SUPPLEMENTAL INFORMATION:

Title: Payment or Reimbursement for Emergency Services for Nonservice-Connected Conditions in Non-VA Facilities.

OMB Control Number: 2900–0620.

Type of Review: Extension of a currently approved collection.

Abstract: VA has established provisions regarding payment of or reimbursement for reasonable value of non-VA emergency services provided for nonservice-connected conditions of certain veterans who have no medical insurance and no other recourse for payment. VA will make payment or reimbursement only for emergency services provided in a hospital emergency department or a similar facility held out as providing emergency care to the public. Health care providers furnishing emergency treatment who believe they may have a basis for filing a claim with VA for payment should contact VA within 48 hours after the veteran begins receiving emergency treatment for emergency services other than emergency transportation. Such contact is not a condition of VA payment. However, the contact will assist the provider in understanding the condition for payment and assist the provider in planning for transfer of the veteran after stabilization. VA would use the information and certifications submitted to process claims for such reimbursement or payment.
