

habitat restoration project managers and will be accessible to the public via internet. The collection method includes paper or electronic forms, not web-based data entry.

This is not a new information collection, but a reinstatement of the same information collection that was owned by the National Oceanic and Atmospheric Administration and approved under OMB Control Number 0648–0479. It has been determined that responsibility for Paperwork Reduction Act (PRA) compliance should be transferred to USACE because it oversees all projects currently funded through the ERA. All anticipated future projects will be managed by USACE as well. No information will be collected until this information collection request is approved by OMB, bringing the Estuary Habitat Restoration Program Inventory back into compliance with the PRA.
