

Controlled substance	Drug code	Schedule
5-Methoxy-N-N-dimethyltryptamine .....	7431	I
Dimethyltryptamine .....	7435	I
Psilocybin .....	7437	I
Psilocyn .....	7438	I

The company plans to import the listed controlled substances for research and analytical purposes. The materials will not be used for clinical trials or human consumption. No other activities for these drug codes are authorized for this registration.

Approval of permit applications will occur only when the registrant's business activity is consistent with what is authorized under 21 U.S.C. 952(a)(2). Authorization will not extend to the import of Food and Drug Administration-approved or non-approved finished dosage forms for commercial sale.

**Matthew Strait,**

*Deputy Assistant Administrator.*

**BILLING CODE 4410-09-P**

**DEPARTMENT OF LABOR**

**Agency Information Collection Activities; Submission for OMB Review; Comment Request; Training Plans, New Miner Training, Newly-Hired Experienced Miner Training**

**ACTION:** Notice of availability; request for comments.

**SUMMARY:** The Department of Labor (DOL) is submitting this Mine Safety and Health Administration (MSHA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

**DATES:** The OMB will consider all written comments that the agency receives on or before June 20, 2025.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

**FOR FURTHER INFORMATION CONTACT:** Michael Howell by telephone at 202-693-6782, or by email at [DOL\\_PRA\\_PUBLIC@dol.gov](mailto:DOL_PRA_PUBLIC@dol.gov).

**SUPPLEMENTARY INFORMATION:** Training informs miners of safety and health hazards inherent in the workplace and enables them to identify and avoid such hazards. Training becomes even more important in light of certain conditions that can exist when production demands increase, such as: an influx of new and less experienced miners and mine operators; longer work hours to meet production demands; and increased demand for contractors who may be less familiar with the dangers on mine property.

In addition, with respect to miner health and safety training, Section 115(c) of the Mine Act, 30 U.S.C. 825(c) provides that, upon completion of each training each operator shall certify that the miner has received the specified training in each subject area of the approved health and safety training plan (this information requirement is covered in control number 1205-0009); paragraphs (d) and (e) address the Secretary of Labor's rulemaking authority with respect to miner training.

MSHA's objective in these existing health and safety training requirements is to ensure that all miners receive the required training, which would result in a decrease in accidents, injuries, and fatalities. MSHA enforces training requirements at approximately 11,657 surface nonmetal mines and contractors. For additional substantive information about this ICR, see the related notice published in the *Federal Register* on November 12, 2024 (89 FR 89045).

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an

information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

*Agency:* DOL-MSHA.

*Title of Collection:* Training Plans, New Miner Training, Newly-hired Experienced Miner Training.

*OMB Control Number:* 1219-0131.

*Affected Public:* Private Sector.

*Number of Respondents:* 10,872.

*Number of Responses:* 2,275,623.

*Annual Burden Hours:* 157,458 hours.

*Total Estimated Annual Other Costs Burden:* \$351,967.

**BILLING CODE 4510-43-P**

**DEPARTMENT OF LABOR**

**Occupational Safety and Health Administration**

[Docket No. OSHA 2012-0009]

**Asbestos in Shipyards Standard; Extension of the Office of Management and Budget's (OMB) Approval of Information Collection (Paperwork) Requirements**

**AGENCY:** Occupational Safety and Health Administration (OSHA), Labor.

**ACTION:** Request for public comments.

**SUMMARY:** OSHA solicits public comments concerning the proposal to extend the Office of Management and Budget's (OMB) approval of the information collection requirements specified in the Asbestos in Shipyards Standard.

**DATES:** Comments must be submitted (postmarked, sent, or received) by July 21, 2025.

**ADDRESSES:**

*Electronically:* You may submit comments and attachments electronically at <https://www.regulations.gov>, which is the Federal eRulemaking Portal. Follow the

instructions online for submitting comments.

*Docket:* To read or download comments or other material in the docket, go to <https://www.regulations.gov>. Documents in the docket are listed in the <https://www.regulations.gov> index; however, some information (e.g., copyrighted material) is not publicly available to read or download through the websites. All submissions, including copyrighted material, are available for inspection through the OSHA Docket Office. Contact the OSHA Docket Office at (202) 693-2350 (TTY (877) 889-5627) for assistance in locating docket submissions.

*Instructions:* All submissions must include the agency name and OSHA docket number (OSHA-2012-0009) for the Information Collection Request (ICR). OSHA will place all comments, including any personal information, in the public docket, which may be made available online. Therefore, OSHA cautions interested parties about submitting personal information such as Social Security numbers and birthdates.

For further information on submitting comments, see the “Public Participation” heading in the section of this notice titled **SUPPLEMENTARY INFORMATION**.

#### FOR FURTHER INFORMATION CONTACT:

Seleda Perryman, Directorate of Standards and Guidance, OSHA, U.S. Department of Labor; telephone (202) 693-2222.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The Department of Labor, as part of the continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, the collection instruments are clearly understood, and OSHA’s estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires

that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of effort in obtaining information (29 U.S.C. 657).

The following sections describe who uses the information collected under each requirement, as well as how they use it. The purpose of these requirements are to help employers monitor worker exposure to asbestos, take action to reduce worker exposure to the permissible exposure limit (PEL), monitor worker health, and provide workers with information about their exposure and the health effects of asbestos.

##### II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the agency’s functions to protect workers, including whether the information is useful;
- The accuracy of OSHA’s estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information, and transmission techniques.

##### III. Proposed Actions

OSHA is requesting that OMB extend the approval of the information collection requirements contained in the Asbestos in Shipyards Standard. The agency is requesting an adjustment decrease in burden hours from 1,038 hours to 976 hours, a difference of 62 hours. This decrease is due to a reduction in the number of establishments and employees, as well as a decrease in the estimated number of asbestos-containing materials and presumed asbestos-containing materials in their work environments.

OSHA will summarize the comments submitted in response to this notice and will include this summary in the request to OMB to extend the approval of the information collection requirements.

*Type of Review:* Extension of a currently approved collection.

*Title:* Asbestos in Shipyards Standard.

*OMB Control Number:* 1218-0195.

*Affected Public:* Business or other for-profits.

*Number of Respondents:* 242.  
*Number of Responses:* 3,288.  
*Frequency of Responses:* On occasion.  
*Average Time per Response:* Varies.  
*Estimated Total Burden Hours:* 976.  
*Estimated Cost (Operation and Maintenance):* \$32,859.

##### IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows: (1) electronically at <https://www.regulations.gov>, which is the Federal eRulemaking Portal; or (2) by facsimile (fax), if your comments, including attachments, are not longer than 10 pages you may fax them to the OSHA Docket Office at (202) 693-1648. All comments, attachments, and other material must identify the agency name and the OSHA docket number for the ICR (OSHA-2012-0009). You may supplement electronic submission by uploading document files electronically.

Comments and submissions are posted without change at <https://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information such as Social Security numbers and dates of birth. Although all submissions are listed in the <https://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download from this website. All submission, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <https://www.regulations.gov> website to submit comments and access the docket is available at the website’s “User Tips” link. Contact the OSHA Docket Office at (202) 693-2350, (TTY (877) 889-5627) for information about materials not available from the website, and for assistance in using the internet to locate docket submissions.

##### V. Authority and Signature

Amanda Wood Laihow, Acting Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44 U.S.C. 3506 *et seq.*) and Secretary of Labor’s Order No. 8-2020 (85 FR 58393).

Signed at Washington, DC, on April 29, 2025.

**Amanda Wood Laihow,**

*Acting Assistant Secretary of Labor for Occupational Safety and Health.*
