

for Cost Allocation Plans or Indirect Cost Rate Proposals as well as for the election of the de minimis indirect cost rate.

- The subsection on “Single Audits” has been updated with additional information on the resolution of audit findings, including provisions for FTA technical advice and counsel.

G. Appendices

FTA proposes revisions to the organization of the various appendices in this circular and the three program circulars it would supersede upon becoming final. Appendices have been moved, relabeled, updated, or removed. The revised structure of the appendices and an overview of major updates is included below:

- **Appendix A: Required Prerequisite Documentation**
 - This appendix was added to capture guidance for key documents recipients must certify before receiving awards.
- **Appendix B: Award Development**
 - This appendix was added as a compilation of guidance previously provided across the program circulars. Appendix B is designed to provide instruction for preparing an FTA application, developing an award budget, and information regarding an approved award budget. The appendix covers topics during the pre-application stage, at application submission, for developing an award budget, executing award approvals, a recommended application checklist, and examples related to award management.
- **Appendix C: Post-Award Modification**
 - This appendix was added as a compilation of guidance previously provided across the program circulars. Appendix C has clarifications for common post-award changes. Post-award changes are primarily made through a revision to the award budget, an “administrative” amendment, or an amendment. The appendix provides enhanced guidance on the requirements for prior approval from FTA and more information on when either a budget revision, administrative amendment, or amendment is appropriate.
- **Appendix D: Real Estate Acquisition Management Plan**
 - The updates include minor reorganization of information to clarify elements of a Real Estate Acquisition Management Plan.

- **Appendix F: Rolling Stock Status Report**

- Updates have been made to the list of elements included in the Rolling Stock Status Report to better align with requirements listed in the body of Chapter IV. FTA proposes minor edits to reflect changes made to the subsection “Replacements at the End of the Minimum Useful Life.”

- **Appendix G: Equipment Disposition Scenarios**

- The appendix has been added to consolidate the equipment disposition scenarios previously provided within the body of this circular and the circulars that would be superseded by this circular.

- **Appendix H: Cost Allocation Plans**

- Clarifications have been made to the Submission Requirements subsection to incorporate 2 CFR part 200 reference.
- A section “Cost Allocation Plan Review and Approval” has been added which consolidates the requirements for recipients to submit their Cost Allocation Plan for review and approval.

- **Appendix I: Indirect Cost Rate Proposals**

- Clarifying edits have been made throughout to enhance guidance surrounding the requirements for preparation, submission, and FTA approval of Indirect Cost Rate Proposals.
- References to applicable 2 CFR part 200 requirements have been incorporated.
- Cost Allocation Plan information has been moved incorporated into Appendix H.

Closing

After a review and consideration of the comments provided on the updates proposed, FTA will publish the updated Award Management Requirements circular (C 5010.1) on its website. On October 5, 2023, the Office of Management and Budget (OMB) published a notice of proposed rulemaking (NPRM) in the **Federal Register** to revise 2 CFR part 200 and other OMB guidance for grants and agreements (88 FR 69390). FTA intends to incorporate any changes in 2 CFR part 200 to the extent OMB issues the final rule before FTA publishes the updated circular.

Nuria I. Fernandez,
Administrator.
