DEPARTMENT OF ENERGY

Office of Fossil Energy; Unconventional Resources Technology Advisory Committee: Solicitation of Nominations for Appointment as a Member to the Unconventional Resources Technology Advisory Committee

AGENCY: Department of Energy.

ACTION: Notice.

SUMMARY: The U.S. Department of Energy (DOE) Office of Fossil Energy is soliciting nominations for candidates to serve as members of the Unconventional Resources Technology Advisory Committee. The Advisory Committee advises the Secretary of Energy on the development and implementation of programs under Subtitle J, Section 999 of the Energy Policy Act of 2005 (EPACT) related to onshore unconventional natural gas and other petroleum resources, and reviews and provides written comments on the annual plan as also described in this subtitle of the EPACT. The membership of the Advisory Committee must be in accordance with the provisions of the Federal Advisory Committee Act and some members of the Advisory Committee may be appointed as special Government employees of the Department of Energy.

DATES: Nominations must be received by May 2, 2008.

FOR FURTHER INFORMATION CONTACT: For information regarding this Request for Nominations please contact Ms. Elena Melchert, Mr. Bill Hochheiser, or Mr. James Slutz, Designated Federal Official (DFO), Unconventional Resources Technology Advisory Committee, at UnconventionalResources@hq.doe.gov or (202) 586–5600. Complete text of Subtitle J, Section 999 of the Energy Policy Act of 2005 can be found on the DOE Office of Fossil Energy Web site at <http://www.fe.doe.gov/programs/oilgas/advisorycommittees/UnconventionalResources.html>.

SUPPLEMENTARY INFORMATION:

Background: Under Subtitle J, Section 999, the Secretary of Energy is required to carry out a program of research,

development, demonstration, and commercial application of technologies for ultra-deepwater and unconventional natural gas and other petroleum resource exploration and production, including addressing the technology challenges for small producers, safe operations, and environmental mitigation (including reduction of greenhouse gas emissions and sequestration of carbon). The activities should maximize the value of natural gas and other petroleum resources of the United States by increasing the supply of such resources, through reducing the cost and increasing the efficiency of exploration for and production of such resources, while improving safety and minimizing environmental impacts. In support of this subtitle, the Secretary will contract with a corporation that is structured as a program consortium [REF: Energy Policy Act of 2005, Pub. L. 109–58, Section 999B, 119 Stat. 917–921] to administer the activities outlined above.

The program includes improving safety and minimizing environmental impacts of activities onshore unconventional natural gas and other petroleum resource exploration and production technology. Projects focus on areas including advanced coalbed methane, deep drilling, natural gas production from tight sands, natural gas production from gas shales, stranded gas, innovative exploration and production techniques, enhanced recovery techniques, and environmental mitigation of unconventional natural gas and other petroleum resources exploration and production. The Secretary is also required to prepare an annual plan that describes the ongoing and prospective activities of the program.

In May 2006, the Secretary established the Unconventional Resources Technology Advisory Committee to advise the Department on the development and implementation of programs related to unconventional natural gas and other petroleum resources, and to review and comment on the annual plan. The process of re-chartering this committee is currently underway.

Qualifications for membership of this committee include: (A) Employees or representatives of independent producers of natural gas and other petroleum, including small producers; (B) individuals with extensive research experience or operational knowledge of unconventional natural gas and other petroleum resource exploration and production; (C) individuals broadly representative of the affected interests in unconventional natural gas and other

petroleum resource exploration and production, including interests in environmental protection and safe operations; (D) individuals with expertise in the various geographic areas of potential supply of unconventional onshore natural gas and other petroleum in the United States; (E) no individuals who are Federal employees; and (F) no individuals who are board members, officers, or employees of the program consortium [REF: Energy Policy Act of 2005, Pub. L. 109–58, Section 999D(b)(2), 119 Stat. 922–923].

How to Apply: Candidates who wish to be considered for appointment to the Committee should provide the following information by May 2, 2008. The format to be used for nomination is a resume that addresses the specific qualification criteria stated in Section 999D(b)(2) of the EPACT and other information. Details and specifications for preparing the resume are summarized below and can be found at <http://www.fe.doe.gov/programs/oilgas/advisorycommittees/UnconventionalResources.html>.
