[Docket No. CP01-79-000]

#### ANR Pipeline Company; Notice of Application

February 12, 2001.

Take notice that on February 1, 2001, ANR Pipeline Company (ANR), 500 Renaissance Center, Detroit Michigan 48243, filed in Docket No. CP01-79-000, an application, pursuant to section 7(c) of the Natural Gas Act and Part 157 of the Federal Energy Regulatory Commission's Regulations for a certificate of public convenience and necessity authorizing ANR to construct and operate certain pipeline facilities in Wisconsin, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm>. (Call 202-208-2222 for assistance.)

ANR proposes to construct and operate approximately 222 miles of 20-inch diameter pipeline to serve a proposed gas-fired power plant to be constructed by Badger Generating Company, LLC, in Kenosha County, Wisconsin. The proposed facilities consist of 12.8 miles of pipeline looping ANR's Racine Lateral which extends from ANR's mainline in Racine County, Wisconsin, to Kenosha, Wisconsin, and an additional 9.5 miles of pipeline connecting to the power plant. ANR states that the pipeline will enable ANR to provide gas transportation service to the plant and will have a capacity of up to 210 Mmcf of natural gas per day. ANR explains that the proposed facilities are needed to provide a fuel source to a power generation plant that will meet the growing electric generation requirements of the Midwest. ANR estimates the cost of the proposed facilities at approximately \$19.5 million. ANR requests that the FERC issue a certificate by October 2001, so

that the plant may become operational by the summer of 2003.

Any questions regarding this application should be directed to Richard W. Porter, Assistant Vice President, Rates and Regulatory Affairs, at (313) 496-2473, ANR Pipeline Company, 500 Renaissance Center, Detroit, Michigan 48243.

to seek rehearing or appeal the Commission's final order to a Federal court.

The Commission will consider all comments and concerns equally, whether filed by Commenters or those requesting intervenor status. Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate authority is required by the public convenience and necessity.
