DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Comment Request

Title: Work Participation and TANF/WIA Coordination Project.

OMB No.: New collection.

Description: The Administration for Children and Families (ACF) is proposing an information collection activity as part of the Work Participation and TANF/WIA Coordination Project.

The proposed information collection consists of semi-structured interviews with key state Temporary Assistance for Needy Families (TANF) and Work Investment Act (WIA) respondents on questions of engagement in additional work activities and expenditures of other benefits and services as well as questions concerning TANF/WIA Coordination. Through this information collection, ACF seeks to elucidate the data presented in reports submitted by states to the ACF Office of Family Assistance (OFA) as required by the Claims Resolution Act of 2010. This collection is separate from the state reports to OFA required by the Act. In addition, it will provide documentation of positive TANF/WIA coordination activities.

Respondents: State administrators responsible for the TANF and WIA Programs.

ANNUAL BURDEN ESTIMATES

Instrument	Annual number of respondents	Number of responses per respondent	Average burden hours per response	Total annual burden hours
Discussion Guide for Use with State TANF officials	40	2	8	640

Estimated Total Annual Burden Hours: 640.

In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L'Enfant Promenade, SW., Washington, DC 20447, *Attn:* OPRE Reports Clearance Officer. *E-mail address:* OPREinfocollection@acf.hhs.gov. All requests should be identified by the title of the information collection.

The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on

respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Dated: March 24, 2011.

Steven M. Hanmer,

Reports Clearance Officer.

BILLING CODE 4184-09-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Evaluation of Adolescent Pregnancy Prevention Approaches—First Follow-up Data Collection.

OMB No.: ICRAS: 0970-0360.

Description: The Administration for Children and Families (ACE), U.S. Department of Health and Human Services (HHS), is proposing a data collection activity as part of the Evaluation of Adolescent Pregnancy Prevention Approaches (PPA). PPA is a random assignment evaluation designed

to result in rigorous evidence on effective ways to reduce teen pregnancy. The evaluation will document and test a range of pregnancy prevention approaches in up to eight program demonstration sites. The findings of the evaluation will be of interest to the general public, to policy makers, and to organizations interested in teen pregnancy prevention.

This request for comment follows on a 60-Day **Federal Register** Public Comment Request Notice, published on Monday, July 12, 2010, pp. 39695–39696, with the document identifier of OS-0990-New.

This proposed information collection activity focuses on collecting follow-up data from a self-administered questionnaire which will be analyzed to determine program effects. Through a survey instrument, respondents will be asked to answer questions about demographics and risk and protective factors related to teen pregnancy.

Respondents: The data will be collected through private, self-administered questionnaires completed by study participants, *i.e.* adolescents assigned to a select school or community teen pregnancy prevention program or to a control group. Surveys will be distributed and collected by trained professional staff.
