

efficient use of energy and in informing non-Federal entities of the Federal experience in energy conservation. The Task Force is composed of Federal energy managers. The purpose of these public Town Hall meetings is to present information related to Federal energy management and reporting requirements. The meetings may also present an opportunity for public comment on activities related to Federal energy management. The Task Force establishes working groups to address specific technical or programmatic issues and to develop new initiatives. It also serves as a forum for sharing lessons learned across Federal agencies.

Issued in Washington, DC, on April 12, 2011.

Jerry Dion,

*Supervisor, Federal Market Development,
Federal Energy Management Program, Office
of Energy Efficiency and Renewable Energy.*

[Docket No. CP11-186-000]

Colorado Interstate Gas Company; Notice of Application for Abandonment

Take notice that on April 8, 2011, Colorado Interstate Gas Company (CIG), Post Office Box 1087 Colorado Springs, CO 80944, filed in Docket No. CP11-186-000, an application under section 7(b) of the Natural Gas Act (NGA) and section 157.5, *et seq.*, of the Federal Energy Regulatory Commission (Commission), requesting authorization to abandon, in place, certain existing compression facilities, with appurtenances, comprising of Unit Nos. 7, 8, 9, 10, 11 and 12 at CIG's Lakin Compressor Station (collectively referred to as the Units), located in Kearny County, Kansas. The motion is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application should be directed to Susan C. Stires, Director, Regulatory Affairs, Post Office Box 1087 Colorado Springs, CO 80944; telephone (719) 667-7514;

facsimile (719) 667-7534; e-mail CIGRegulatoryAffairs@elpaso.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify Federal and State agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all Federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to

the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: May 6, 2011.

Dated: April 15, 2011.

Kimberly D. Bose,
Secretary.
