Federal Register

Vol. 65, No. 152

Monday, August 7, 2000

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF COMMERCE

Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Quarterly Survey of State & Local Tax Revenue.

Form Number(s): F-71, F-72, F-73.

Agency Approval Number: 0607-0112.

Type of Request: Extension of a currently approved collection.

Burden: 5,957 hours.

Number of Respondents: 5,906.

Avg Hours Per Response: 15 minutes.

Needs and Uses: The Census Bureau is requesting a three-year extension of the current expiration date of the Quarterly Survey of State & Local Tax Revenue. These tax collections, amounting to nearly \$700 billion annually, constitute almost one-half of all governmental revenues. Quarterly measurement of and reporting on these massive fund flows provides valuable insight into trends in the national economy and that of individual states. Information collected on the type and quantity of taxes collected gives comparative data on how the various levels of government fund their public sector obligations. These data are included in the quarterly estimates developed by the Bureau of Economic Analysis and are widely used by state revenue and tax officials, academicians, media representatives, and others.

The Census Bureau uses three forms to collect state and local government tax data for this long established data series. The Quarterly Survey of Property Tax Collections (form F-71) is sent to 5,800 local government tax collecting agencies in 530 county areas. While some counties are served by a single county

level tax-collecting agency, others have county, city, township, and even school district collectors. Each agency is asked to report the total property tax collections during the past quarter (regardless of which governments ultimately receive the monies).

Form F-72, State Tax Collections-Quarterly Survey, is sent to a state level revenue, finance, or budget agency in each state to report tax collection data for the preceding 3-month period.

The Quarterly Survey-Selected Local Taxes (form F-73) goes to 55 local tax collecting agencies known to have substantial collections of local general sales and/or local individual income taxes.

Affected Public: State, local or Tribal government.

Frequency: Quarterly.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 USC, Section 182.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, DOC Forms Clearance Officer, (202) 482-3129, Department of Commerce, room 6086, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at LEngelme@doc.gov).

Written comments and recommendations for the proposed information collection should be sent on or before September 6, 2000, to Susan Schechter, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: August 1, 2000.

Madeleine Clayton,

Management Analyst, Office of the Chief Information Officer.

DEPARTMENT OF COMMERCE

Census Bureau

Report of Privately-Owned Residential Building or Zoning Permits Issued (Building Permits Survey)

ACTION: Proposed collection; comment request.

SUMMARY: The Department of Commerce, as part of its continuing

effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before October 6, 2000.

ADDRESSES: Direct all written comments to Linda Engelmeier, Departmental Forms Clearance Officer, Department of Commerce, Room 6086, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at LEngelme@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to G. Daniel Sansbury, Census Bureau, Room 2105, FOB 4, Washington, DC 20233-6900, (301) 457-1321 (or via the Internet at g.daniel.sansbury@ccmail.census.gov).

SUPPLEMENTARY INFORMATION

I. Abstract

The Census Bureau plans to request a three year extension of the currently approved Form C-404, Building Permits Survey. The Census Bureau produces statistics used to monitor activity in the large and dynamic construction industry. Given the importance of this industry, several of the statistical series are key economic indicators. Two such series are: (a) Housing Units Authorized by Building Permits; and (b) Housing Starts. Both are based on data from samples of permit-issuing places. These statistics help state and local governments and the Federal Government, as well as private industry, to analyze this important sector of the economy.

The Census Bureau uses Form C-404 to collect data to provide estimates of the number and valuation of new residential housing units authorized by building permits. We use the data, a component of the index of leading economic indicators, to estimate the number of housing units started, completed, and sold, if single-family, and to select samples for the Census Bureau's demographic surveys. Policymakers, planners, businessmen/women, and others use the detailed

geographic data collected from state and local officials on new residential construction authorized by building permits to monitor growth and plan for local services and to develop production and marketing plans. The Building Permits Survey is the only source of statistics on residential construction for states and smaller geographic areas.

II. Method of Collection

We collect this information by mail and electronically through files we download or receive on diskettes.

Monthly, we collect this information by mail for 8,170 permit-issuing jurisdictions and electronically for 550 jurisdictions. Annually, we collect this information by mail for 10,180 jurisdictions.

III. Data

OMB Number: 0607-0094.

Form Number: C-404.

Type of Review: Regular submission.

Affected Public: State and local governments.

Estimated Number of Respondents: 18,900.

Estimated Time per Response: 16 minutes for monthly respondents who report by mail, 3 minutes for monthly respondents who report electronically, and 25 minutes for annual respondents who report by mail.

Estimated Total Annual Burden Hours: 30,716.

Estimated Total Annual Cost: \$507,121.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13, United States Code, section 182.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: August 1, 2000.

Madeleine Clayton,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-07-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 080100B]

Northeast Region Permit Family of Forms

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Proposed collection; comment request.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before October 6, 2000.

ADDRESSES: Direct all written comments to Linda Engelmeier, Departmental Forms Clearance Officer, Department of Commerce, Room 6086, 14th and Constitution Avenue NW, Washington, DC 20230 (or via Internet at lengelme@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instruments(s) and instructions should be directed to Allison Ferreira, NMFS, 1 Blackburn Drive, Gloucester, MA 01930 (978-281-9103).

SUPPLEMENTARY INFORMATION:

I. Abstract

Any individual or organization participating in Federally-controlled fisheries is required to obtain permits. The purpose and use of permits is to: (1) Register fishermen, fishing vessels, fish dealers and processors, (2) list the characteristics of fishing vessels and/or dealer/processor operations, (3) exercise influence over compliance (e.g. withhold issuance pending collection of unpaid penalties), (4) provide a mailing list for the dissemination of important information to the industry, (5) register participants to be considered for limited entry, and (6) provide a universe for data collection samples. Identification

of the participants, their gear types, vessels, and expected activity levels is an effective tool in the enforcement of fishery regulations. This information is needed to measure the consequences of management controls as well. Participants in certain fisheries may also be required to notify NOAA before fishing trips for the purpose of observer placement and to make other reports on fishing activities.

II. Method of Collection

Initial permit applications are made by form. After initial permit issuance, a pre-printed permit renewal form is generated via computer using current permit information. This form is then sent to the permit holder for updating. If no changes to the pre-printed form are required, the applicant simply needs to sign the form and return it with any other information (i.e. current state registration or Coast Guard document) required for permit renewal.

Automated reporting by means of a vessel monitoring system (VMS) is required for all vessels issued a full-time or part-time limited access sea scallop permit, or issued an occasional limited access sea scallop permit when fishing under the Georges' Bank Exemption Program, or scallop vessels fishing under the small dredge program. All remaining limited access multispecies, monkfish, and scallop vessels are required to report via a call-in system. Vessel owners issued a limited access multispecies, monkfish, occasional scallop, or combination permit may voluntarily elect to use the VMS in place of the call-in system. This reporting is required in order to monitor: (1) Usage of days-at-sea allocations, (2) compliance with vessel layover requirements, (3) compliance with "days-out-of-the-fishery" requirements, (4) compliance with closed area regulations, and (5) compliance with exempted fishery regulations.

III. Data

OMB Number: 0648-0202.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Businesses and other for-profit organizations; individuals or households; and State, Local or Tribal Governments.

Estimated Number of Respondents: 43,203.

Estimated Time Per Response: Preprinted renewal forms require an estimated 15 minutes to complete, while an initial application requires an estimated 30 minutes per response. In order to obtain an Atlantic Bluefish Vessel permit an applicant would need
