Records Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as

having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40

CFR 1501.6, made under 18 CFR 385.2201(e) (1) (v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. North American Electric Reliability Corporation, Errata Notice

On June 19, 2014, the Commission issued an "Order Approving Reliability Standard" in the above-captioned proceeding. *North American Electric Reliability Corporation*, 147 FERC ¶ 61,226 (2014) (June 19 Order). Subsequently, on August 29, 2014, the Commission issued a "Commission Information Collection Activities (FERC-725Y); Comment Request" associated with approval of the June 19 Order. (August 29 Comment Request).

This errata notice serves to correct paragraphs 32 and 33 of the June 19 Order, and to make corresponding corrections in the August 29 Comment Request. In paragraph 32 of the June 19 Order, the phrase "approximately 387 entities" is deleted and replaced with the phrase "no more than 1,266

entities" so that the last sentence of paragraph 32 reads as follows:

"The number of unique entities responding will be no more than 1,266 entities registered as a reliability coordinator, balancing authority, transmission operator, transmission owner, or generator operator."

The same correction is made in the paragraph titled "*Estimate of Annual Burden*"³ of the August 29 Comment Request.

In addition, the second (non-heading) row of the chart in paragraph 33 of the June 19 Order labelled "(One-time) Development of a training program [R5]" is deleted and replaced with the following:

"(One-Time) Development of a training program [R5—13 hrs.] & (on-going) record retention [M5 and C.1.2—2 hrs.]."

The same correction is made to the chart following the paragraph titled "*Estimate of Annual Burden*"³ of the August 29 Comment Request.
