

Procedure (18 CFR 385.211 and 385.214).

Absent a request to be heard in opposition within this period, Meriden Turbines is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Meriden Turbines, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Meriden Turbines' issuances of securities or assumptions of liability.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is March 7, 2002.

Copies of the full text of the Order are available from the Commission's Public Reference Branch, 888 First Street, NE., Washington, DC 20426. Natural Gas Pipeline Company of America; Notice of Request Under Blanket Authorization

February 28, 2002.

Take notice that on February 19, 2002, Natural Gas Pipeline Company of America (Natural), 747 East 22nd Street, Lombard, Illinois 60148, filed in Docket No. CP02-88-000 a request pursuant to Sections 157.205 and 157.214 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 157.214) for authorization to increase the maximum certificated inventory of gas at the Cooks Mills Storage Field, in Coles and Douglas Counties, Illinois

from 5,200 MMCF to 6,400 MMCF, under Natural's blanket certificate issued in Docket No. CP82-402-000 pursuant to section 7 of the Natural Gas Act, all as more fully set forth in the request which is on file with the Commission and open to public inspection. This filing may be viewed on the Web at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" from the RIMS Menu and follow the instructions (please call 202-208-2222 for assistance).

Natural proposes to increase the maximum certificated inventory at Cooks Mills from 5,200 MMCF to 6,400 MMCF by increasing the maximum bottom-hole reservoir pressure from 846 psia to 1,017 psia. Natural's request is based on the strong market demand for Natural's NSS service and the recognition that the Cooks Mills field has the characteristics to safely increase the total inventory level. Natural will not be required to construct any new facilities as part of this proposal.

Any questions regarding the prior notice request should be directed to Floyd Hofstetter, Vice President, Storage Operations 747 East 22nd Street, Lombard, Illinois, 60148, at (630) 691-3660.

Any person or the Commission's staff may, within 45 day after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205), a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the Natural Gas Act. Comments, protests and interventions may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

[Docket No. ER02-580-000]

Pawtucket Power Associates, LP; Notice of Issuance of Order

February 28, 2002.

Pawtucket Power Associates, LP (PPA) submitted for filing a tariff under which PPA will engage in the sale of energy and capacity at market-based rates and for the reassignment of transmission capacity. PPA also requested waiver of various Commission regulations. In particular, PPA requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by PPA.

On February 5, 2002, pursuant to delegated authority, the Director, Office of Markets, Tariffs and Rates-East, granted requests for blanket approval under Part 34, subject to the following:

Any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by PPA should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214).

Absent a request to be heard in opposition within this period, PPA is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of PPA, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of PPA's issuances of securities or assumptions of liability.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is March 7, 2002.
