V. Accelerated Approval of Proposed Rule Change, As Modified by Amendment No. 1

As discussed above, the Exchange submitted Amendment No. 1 to provide further justification as to why the Exchange believes the proposed rule change is consistent with the Act. The Exchange states in Amendment No. 1, among other things, that to the extent a Clearing Member might reasonably require a User to provide access to its risk settings as a prerequisite to continuing to clear trades on the User's behalf, the Exchange's proposal to share those risk settings directly reduces the administrative burden on Users and ensures that Clearing Members are receiving information that is up-to-date and conforms to the settings active in Exchange systems. The Exchange further notes in Amendment No. 1 that any User may become a Clearing Member, which would enable that User to avoid sharing risk settings with any third party. The Commission believes that Amendment No. 1 does not materially affect the substance of the proposed rule change or raise any novel or unique regulatory issues. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2)

of the Act,²⁶ for approving the proposed rule change, as modified by Amendment No. 1, on an accelerated basis.

VI. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²⁷ that the proposed rule change (SR-NYSEArca-2014-110), as modified by Amendment No. 1 thereto, be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁸

[Release No. 34-73817; File No. SR-NYSEMKT-2014-81]

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing of Amendment No. 1 and Order Granting Accelerated Approval of a Proposed Rule Change, as Modified by Amendment No. 1 Thereto, Amending Rule 902.1NY To Authorize the Exchange To Share Any User-Designated Risk Settings in Exchange Systems with the Clearing Member that Clears Transactions on Behalf of the User

December 11, 2014.

I. Introduction

On September 19, 2014, NYSE MKT LLC, ("NYSE MKT" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend Rule 902.1NY to authorize the Exchange to share any User-designated risk settings in Exchange systems with the Clearing Member³ that clears transactions on behalf of the User.⁴ The proposed rule

change was published for comment in the **Federal Register** on October 7, 2014.⁵ On November 19, 2014, the Exchange submitted Amendment No. 1 to the proposed rule change.⁶ On November 21, 2014, pursuant to Section 19(b)(2) of the Exchange Act,⁷ the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.⁸ The Commission received one comment on the proposal.⁹ The Commission is publishing this notice to solicit comments from interested persons on Amendment No. 1 to the proposed rule change and is approving the proposed rule change, as modified by Amendment No. 1 thereto, on an accelerated basis.

II. Description of the Proposal

The Exchange proposes to amend Exchange Rule 902.1NY (Admission to the System) to state that the Exchange may share any User-designated risk settings in the Exchange's System¹⁰ with the Clearing Member that clears transactions on behalf of the User.¹¹

The Exchange states that while not all Users are Clearing Members, all Users require a Clearing Member's consent to clear transactions on their behalf in order to conduct business on the Exchange.¹² The Exchange states that

⁵ See Securities Exchange Act Release No. 73280 (October 1, 2014), 79 FR 60553 ("Notice").

⁶ In Amendment No. 1, the Exchange provided additional justification for why the Exchange believes the proposed rule change is consistent with the Act. In Amendment No. 1, the Exchange states, among other things, that the Exchange believes that sharing a User's risk settings directly with its Clearing Member could reduce the administrative burden on Users to provide that information to their Clearing Members themselves and notes that any User could become a Clearing Member, which would allow the User to avoid sharing its risk settings with any third party. Amendment No. 1 has been placed in the public comment file for SR-NYSEMKT-2014-81 at <http://www.sec.gov/comments/sr-nysemkt-2014-81/nysemkt201481-2.pdf> (See letter to Kevin M. O'Neill, Deputy Secretary, Commission, from Martha Redding, Chief Counsel and Assistant Corporate Secretary, New York Stock Exchange, dated November 20, 2014) and is also available on the Exchange's Web site.

⁸ See Securities Exchange Act Release No. 34-73669, 79 FR 70903 (November 28, 2014). The Commission designated January 5, 2014 as the date by which it should approve, disapprove, or institute proceedings to determine whether to disapprove the proposed rule change.

each User that transacts through a Clearing Member on the Exchange executes a Clearing Letter of Consent, which codifies the relationship between each User and Clearing Member and provides the Exchange with notice of which Clearing Members have relationships with which Users.¹³ The Exchange states that the Clearing Member that guarantees the User's transactions on the Exchange has a financial interest in understanding the risk tolerance of the User, and that the proposal would provide the Exchange with authority to directly provide Clearing Members with information that may otherwise be available to such Clearing Members by virtue of their relationship with the respective Users.¹⁴

The Exchange states that the User-designated risk settings that the Exchange may share with a User's Clearing Member under the proposal are set forth in Exchange Rule 928NY (Risk Limitation Mechanism).¹⁵ The Exchange states that it may adopt additional rules providing for User-enabled risk settings other than those provided in Exchange Rule 928NY that could be shared with a User's Clearing Member under the proposal, and the Exchange would announce these additional risk settings via Trader Update.¹⁶

III. Discussion and Commission Findings

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.¹⁷ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,¹⁸ which requires, among other things, that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market

system, and, in general, to protect investors and the public interest, and Section 6(b)(8) of the Act,¹⁹ which requires that the rules of the exchange do not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

