OFFICE OF MANAGEMENT AND BUDGET

OMB Circular A-110, "Grants and Agreements with Institutions of Higher Education, Hospitals and Other Non-Profit Organizations"

AGENCY: Office of Management and Budget, Executive Office of the President.

ACTION: Advance Notice of Proposed Revision.

SUMMARY: This advance notice seeks comments on a proposal by the Grants Management Committee of the Chief Financial Officer's Council that would ask OMB to amend Circular A-110, "Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations." The amendment would require Federal awarding agencies to offer recipients the option to request cash advances on a "pooled" basis. Before making this recommendation, the Council seeks comments from recipients and Federal agencies on the merits of pooled payment systems and grant-by-grant payment systems.

DATES: Comments must be received by June 30, 2000.

ADDRESSES: Comments should be addressed to: F. James Charney, Policy Analyst, Office of Management and Budget, Room 6025, New Executive Office Building, Washington, DC 20503. Comments may be submitted via e-mail (grants@omb.eop.gov), but must be made in the text of the message and not as an attachment. The full text of Circular A-110 may be obtained by accessing OMB's home page (<http://www.whitehouse.gov/omb>), under the heading "Grants Management."

FOR FURTHER INFORMATION CONTACT: Gary Maupin, Chief Financial Officer, Food and Nutrition Service, United States Department of Agriculture, at (703) 305-2046.

SUPPLEMENTARY INFORMATION: Section 22(c) of the Circular provides that "whenever possible, advances shall be consolidated to cover anticipated cash needs for all awards made by the Federal awarding agency to the recipient." The Chief Financial Officers Council (Council) is considering whether to recommend an amendment to the Circular that would expand on this provision by requiring agencies to offer a pooled payment procedure (where cash advances are requested from a "pool" of grants rather than on a grant-by-grant basis) as an option for recipients in requesting cash advances under Federal awards. Under either method, however, a recipient must maintain systems that minimize the time elapsing between the receipt of Federal advance payments and their disbursement for program purposes. This issue emerged from the work of the Council's Grants Management Committee as it considered a proposal to formally incorporate a pooled payment process into the Federal Government's body of accounting standards.
