Pesticides; Draft Guidance for Pesticide Registrants on Submitting Requests for Threshold of Regulation (TOR) Decisions and Draft Standard Operating Procedures for Making TOR Decisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: The Agency is announcing the availability of and seeking public comment on a draft Pesticide Registration Notice (PR-Notice) entitled "Guidance for Submitting Requests for Threshold of Regulation (TOR) Decisions." PR-Notices are issued by the Office of Pesticide Programs (OPP) to inform pesticide registrants and other interested persons about important policies, procedures and registration related decisions, and serve to provide guidance to pesticide registrants and OPP personnel. This particular draft PR-Notice provides guidance to the registrant concerning procedures to use when a registrant or other person wants the Agency to determine whether a use of a pesticide in a location and manner that has the possibility of resulting in residues in food qualifies under the Agency's October 27, 1999 "Threshold of Regulation" policy. If EPA concludes a use is below the threshold of regulation, no tolerance or tolerance exemption would be required. The Agency also seeks public comment on draft Standard Operating Procedures for implementing the TOR policy.
