Forest Service

Title: Infrastructure Investment and Jobs Act Financial Assistance to Facilities that Purchase and Process Byproducts for Ecosystem Restoration (CFDA 10.725) Wood Products Infrastructure Assistance (WPIA).

OMB Control Number: 0596–NEW.

Summary of Collection: USDA Forest Service is delivering the Wood Products Infrastructure Assistance (WPIA) as part of the Bipartisan Infrastructure Law. Section 40804(b)3 of the Infrastructure Investment and Jobs Act Public Law 117–58 (11/15/2021) directs the USDA Forest Service to provide financial assistance to an entity seeking to establish, reopen, expand, or improve a sawmill or other wood processing facility in close proximity to a unit of federal or Indian land that has been identified as high or very high priority for ecological restoration. According to 2 CFR part 200 and Forest Service Handbook 1509.11, chapter 20, there is certain narrative and budget information required for the Agency to determine if the project meets the legislative

requirements and if the costs are reasonable, allocable, allowable, and necessary for the project. In particular, collection of information is necessary to ascertain if applicants seeking financial assistance do in fact operate facilities in close proximity to a unit of federal or Indian land that has been identified as high or very high priority for ecological restoration.

Forest Service

Title: Temporary Bridge Funding Opportunity (TBFO) Program.

OMB Control Number: 0596–NEW.

Summary of Collection: USDA Forest Service is delivering the Temporary Bridge Funding Opportunity (TBFO) Program as part of the Bipartisan Infrastructure Law. Section 40804(b)5 of the Infrastructure Investment and Jobs Act Public Law 117–58 (11/15/2021) directs the Forest Service to provide funding for States and Indian Tribes to establish rental programs for portable skidder bridges, bridge mats, or other temporary water crossing structures, to minimize stream bed disturbance on non-Federal land and Federal land. According to 2 CFR part 200 and Forest Service Handbook 1509.11, chapter 20, prescribes administrative requirements and processes applicable to all Forest Service domestic and international Federal Financial Assistance awards to State and local governments, institutions of higher education, hospitals, private profit and nonprofit organizations, individuals, and foreign recipients. In particular, collection of information is necessary to ascertain the required needs of applicants to initiate a temporary bridge program to protect water resources and reduce water quality degradation during forestry related operations requiring temporary water resource crossings.

L. 104–13) requires that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)). This notice identifies the following information collection that RHS is submitting to OMB as a revision to an existing collection with Agency adjustment.

Title: 7 CFR part 3550, Direct Single Family Housing Loans and Grant Programs, HB–1–3550, and HB–2–3550.
OMB Control Number: 0572–0172.

Expiration Date of Approval: February 28, 2025.

Type of Request: Revision of a currently approved information collection.

Estimate of Burden: Public reporting for this collection of information is estimated to average .5 hours per response.

Respondents: Individual applicants seeking direct single family housing loan and grants.

Estimated Number of Respondents: 647,777.

Estimated Number of Responses per Respondent: 1.

Estimated Total Number of Responses: 647,777.

Estimated Total Annual Burden on Respondents: 310,496 hours.

Abstract: Through its direct single family housing loan and grant programs (specifically the sections 502 and 504 programs), RHS provides eligible applicants with financial assistance to own adequate but modest homes in rural areas. The financing and servicing are provided directly by RHS. The section 502 direct loan program provides 100 percent loan financing to assist low- and very low-income applicants purchase modest homes in eligible rural areas by providing payment assistance to increase an applicant's repayment ability. The section 504 loan program provides one percent interest rate loans to very low-income homeowners in eligible rural areas to repair, improve, or modernize their home or to remove health and safety hazards. The section 504 grant program provides grants to elderly very low-income homeowners in eligible rural areas to remove health and safety hazards, or accessibility barriers from their home, often in conjunction with a section 504 loan.

This revision includes an increase in the number of burden hours from 305,646 hours to 310,496 hours. This

change is attributed to the adding of a newly simplified section 504-intake form and prequalification process. This form is necessary and will increase program usage while relieving applicant's burden. The reporting burden covered by this collection of information consists of forms, documents, and written burden to support a request for funding for a Direct Single Family Housing Loan and Grant Program.

Applicants must provide the Agency with a uniform residential loan application and supporting documentation (e.g., verification of income, assets, liabilities, etc.) when applying for assistance. The information requested regarding the applicant and the property is vital in order for the Agency to make sound eligibility and underwriting decisions that comply with the laws and regulations that govern the programs. The information requested is comparable to that required by any public or private mortgage lender.

When servicing loans, RHS offers servicing options that are standard to the industry. In addition, RHS offers unique servicing options (e.g., payment subsidies and payment moratoriums) and is required to take unique servicing actions (e.g., review borrowers for their ability to refinance with private credit). Borrowers must provide the Agency with pertinent information when a servicing option/action is requested/required in order for the Agency to make sound servicing decisions that comply with the laws and regulations that govern the programs.

Comments are invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.

(b) The accuracy of the agency's estimate of the burden of the collection of information including the validity of the methodology and assumptions used.

(c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Copies of this information collection can be obtained from Arlette Mussington, Rural Development

Innovation Center—Regulations Management Division, at (202) 720–7853. Email: arlette.mussington@usda.gov.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Administrator, Rural Housing Service.
