

Administrator, National Agricultural Statistics Service, U.S. Department of Agriculture, (202) 720-4333.

SUPPLEMENTARY INFORMATION:

Title: Organic Production Survey.

OMB Control Number: 0535-0249.

Expiration Date of Previous Approval: April 30, 2012.

Type of Request: To revise and extend a currently approved information collection for a period of three years.

Abstract: The primary objective of the National Agricultural Statistics Service (NASS) is to prepare and issue State and national estimates of crop and livestock production, prices, and disposition as well as economic statistics, farm numbers, land values, on-farm pesticide usage, pest crop management practices, as well as the Census of Agriculture. In 2009, NASS conducted the 2008 Organic Production Survey (OMB # 0535-0249). This was originally designed to be conducted once every five years as a follow-on-survey to the Census of Agriculture. The USDA Risk Management Agency (RMA) has made a formal agreement with NASS to conduct this as an annual survey. The pilot survey year would be 2012 for the reference period of 2011. The questionnaire would be similar to what was used in the 2009 survey. Some noticeable changes that would occur in the annual survey include the removal of the organic floriculture and nursery questions and some of the organic production practices questions. In their place we plan to incorporate more commodity specific questions that would be directed at different commodities each year. In the pilot year we plan to target organically grown apples and grapes. Each year as new target commodities are selected for this survey an update will be submitted to OMB containing the non-substantive changes.

The census-based survey will include all known farm operators who produce organically certified crops and/or livestock. The survey will be conducted in all States. Some operational level data will be collected to use in classifying each operation for summary purposes. The majority of the questions will involve production data (acres planted, acres harvested, quantity harvested, quantity sold, value of sale, etc.), production expenses, and marketing practices.

The pilot survey reference date will be the calendar year 2011. Approximately 15,000 operations will be contacted by mail in early January 2012, with a second mailing later in the month to non-respondents. Telephone and personal enumeration will be used

for remaining non-response follow up. The National Agricultural Statistics Service will publish summaries in October 2012 at both the State level and for each major organic commodity when possible. Some State level data may need to be published on regional or national level due to confidentiality rules.

Under the 2008 Farm Bill (Pub. L. 110-246, Section 12023, Part D) some of the duties of the Federal Crop Insurance Corporation (FCIC) are defined as “(i) IN GENERAL.—The Corporation shall submit to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate an annual report on progress made in developing and improving Federal crop insurance for organic crops, including—“(I) the numbers and varieties of organic crops insured; “(II) the development of new insurance approaches; and “(III) the progress of implementing the initiatives required under this paragraph, including the rate at which additional price elections are adopted for organic crops.”

Authority: These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3501, et seq.) and Office of Management and Budget regulations at 5 CFR part 1320.

NASS also complies with OMB Implementation Guidance, “Implementation Guidance for Title V of the E-Government Act, Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA),” **Federal Register**, Vol. 72, No. 115, June 15, 2007, p. 33362.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 30 minutes per response.

Respondents: Farmers and Ranchers.

Estimated Number of Respondents: 15,000.

Estimated Total Annual Burden on Respondents: 7,900 hours.

Copies of this information collection and related instructions can be obtained without charge from David Hancock, NASS Clearance Officer, at (202) 690-2388.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper

performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, January 13, 2011.

Joseph T. Reilly,

Associate Administrator.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 8-2011]

Foreign-Trade Zone 53—Tulsa, OK; Application for Reorganization/Expansion Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the City of Tulsa-Rogers County Port Authority, grantee of FTZ 53, requesting authority to reorganize and expand the zone under the alternative site framework (ASF) adopted by the Board (74 FR 1170-1173, 01/12/09 (correction 74 FR 3987, 01/22/09); 75 FR 71069-71070, 11/22/10). The ASF is an option for grantees for the establishment or reorganization of general-purpose zones and can permit significantly greater flexibility in the designation of new “usage-driven” FTZ sites for operators/users located within a grantee's “service area” in the context of the Board's standard 2,000-acre activation limit for a general-purpose zone project. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on February 1, 2011.

FTZ 53 was approved by the Board on December 7, 1979 (Board Order 151, 44 FR 76382, 12/26/79), and expanded on September 16, 1993 (Board Order 655,

58 FR 50330, 09/27/93). The current zone project includes the following sites: *Site 1* (70 acres)—within the Port of Catoosa, Rogers County; *Site 2* (1,731 acres)—within the Tulsa International Airport, 7777 East Apache, Tulsa (Tulsa County); *Site 3* (750 acres)—within the Mid-America Industrial Park, 4075 Sanders Mitchell Street, Pryor Creek (Mayes County); *Site 4* (160 acres)—Bartlesville Industrial Park, U.S. Highway 60 and Bison Road, Bartlesville (Washington County); and, *Site 5* (500 acres)—Stillwater Industrial Park, located east of U.S. Highway 177, Stillwater (Payne County).

