ENVIRONMENTAL PROTECTION AGENCY

Proposed Consent Decree Modification, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Proposed Modification to Consent Decree; Request for Public Comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended (“Act”), 42 U.S.C. 7413(g), notice is hereby given of a proposed modification to a consent decree, to address a lawsuit filed by Environmental Defense:

Environmental Defense v.

Environmental Protection Agency, No. C 05 2090 (N.D.Cal.). On June 6, 2005, plaintiff Environmental Defense filed a complaint claiming that EPA had failed to perform a nondiscretionary duty to either grant or deny, within eighteen months of receipt, an August 11, 2003 petition submitted to EPA by Environmental Defense asking the Administrator to list diesel engine exhaust as a hazardous air pollutant under section 112(b)(3) of the Clean Air Act, 42 U.S.C. 7412(b)(3). Under the terms of the initial consent decree, EPA agreed to sign a notice for publication in

the **Federal Register** that contained either a proposal to grant (in whole or in part) or a final determination that denies the petition by June 12, 2006. If EPA proposed to grant the petition, then EPA agreed to sign a final notice for publication in the **Federal Register** either granting or denying (in whole or in part) the petition by May 1, 2007. The original deadlines have been extended to January 7, 2008 and April 2, 2008, respectively, as a result of previous modifications to the original consent decree. Under the terms of the proposed modification, the deadlines above would be changed, respectively, to August 11, 2010 and May 11, 2011. However, EPA will not have to act on Environmental Defense’s petition if EPA signs a notice for publication in the **Federal Register** of a proposed rule proposing to establish emissions standards for the emission of hazardous air pollutants from existing non-emergency stationary diesel engines of 300 horsepower or greater manufactured prior to 1996 pursuant to section 112 of the Clean Air Act, 42 U.S.C. 7412 by February 25, 2009, and signs a notice for publication in the **Federal Register** of a final rule establishing emission standards for such engines by February 10, 2010.

DATES: Written comments on the proposed consent decree modification must be received by *November 29, 2007*.

ADDRESSES: Submit your comments, identified by Docket ID number EPA–HQ–OGC–2007–1070, online at <http://www.regulations.gov> (EPA’s preferred method); by e-mail to oei.docket@epa.gov; mailed to EPA Docket Center, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave., NW., Washington, DC 20460–0001; or by hand delivery or courier to EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC, between 8:30 a.m. and 4:30 p.m. Monday through Friday, excluding legal holidays. Comments on a disk or CD–ROM should be formatted in Word or ASCII file, avoiding the use of special characters and any form of encryption, and may be mailed to the mailing address above.

FOR FURTHER INFORMATION CONTACT: Michael Horowitz, Air and Radiation Law Office (2344A), Office of General Counsel, U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone: (202) 564–5583; fax number (202) 564–5603; e-mail address: horowitz.michael@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Consent Decree

The consent decree modification would establish new deadlines by which date EPA must either grant or deny Environmental Defense’s petition to list diesel exhaust as a hazardous air pollutant under section 112 of the CAA. Under the proposed modification, no later than August 11, 2010, EPA shall sign a notice for publication in the **Federal Register** either a proposal to grant or a final determination to deny the petition with a written explanation of the reasons for EPA’s decision. If EPA proposes to grant the petition, then no later than May 11, 2011, EPA shall sign a final notice for publication in the **Federal Register** either granting or denying the petition. However, EPA will not have to act on Environmental Defense’s petition if EPA signs a notice for publication in the **Federal Register** of a proposed rule proposing to establish emissions standards for the emission of hazardous air pollutants from existing non-emergency stationary diesel engines of 300 horsepower or greater manufactured prior to 1996 pursuant to section 112 of the Clean Air Act, 42 U.S.C. 7412 by February 25, 2009, and signs a notice for publication in the **Federal Register** of a final rule establishing emission standards for such engines by February 10, 2010.

For a period of thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the proposed modification to the consent decree from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines, based on any comment which may be submitted, that consent to the consent decree modification should be withdrawn, the terms of the modification will be affirmed.
