Delegation Order**

February 19, 2002.

The attached Department of Energy
Delegation of Authority Order No. 00–
004.00 lists delegations from the
Secretary of Energy to the Federal
Energy Regulatory Commission. These
new delegations make no substantive
changes to the authority of the
Commission but arrange the delegations
in a more logical format.

Magalie R. Salas,

Secretary.

Department of Energy

[Delegation Order No. 00–004.00]

*To the Federal Energy Regulatory
Commission*

1. Delegation

Under the authority vested in me as
Secretary of Energy (“Secretary”) and
pursuant to sections 642 and 402(e) of
the Department of Energy Organization
Act (Public Law 95–91, 42 U.S.C. 7252)
(the “DOE Act”), I delegate to the
Federal Energy Regulatory Commission
(“Commission”) authority to take the
following actions:

1.1 On a nonexclusive basis to the
Chairman,

A. Administer and manage the
Commission’s personnel (including
members of the Senior Executive
Service) as is not otherwise granted the
Chairman by statute. This authority
delegated to the Chairman for
administration and management of the
Commission’s personnel shall include,
but not be limited to:

1. selection and appointment of
personnel;
2. performance appraisals and
performance appraisal systems;
3. compensation, promotions, awards,
and bonuses;
4. reorganizations, transfers of
functions, reductions in force, and the
standards governing such reductions;
5. removals and disciplinary actions;
and
6. training, travel, and transportation.

B. Enter into, modify, administer,
terminate, close-out, and take such other
action as may be necessary and
appropriate with respect to any
procurement contract, interagency
agreement, financial assistance
agreement, financial incentive
agreement, sales contract, or other
similar action binding the Department

of Energy to the obligation and
expenditure of public funds or the sale
of products and services that are related
to the mission of the Commission. Such
action shall include the rendering of
approvals, determinations, and
decisions, except those required by law
or regulation to be made by other
authority.

C. Serve as the Head of the Procuring
Activity (HPA) for the Federal Energy
Regulatory Commission.

D. Appoint Contracting Officers for
the Commission.

E. Acquire, manage, and dispose of
personal property held by the
Commission for official use by its
employees or contractors.

F. Approve acquisitions of automatic
data processing and
telecommunications equipment and
services.

1.2 Carry out Part I of the Federal
Power Act (Public Law 280, 66th Cong.,
2d Sess., as amended), to the extent that
such authority is not transferred to, and
vested in, the Commission by section
402(a)(1)(A) of the DOE Act, *provided*
that this paragraph delegates (A) section
4 of the Federal Power Act to the extent
the Commission determines the exercise
of such authority is necessary for it to
exercise any function transferred to, and
vested in, the Commission by this
delegation, and (B) section 24 of the
Federal Power Act (relating to the
granting of entry, location, or other
disposition of lands of the United States
reserved or classified as power sites).

1.3 Carry out such functions as are
necessary to implement and enforce the
Secretary’s policy requiring holders of
Presidential permits authorizing the
construction, operation, maintenance, or
connection of facilities for the
transmission of electric energy between
the United States and foreign countries
to provide non-discriminatory open
access transmission services. In
exercising this authority the
Commission is specifically authorized
to utilize the authority of the Secretary
under Executive Order No. 10485, dated
September 3, 1953, as amended by
Executive Order No. 12038, dated
February 3, 1978, and section 202(e) of
the Federal Power Act (FPA) (16 U.S.C.
824a(3)) and such other sections of the
FPA vested in the Secretary as may be
relevant, to regulate access to, and the
rates, terms, and conditions for,
transmission services over permitted
international electric transmission
facilities to the extent the Commission
finds it necessary and appropriate to the
public interest. This authority is
delegated to the Commission for the sole
purpose of authorizing the Commission
to take actions necessary to implement

and enforce non-discriminatory open access transmission service over the United States portion of those international electric transmission lines required by the Secretary to provide such service. Nothing in this delegation shall allow the Commission to revoke, amend, or otherwise modify Presidential permits or electricity export authorizations issued by the Secretary.

1.4 Implement section 202(a) of the Federal Power Act (relating to dividing the country into regional districts).

1.5 Implement section 203 of the Federal Power Act (relating to the disposition, merger or consolidation of facilities and the acquisition of securities);

1.15 Implement section 5(b) of the Natural Gas Act (relating to the investigation and determination of the cost of production or transportation of natural gas), as the Commission

determines appropriate to perform its functions;

[Project No. 2142]

FPL Energy Maine Hydro LLC; Notice of Authorization for Continued Project Operation

February 20, 2002.

On December 28, 1999, FPL Energy Maine Hydro LLC, licensee for the Indian Pond Project No. 2142, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 2142 is located on the Kennebec River in Somerset and Piscataquis Counties, Maine.

The license for Project No. 2142 was issued for a period ending December 31, 2001. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in Section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of Section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to Section 15 of the FPA, notice is hereby given that an annual license for Project No. 2142 is issued to FPL Energy Maine Hydro LLC for a period effective January 1, 2002, through December 31, 2002, or until the issuance of a new license for the project or other disposition under

the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before January 1, 2003, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under Section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to Section 15 of the FPA, notice is hereby given that FPL Energy Maine Hydro LLC is authorized to continue operation of the Indian Pond Project No. 2142 until such time as the Commission acts on its application for subsequent license.

Secretary.
