RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

SUMMARY: In accordance with the requirement of Section 3506 (c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement

Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and Purpose of information collection:

Applicant Background Survey: New information collection.

This information collection is needed to comply with Federal laws and regulations. 5 U.S.C. Chapter 72 § 7201 establishes an anti-discrimination policy. Title VII of the Civil Rights Act of 1964, § 2000e-8 [§ 709], requires agencies to make and keep relevant records to identify unlawful employment practices. 29 CFR part 1602 allows agencies to collect data to determine if there is any adverse impact on employment practices such as recruitment or selection.

The RRB's Equal Employment Office needs to collect data to assess the impact of the agency's recruitment

processes on the hiring of minorities, women and people with disabilities. To obtain the information necessary to conduct a proper assessment, the RRB proposes the use of Form EEO-44, Applicant Background Survey, which will collect information about the racial or ethnic identity, gender and disability of applicants for RRB jobs from outside of the Federal government. Form EEO-44 will only be viewed by RRB Human Resources personnel and Equal Employment Opportunity officials. Summarized data from all external applicants for a position will be used to identify hiring barriers which limit or tends to limit employment opportunities for members of a particular sex, race, or ethnic background, or based on an individual's disability status.

The EEO-44 will contain a "Plain English" assurance that the information will be kept highly confidential and only shared with authorized RRB officials. This assurance will specifically state that the information obtained will be kept as a running tally which cannot be disaggregated into individual names, that information from the form is *not* entered into the RRB's personnel database, that the information will not be provided to selecting officials or any others who can affect the selection, or to the public, and that the forms will be destroyed after the position is filled. The information

maintained will not include the applicant's name or other identifier. Completion of one form will be

requested of each respondent. Completion is voluntary.

Estimate of Annual Respondent Burden

The estimated annual respondent burden is as follows:

Form No.	Annual responses	Time (min)	Burden (hrs)
EEO-44	800	5	67

FOR FURTHER INFORMATION CONTACT: To request more information or to obtain a copy of the information collection justification, form, and/or supporting material, please call the RRB Clearance Officer at (312) 751-3363 or send an e-mail request to Charles.Mierzwa@RRB.GOV. Comments regarding the information collection should be addressed to Ronald J. Hodapp, Railroad Retirement Board, 844 N. Rush Street, Chicago, Illinois 60611-2092 or send an e-mail to Ronald.Hodapp@RRB.GOV. Comments should be received within 60 days of this notice.

Charles Mierzwa,
Clearance Officer.

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available

From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Extension:

Rule 17f-5; SEC File No. 270-259; OMB Control No. 3235-0269.

Rule 17f-7; SEC File No. 270-470; OMB Control No. 3235-0529.

Form N-17D-1; SEC File No. 270-231; OMB Control No. 3235-0229.

Rule 19b-1; SEC File No. 270-312; OMB Control No. 3235-0354.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") requests for extension of the previously approved collections of information discussed below.

Rule 17f-5. Rule 17f-5 under the Investment Company Act of 1940 [15 U.S.C. 80a] ("Investment Company Act" or "Act") governs the custody of the assets of registered management investment companies ("funds") with

custodians outside the United States.¹ Under rule 17f-5, the fund's board of directors must find that it is reasonable to rely on each delegate it selects to act as the fund's foreign custody manager. The delegate must agree to provide written reports that notify the board when the fund's assets are placed with a foreign custodian and when any material change occurs in the fund's custody arrangements. The delegate must agree to exercise reasonable care, prudence, and diligence, or to adhere to a higher standard of care. When the foreign custody manager selects an eligible foreign custodian, it must determine that the fund's assets will be subject to reasonable care if maintained with that custodian, and that the written contract that governs each custody arrangement will provide reasonable care for fund assets. The contract must contain certain specified provisions or others that provide at least equivalent care. The foreign custody manager must establish a system to monitor the contract and the appropriateness of continuing to maintain assets with the eligible foreign custodian.

The collection of information requirements in rule 17f-5 are intended to provide protection for fund assets maintained with a foreign bank custodian whose use is not authorized by statutory provisions that govern fund custody arrangements,² and that is not subject to regulation and examination by U.S. regulators. The requirement that the fund board determine that it is reasonable to rely on each delegate is intended to ensure that the board carefully considers each delegate's qualifications to perform its responsibilities. The requirement that the delegate provide written reports to the board is intended to ensure that the delegate notifies the board of important developments concerning custody arrangements so that the board may exercise effective oversight. The requirement that the delegate agree to exercise reasonable care is intended to

provide assurances to the fund that the delegate will properly perform its duties.

The requirements that the foreign custody manager determine that fund assets will be subject to reasonable care with the eligible foreign custodian and under the custody contract, and that each contract contain specified provisions or equivalent provisions, are intended to ensure that the delegate has evaluated the level of care provided by the custodian, that it weighs the adequacy of contractual provisions, and that fund assets are protected by minimal contractual safeguards. The requirement that the foreign custody manager establish a monitoring system is intended to ensure that the manager periodically reviews each custody arrangement and takes appropriate action if developing custody risks may threaten fund assets.

The Commission's staff estimates that each year, approximately 207 registrants³ could be required to make an average of one response per registrant under rule 17f-5, requiring approximately 2 hours of director time per response, to make the necessary findings concerning foreign custody managers. The total annual burden associated with these requirements of the rule would be up to approximately 414 hours (207 registrants × 2 hours per registrant). The staff further estimates that during each year, approximately 15 global custodians⁴ would be required to make an average of 4 responses per custodian concerning the use of foreign custodians other than depositories. The staff estimates that each response would take approximately 275 hours, requiring approximately 1100 total hours annually per custodian. The total annual burden associated with these requirements of the rule would be approximately 16,500 hours (15 global

³ This figure is an estimate of the number of new funds each year, based on data reported by funds in 2004 on Form N-1A and Form N-2 [17 CFR 274.101]. In practice, not all funds will use foreign custody managers, and the actual figure may be smaller.

⁴ This estimate is the same used in connection with the adoption of the amendments to rule 17f-5 and of rule 17f-7 in 1999, based on staff review of custody contracts and other research. The number of global custodians has not changed significantly since 1999.