The proposed rule change will allow the Exchange to directly provide a User's designated risk settings to the Clearing Member that clears trades on behalf of the User. The Exchange states that because a Clearing Member that executes a Clearing Letter of Consent on behalf of a User guarantees all transactions of that User, and therefore bears the risk associated with those transactions, it is appropriate for the Clearing Member to have knowledge of what risk settings the User may utilize within the Exchange's systems.²⁰ The Exchange states that the proposal will permit Clearing Members, who have a financial interest in the risk settings of Users with whom the Clearing Member has entered into a Clearing Letter of Consent, to better monitor and manage the potential risks assumed by Users, thereby providing Clearing Members with greater control and flexibility over setting their own risk tolerance and exposure and aiding Clearing Members in complying with the Act.²¹ The Exchange further states that, to the extent a Clearing Member might reasonably require a User to provide access to its risk settings as a prerequisite to continuing to clear trades on the User's behalf, the Exchange's proposal to share those risk settings directly reduces the administrative burden on Users and ensures that Clearing Members are receiving information that is up-to-date and conforms to the settings active in Exchange systems.²²

The Exchange also states that it does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.²³ According to the Exchange, the proposed rule change is not designed to address any competitive issues and does not pose an undue burden on non-Clearing Members because, unlike Clearing Members, non-Clearing Members do not guarantee the execution of the User transactions on the Exchange.²⁴ The Exchange notes further that the proposal is structured to

offer the same enhancement to all Clearing Members, regardless of size, and would not impose a competitive burden on any participant.²⁵ In addition, the Exchange states that any User that does not wish to share its designated risk settings with its Clearing Member could avoid sharing such settings by becoming a clearing member of the Options Clearing Corporation.²⁶ Accordingly, the Commission finds that the proposal to allow the Exchange to directly provide a User's designated risk settings to the Clearing Member that clears trades on behalf of the User, guarantees all transactions of that User, and therefore bears the risk associated with those transactions, is consistent with the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether Amendment No. 1 to the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

V. Accelerated Approval of Proposed Rule Change, As Modified by Amendment No. 1

As discussed above, the Exchange submitted Amendment No. 1 to provide further justification as to why the Exchange believes the proposed rule change is consistent with the Act. The Exchange states in Amendment No. 1, among other things, that to the extent a Clearing Member might reasonably require a User to provide access to its risk settings as a prerequisite to continuing to clear trades on the User's behalf, the Exchange's proposal to share those risk settings directly reduces the administrative burden on Users and ensures that Clearing Members are receiving information that is up-to-date and conforms to the settings active in Exchange systems. The Exchange further notes in Amendment No. 1 that any User may become a Clearing Member, which would enable that User to avoid sharing risk settings with any third party. The Commission believes that Amendment No. 1 does not materially affect the substance of the proposed rule change or raise any novel or unique regulatory issues. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,²⁷ for approving the proposed rule change, as modified by Amendment No. 1, on an accelerated basis.

VI. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²⁸ that the proposed rule change (SR–NYSEMKT–2014–81), as modified by Amendment No. 1 thereto, be and it hereby is, approved on an accelerated basis.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–73821; File No. SR–NYSE–2014–65]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing of Proposed Rule Change Amending Its Continued Listing Requirements in Relation to the Late Filing of a Company's Annual Report With the Securities and Exchange Commission as set Forth in Section 802.01E of the Exchange's Listed Company Manual

December 11, 2014.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b–4 thereunder,³ notice is hereby given that, on December 4, 2014, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its continued listing requirements in relation to the late filing of a company's annual report with the Securities and Exchange Commission ("SEC" or "Commission") as set forth in Section 802.01E of the Exchange's Listed Company Manual (the "Manual"). The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included

statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its continued listing requirements in relation to the late filing of a company's annual report with the SEC as set forth in Section 802.01E (the "Late Filer Rule") of the Manual. As amended, the Late Filer Rule will (i) expand the rule to impose a maximum period within which a company must file a late quarterly report on Form 10–Q in order to maintain its listing and (ii) clarify the Exchange's treatment of companies whose annual or quarterly reports are defective at the time of filing or become defective at some subsequent date.

In its current form, the Late Filer Rule deems a listed company to be delinquent in filing its annual report on Forms 10–K, 20–F, 40–F or N–CSR with the SEC if it fails to submit the filing by the date such report was required to be filed by the applicable form, or if a Form 12b–25 was timely filed with the SEC, the extended filing due date for the annual report. During the six-month period from the date of such delinquency, the Exchange monitors the company and the status of the delinquent annual report, including through contact with the company, until the filing delinquency is cured. If the company fails to cure such delinquency within the initial six-month period, the Exchange may, in its sole discretion, allow the company's securities to be traded for up to an additional six-month period depending on the company's specific circumstances. If the Exchange determines that an additional trading period of up to six months is not appropriate, suspension and delisting procedures are commenced in accordance with the procedures set out in Section 804.00 of the Listed Company Manual.

A company is not currently subject to the compliance periods set forth in the Late Filer Rule in connection with a failure to timely file a quarterly report
