

must establish to the satisfaction of USDA that they are in fact importers of cattle, beef, or beef products, pursuant to § 1260.143(b)(2) of the Order (7 CFR 1260.143(b)(2)). Individual importers are encouraged to contact AMS at the above address to obtain further information concerning the nomination process, including the beginning and ending dates of the established nomination period and required nomination forms and background information sheets. Certification and nomination procedures were promulgated in the final rule, published in the April 4, 1986, **Federal Register** (51 FR 11557) and currently appear at 7 CFR 1260.500 through 1260.640. Organizations which have previously been certified to nominate members to the Board do not need to reapply for certification to nominate producers and importers for the upcoming vacancies.

The Act and the Order provide that the members of the Board shall serve for terms of 3 years. The Order also requires USDA to announce when a Board vacancy does or will exist. The following States have one or more members whose terms will expire in early 2003:

State or unit	Number of vacancies
Arkansas	1
California	1
Colorado	1
Florida	1
Idaho	1
Kansas	3
Kentucky	1
Minnesota	1
Missouri	1
Montana	2
Nebraska	3
New Mexico	1
North Dakota	1
Oklahoma	2
Pennsylvania	1
South Dakota	1
Texas	5
Virginia	1
Wyoming	1
Importers	5

Since there are no anticipated vacancies on the Board for the remaining States' positions, or for the positions of the Northeast, Northwest, mid-Atlantic, and Southeast units, nominations will not be solicited from certified organizations or associations in those States or units.

Uncertified eligible producer organizations and general farm organizations in all States that are interested in being certified as eligible to nominate cattle producers for appointment to the listed producer positions, must complete and submit an

official "Application for Certification of Organization or Association," which must be received by close of business April 12, 2002. Uncertified eligible importer organizations that are interested in being certified as eligible to nominate importers for appointment to the listed importer positions must apply by the same date. Importers should not use the application form but should provide the requested information by letter as provided for in 7 CFR 1260.540(b). Applications from States or units without vacant positions on the Board and other applications not received within the 30-day period after publication of this Notice in the **Federal Register** will be considered for eligibility to nominate producers or importers for subsequent vacancies on the Board.

Only those organizations or associations which meet the criteria for certification of eligibility promulgated at 7 CFR § 1260.530 are eligible for certification. Those criteria are:

(a) For State organizations or associations:

(1) Total paid membership must be comprised of at least a majority of cattle producers or represent at least a majority of cattle producers in a State or unit,

(2) Membership must represent a substantial number of producers who produce a substantial number of cattle in such State or unit,

(3) There must be a history of stability and permanency, and

(4) There must be a primary or overriding purpose of promoting the economic welfare of cattle producers.

(b) For organizations or associations representing importers, the determination by USDA as to the eligibility of importer organizations or associations to nominate members to the Board shall be based on applications containing the following information:

(1) The number and type of members represented (i.e., beef or cattle importers, etc.),

(2) Annual import volume in pounds of beef and beef products and/or the number of head of cattle,

(3) The stability and permanency of the importer organization or association,

(4) The number of years in existence, and

(5) The names of the countries of origin for cattle, beef, or beef products imported.

All certified organizations and associations, including those that were previously certified in the States or units having vacant positions on the Board, will be notified simultaneously in writing of the beginning and ending dates of the established nomination

period and will be provided with required nomination forms and background information sheets.

The names of qualified nominees received by the established due date will be submitted to USDA for consideration as appointees to the Board.

The information collection requirements referenced in this notice have been previously approved by the Office of Management and Budget (OMB) under the provisions of 44 U.S.C., Chapter 35 and have been assigned OMB No. 0581-0093, except Board member nominee information sheets are assigned OMB No. 0505-0001.

Fresh Garlic From the People's Republic of China: Final Results of Antidumping Administrative Review and Rescission of New Shipper Review

AGENCY: Import Administration, International Trade Administration, Commerce.

ACTION: Notice of final results of antidumping administrative review and rescission of new shipper review.