The grantee's proposed service area under the ASF would be Rogers County, Oklahoma. If approved, the grantee would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The proposed service area is within and adjacent to the Tulsa Customs and Border Protection port of entry. The grantee proposes to retain its existing sites (Sites 2–5) located in Tulsa, Mayes, Washington and Payne Counties.

The applicant is requesting authority to reorganize and expand its existing zone project to include all of its existing as "magnet" sites. The applicant is also requesting approval of the following new "magnet" sites: *Proposed Site 6* (550 acres)—Claremore Business and Industrial Park, Lowry Road and Highway 66, Claremore (Rogers County); and, *Proposed Site 7* (525.70 acres)—Claremore Regional Airport Industrial Park, 19502 Rogers Post Road, Claremore (Rogers County). Since the ASF only pertains to establishing or reorganizing a general-purpose zone, the application would have no impact on FTZ 53's authorized subzones.

In accordance with the Board's regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is April 8, 2011. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to April 23, 2011.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230–0002, and in the "Reading

Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>.

For further information, contact Camille Evans at Camille.Evans@trade.gov or (202) 482–2350.

Dated: February 1, 2011.

Andrew McGilvray,
Executive Secretary.

DEPARTMENT OF COMMERCE

International Trade Administration [A–475–818]

Certain Pasta From Italy: Notice of Amended Final Results of the Thirteenth Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On December 27, 2010, the Department of Commerce (the Department) published its final results of the thirteenth administrative review of the antidumping duty order on certain pasta from Italy for the period of review (POR) of July 1, 2008, through June 30, 2009. *See Certain Pasta from Italy: Notice of Final Results of the Thirteenth Antidumping Duty Administrative Review*, 75 FR 81212 (December 27, 2010) (*Final Results*). We are amending our final results to correct ministerial errors made in the calculation of the dumping margin for Pastificio Attilio Mastromauro-Pasta Granoro S.r. L. (Granoro), pursuant to section 751(h) of the Tariff Act of 1930, as amended (the Act).

DATES: *Effective Date:* February 7, 2011.

FOR FURTHER INFORMATION CONTACT: Jolanta Lawska, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482–8362.

SUPPLEMENTARY INFORMATION:

Background

On December 15, 2010, the margin calculations were released to Granoro.¹ On December 17, 2010, pursuant to 19 CFR 351.224(c), Granoro submitted comments alleging ministerial errors, and requested that the Department

correct alleged ministerial errors. No party submitted comments regarding Granoro's request to correct the alleged ministerial errors.

Scope of the Order

Imports covered by this order are shipments of certain non-egg dry pasta in packages of five pounds four ounces or less, whether or not enriched or fortified or containing milk or other optional ingredients such as chopped vegetables, vegetable purees, milk, gluten, diastasis, vitamins, coloring and flavorings, and up to two percent egg white. The pasta covered by this scope is typically sold in the retail market, in fiberboard or cardboard cartons, or polyethylene or polypropylene bags of varying dimensions.

Excluded from the scope of this order are refrigerated, frozen, or canned pastas, as well as all forms of egg pasta, with the exception of non-egg dry pasta containing up to two percent egg white. Also excluded are imports of organic pasta from Italy that are accompanied by the appropriate certificate issued by the Instituto Mediterraneo Di Certificazione, by QC&I International Services, by Ecocert Italia, by Consorzio per il Controllo dei Prodotti Biologici, by Associazione Italiana per l'Agricoltura Biologica, by Codex S.r.L., by Bioagricert S.r.L., or by Istituto per la Certificazione Etica e Ambientale. Effective July 1, 2008, gluten free pasta is also excluded from this order. *See Certain Pasta from Italy: Notice of Final Results of Antidumping Duty Changed Circumstances Review and Revocation, in Part*, 74 FR 41120 (August 14, 2009). The merchandise subject to this order is currently classifiable under items 1902.19.20 and 1901.90.9095 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to the order is dispositive.

Amended Final Results of Review

After analyzing Granoro's comments, we have determined, in accordance with section 751(h) of Act and 19 CFR 351.224, that the Department made a ministerial error in the *Final Results* calculation for Granoro regarding its reported transportation recovery expense (TRANSPRECU). *See Allegation of Ministerial Errors Memorandum*, dated January 28, 2011 (*Ministerial Errors Memo*). The Department finds that in the *Final Results*, we correctly stated that, consistent with our practice, we capped the transportation recovery amounts by the amount of U.S. freight expenses,

¹ On December 27, 2010, the Department published the *Final Results* of this administrative review.
