

accountable for the information security program.

- Identify material internal and external risks to the security, confidentiality, and integrity of consumer information that could result in unauthorized disclosure, misuse, loss, alteration, destruction, or other compromise of such information, and assess the sufficiency of any safeguards in place to control these risks.

- Design and implement reasonable safeguards to control the risks identified through risk assessment, and regularly test or monitor the effectiveness of the safeguards' key controls, systems, and procedures.

- Evaluate and adjust its information security program in light of the results of testing and monitoring, any material changes to its operations or business arrangements, or any other circumstances that BJ's knows or has to reason to know may have a material impact on the effectiveness of its information security program.

Part II of the proposed order requires that BJ's obtain within 180 days, and on a biennial basis thereafter, an assessment and report from a qualified, objective, independent third-party professional, certifying, among other things, that: (1) BJ's has in place a security program that provides protections that meet or exceed the

protections required by Part I of the proposed order, and (2) BJ's security program is operating with sufficient effectiveness to provide reasonable assurance that the security, confidentiality, and integrity of consumers' personal information has been protected.

Parts III through VII of the proposed order are reporting and compliance provisions. Part III requires BJ's to retain documents relating to its compliance with the order. Part IV requires dissemination of the order now and in the future to persons with responsibilities relating to the subject matter of the order. Part V requires BJ's to notify the Commission of changes in BJ's corporate status. Part VI mandates that BJ's submit compliance reports to the FTC. Part VII is a provision "sunsetting" the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed order to modify its terms in any way.

By direction of the Commission.

Donald S. Clark,

Secretary.
