Title: Reporting Requirements Under EPA's Climate Leaders Program (EPA ICR Number 2100.01). This is a request for a new collection.

Abstract: Climate Leaders is an EPA-sponsored, voluntary program that encourages companies to undertake greenhouse gas (GHG) reduction goals and to develop a corporate GHG inventory to demonstrate progress towards that goal. It is run through EPA's Climate Protection Partnerships Division (CPPD) in the Office of Air & Radiation. Companies report their GHG inventories to EPA on an annual basis to demonstrate their progress toward their GHG reduction goal. This reporting allows EPA to offer highly credible public recognition to companies that have demonstrated leadership by meeting or exceeding their goals.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15, and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 73 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions;

develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: large companies/private entities.

Estimated Number of Respondents: 70.

Frequency of Response: annual.

Estimated Total Annual Hour Burden: 5,114 hours.

Estimated Total Annual Cost: \$433,390, includes \$5,810 annualized capital or O&M costs.

Changes in the Estimates: This is a new information collection, and as such, this section is not applicable.

Dated: May 8, 2003.

Director, Collection Strategies Division.
