

costs are classified by budget category. The FY2000 totals are expected to be readily available in computer files from which they can be extracted and sent in by e-mail or by mail on either computer-readable diskette or a few pages of computer printout. Sponsor characteristics are expected to be known by State agency staff or easily extracted from files and will be reportable on a form provided to each State office that may be completed electronically or by hand. Burden is minimized by collecting sponsoring organization information from the State agencies rather than from each of the 1,138 individual sponsoring organizations.

*Estimate of Burden:* We estimate the burden to each State agency to be as follows:

Retrieval, compilation, and sending of electronic information on all its sponsoring organizations—2 hours.

Clerical time to locate, copy, compile, and send information on each sponsoring organization that is not electronically available—30 minutes for each sponsor file.

*Respondents:* Respondents include staff of State agencies that administer the CACFP.

*Estimated Number of Respondents:* 53 agencies in total; including 49 State agencies, the Mid-Atlantic FNS Regional Office that administers the CACFP in Virginia, and the CACFP agencies in the District of Columbia, Puerto Rico, and Guam.

*Estimated Total Annual Burden on Respondents:* Total of 675 hours.

*Comments:* Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and the assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technology. Comments should be sent to the address stated in the preamble. All responses to this notice will be summarized and included in the request for Office of Management and Budget (OMB) approval. All comments will also become a matter of public record.
