motor lamination steels contains micro-alloying levels of elements such as silicon and aluminum.

Steel products included in the scope of the order, regardless of definitions in the Harmonized Tariff Schedule of the United States ("HTSUS"), are products in which: (i) Iron predominates, by weight, over each of the other contained elements; (ii) the carbon content is 2 percent or less, by weight; and (iii) none of the elements listed below exceeds the quantity, by weight, respectively indicated:

1.80 percent of manganese, or  
2.25 percent of silicon, or  
1.00 percent of copper, or  
0.50 percent of aluminum, or  
1.25 percent of chromium, or  
0.30 percent of cobalt, or  
0.40 percent of lead, or  
1.25 percent of nickel, or  
0.30 percent of tungsten, or  
0.10 percent of molybdenum, or  
0.10 percent of niobium, or  
0.15 percent of vanadium, or  
0.15 percent of zirconium.

All products that meet the physical and chemical description provided

above are within the scope of the order unless otherwise excluded. The following products, by way of example, are outside or specifically excluded from the scope of the order:

- Alloy hot-rolled carbon steel products in which at least one of the chemical elements exceeds those listed above (including, *e.g.*, American Society for Testing and Materials ("ASTM") specifications A543, A387, A514, A517, A506).
- Society of Automotive Engineers ("SAE")/American Iron & Steel Institute ("AISI") grades of series 2300 and higher.
- Ball bearings steels, as defined in the HTSUS.
- Tool steels, as defined in the HTSUS.
- Silico-manganese (as defined in the HTSUS) or silicon electrical steel with a silicon level exceeding 2.25 percent.
- ASTM specifications A710 and A736.
- United States Steel ("USS") Abrasion-resistant steels (USS AR 400, USS AR 500).
- All products (proprietary or otherwise) based on an alloy ASTM specification (sample specifications: ASTM A506, A507).
- Non-rectangular shapes, not in coils, which are the result of having been processed by cutting or stamping and which have assumed the character of articles or products classified outside chapter 72 of the HTSUS.

The merchandise subject to the order is currently classifiable in the HTSUS at subheadings: 7208.10.15.00, 7208.10.30.00, 7208.10.60.00, 7208.25.30.00, 7208.25.60.00, 7208.26.00.30, 7208.26.00.60, 7208.27.00.30, 7208.27.00.60, 7208.36.00.30, 7208.36.00.60, 7208.37.00.30, 7208.37.00.60, 7208.38.00.15, 7208.38.00.30, 7208.38.00.90, 7208.39.00.15, 7208.39.00.30, 7208.39.00.90, 7208.40.60.30, 7208.40.60.60, 7208.53.00.00, 7208.54.00.00, 7208.90.00.00, 7211.14.00.90, 7211.19.15.00, 7211.19.20.00, 7211.19.30.00, 7211.19.45.00, 7211.19.60.00, 7211.19.75.30, 7211.19.75.60, and 7211.19.75.90. Certain hot-rolled carbon steel covered by the order, including: Vacuum-degassed fully stabilized; high-strength low-alloy; and the substrate for motor lamination steel may also enter under the following tariff numbers: 7225.11.00.00, 7225.19.00.00, 7225.30.30.50, 7225.30.70.00, 7225.40.70.00, 7225.99.00.90, 7226.11.10.00, 7226.11.90.30, 7226.11.90.60, 7226.19.10.00, 7226.19.90.00, 7226.91.50.00,

<sup>1</sup> The petitioners are the United States Steel Corporation Steel and Nucor Corporation (collectively "petitioners").

<sup>2</sup> See *Certain Hot-Rolled Carbon Steel Flat Products From India: Notice of Preliminary Results of 2009-2010 Antidumping Duty Administrative Review*, 76 FR 31938 (June 2, 2011) ("Preliminary Results").