SUMMARY: On August 24, 2001, the Department of Commerce published the preliminary results of the new shipper review and the administrative review of the antidumping duty order on fresh garlic from the People's Republic of China. The periods of review are June 1, 2000, through November 30, 2000, and November 1, 1999, through October 31, 2000, respectively. The two reviews have been aligned at the request of the petitioner and the agreement of the new shipper. The new shipper review concerns one new shipper and the administrative review covers four producers/exporters of subject merchandise.

We invited interested parties to comment on our preliminary results. Based on our analysis of the comments received, we have made changes to our analysis for the new shipper review. We have made no changes to the margin determined for the administrative review. The final dumping margins for the administrative review are listed in the section entitled "Final Results of the Review."

EFFECTIVE DATE: March 13, 2002.

SUPPLEMENTARY INFORMATION:

The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department of Commerce's (the Department's) regulations are at 19 CFR Part 351 (2001).

Background

On August 24, 2001, the Department published the preliminary results of the new shipper and administrative review of the antidumping duty order on fresh garlic from the People's Republic of China (the PRC). See *Fresh Garlic from the People's Republic of China; Preliminary Results of Antidumping New Shipper Review, Preliminary Results of Antidumping Duty Administrative Review, and Partial Rescission of Administrative Review*, 66 FR 44596 (August 24, 2001) (*Preliminary Results*). We invited parties to comment on our preliminary results. With respect to the new shipper review, we received comments from the petitioner and the new shipper, Clipper Manufacturing Ltd. (Clipper). We received comments from the petitioner and one of the respondents, Fook Huat Tong Kee Pte., Ltd., and Taian Fook Huat Tong Kee Foods Co., Ltd. (collectively FHTK), that pertained to the administrative review.

We have conducted these reviews in accordance with section 751 of the Act and 19 CFR 351.213 and 351.214.

Scope of the Order

The products covered by this antidumping duty order are all grades of garlic, whole or separated into constituent cloves, whether or not peeled, fresh, chilled, frozen, provisionally preserved, or packed in water or other neutral substance, but not prepared or preserved by the addition of other ingredients or heat processing. The differences between grades are based on color, size, sheathing, and level of decay.

The scope of this order does not include the following: (a) Garlic that has been mechanically harvested and that is primarily, but not exclusively, destined for non-fresh use; or (b) garlic that has been specially prepared and cultivated prior to planting and then harvested and otherwise prepared for use as seed.

The subject merchandise is used principally as a food product and for seasoning. The subject garlic is

currently classifiable under subheadings 0703.20.0010, 0703.20.0020, 0703.20.0090, 0710.80.7060, 0710.80.9750, 0711.90.6000, and 2005.90.9700 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this order is dispositive. In order to be excluded from the antidumping duty order, garlic entered under the HTSUS subheadings listed above that is (1) mechanically harvested and primarily, but not exclusively, destined for non-fresh use or (2) specially prepared and cultivated prior to planting and then harvested and otherwise prepared for use as seed must be accompanied by declarations to the Customs Service to that effect.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to the administrative review are addressed in the "Issues and Decision Memorandum for the Administrative Review of Fresh Garlic from the People's Republic of China" (Decision Memo) from Richard W. Moreland, Deputy Assistant Secretary, to Faryar Shirzad, Assistant Secretary, dated March 6, 2002, which is hereby adopted by this notice. All issues raised by parties concerning the *bona fides* of Clipper's sale and the Department's decision to rescind the new shipper review are addressed in the "Issues and Decision Memorandum: New Shipper Review of Clipper Manufacturing Ltd." (Clipper Decision Memo) from Richard W. Moreland, Deputy Assistant Secretary, to Faryar Shirzad, Assistant Secretary, dated March 6, 2002, which is hereby adopted by this notice. A list of the issues which parties raised and to which we responded in the Decision Memo and Clipper Decision Memo is attached to this notice as an Appendix. The Decision Memo and Clipper Decision Memo are public documents and are on file in the Central Records Unit (CRU), Main Commerce Building, Room B-099, and are accessible on the Web at ia.ita.doc.gov. The paper copies and electronic versions of both memoranda are identical in content.

Separate Rates

In our preliminary results, we found that Clipper and FHTK met the criteria for the application of separate antidumping duty rates. Because we are rescinding the new shipper review, we are not making a final determination as to whether Clipper is entitled to a separate rate at this time. With respect to FHTK, we have not received any
