Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA–2009–0552; Airspace Docket No. 09–ANM–7]

Establishment of Class E Airspace; Ronan, MT

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes Class E airspace at Ronan, MT. It also makes a minor revision to the legal description of that airspace.

DATES: *Effective Date:* 0901 UTC, December 17, 2009. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Eldon Taylor, Federal Aviation Administration, Operations Support Group, Western Service Center, 1601 Lind Avenue, SW., Renton, WA 98057; telephone (425) 203–4537.

SUPPLEMENTARY INFORMATION:

History

On July 13, 2009, the FAA published in the **Federal Register** a notice of proposed rulemaking to establish additional controlled airspace at Ronan, MT, (74 FR 33381). The additional controlled airspace is necessary to accommodate aircraft using a new Area Navigation (RNAV) Global Positioning System (GPS) Standard Instrument Approach Procedure (SIAP) at Ronan Airport, Ronan, MT, and to improve the safety of Instrument Flight Rules (IFR) aircraft executing the new RNAV GPS SIAP at Ronan Airport, Ronan, MT.

Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Subsequent to publication, the FAA found that the Federal airways reference was not needed.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9T signed August 27, 2009, and effective September 15, 2009, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in that Order.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 by establishing the Class E airspace at Ronan, MT. Controlled airspace is necessary to accommodate IFR aircraft executing a new RNAV (GPS) approach procedure at Ronan Airport, Ronan, MT. This action also deletes reference to excluding airspace within Federal airways in the airport description.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are

necessary to keep them operationally current. Therefore, this regulation: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106 discusses the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes controlled airspace at Ronan Airport, Ronan, MT.

AGENCY: Under Secretary of Defense for Acquisition, Technology, and Logistics, Office of the Deputy Under Secretary of Defense (Installations and Environment), DoD.

ACTION: Interim final rule.

SUMMARY: This part continues to authorize the Homeowners Assistance Program (HAP) to financially compensate eligible military and civilian Federal employee homeowners when the real estate market is adversely affected directly related to the closure or reduction-in-scope of operations due to Base Realignment and Closure (BRAC).

The American Recovery and Reinvestment Act of 2009 expanded the HAP to provide assistance to: Wounded members of the Armed Forces (30% or greater disability), surviving spouses of fallen warriors, and wounded Department of Defense (DoD) civilian homeowners reassigned in furtherance of medical treatment or rehabilitation or due to medical retirement in connection with their disability; Base Realignment and Closure (BRAC) 2005 impacted homeowners relocating during the mortgage crisis; and Service member homeowners undergoing Permanent Change of Station (PCS) moves during the mortgage crisis.

The Department of Defense will provide financial assistance to offset financial losses of homeowners who need to sell their homes in conjunction with PCS moves, base closures, combat injuries, or loss of spouse in the line of duty.

SUPPLEMENTARY INFORMATION: The prompt implementation of the interim final rule is of critical importance in meeting the goals of the Department of Defense to provide financial stability and increase quality of life for those impacted by the mortgage crisis.

The Under Secretary of Defense for Acquisition, Technology, and Logistics has overall responsibility and provides oversight for this program through the Deputy Under Secretary of Defense for Installations and Environment (DUSD(I&E)). The Army, acting as the DoD Executive Agent for administering the HAP and Expanded HAP, uses the Headquarters, U.S. Army Corps of Engineers (HQUSACE) to implement the program.

a. Executive Order 12866, “Regulatory Planning and Review”

Under Executive Order 12866, “Regulatory Planning and Review,” 58 FR 51735 (Oct. 4, 1993), a “significant regulatory action” is subject to Office of Management and Budget (OMB) review and the requirements of Executive Order 12866. Section 3(f) of the Executive Order defines “significant regulatory action” as one that is likely to result in a rule that may:

- (1) Have an annual effect on the economy of \$100 million or more, or may adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local or Tribal governments or communities;

- (2) Create a serious inconsistency or otherwise interfere with an action taken or planned by another agency;

- (3) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs, or the rights and obligations of recipients thereof; or

- (4) Raise novel legal or policy issues arising out of legal mandates, the President’s priorities, or the principles set forth in the Executive Order.

This rule is an economically significant regulatory action under section 3(f) of Executive Order 12866 because it is expected to have an annual effect on the economy of more than \$100 million, and materially alter the budgetary impact of the Homeowners Assistance Program. Accordingly, OMB has reviewed this rule.

b. Sec. 202, Public Law 104-4, “Unfunded Mandates Reform Act”

It has been certified by the DUSD(I&E) that 32 CFR part 239 does not contain a Federal mandate that may result in expenditure by State, local and Tribal governments, in aggregate, or by the private sector, of \$100 million or more in any one year.

c. Public Law 96-354, “Regulatory Flexibility Act” (5 U.S.C. 601)

It has been certified by the DUSD(I&E) that 32 CFR part 239 is not subject to the Regulatory Flexibility Act (5 U.S.C. 601) because it would not, if promulgated, have a significant economic impact on a substantial number of small entities.

d. Public Law 96-511, “Paperwork Reduction Act” (44 U.S.C. Chapter 35)

It has been certified by the DUSD(I&E) that 32 CFR part 239 does impose reporting or recordkeeping requirements under the Paperwork Reduction Act of 1995. These requirements have been submitted to the Office of Management and Budget for approval.

e. Executive Order 13132, “Federalism”

It has been certified by the DUSD(I&E) that 32 CFR part 239 does not have federalism implications, as set forth in Executive Order 13132. This rule does not have substantial direct effects on:

- (1) The States;
- (2) The relationship between the Federal Government and the States; or
- (3) The distribution of power and responsibilities among the various levels of Government.
