

requirements and irrigation water demands as follows: (1) lower flow requirements: when the required releases are less than the Narrows 1 powerhouse's current capacity, only Narrows 1 powerhouse operates; (2) moderate flow requirement up to 900 cfs: when the required releases exceed the Narrows 1 powerhouse's capacity but under 900 cfs, the Narrows 1 powerhouse operates at full capacity. The remaining required release is provided via Narrows 2 full or partial bypass; (3) high flow requirement over 900 cfs: when the release is over 900 cfs, the Narrows 2 powerhouse operates either independently or in conjunction with Narrows 1; (4) transitioning Narrows 1 online: if Narrows 2 is operating but Narrows 1 needs to come online, synchronization to the grid occurs while reducing Narrows 2 output; (5) as Narrows 1 gradually increases its load and water releases, Narrows 2 decreases its release to maintain the overall required flow; and (6) transitioning Narrows 2 online: if Narrows 1 is operating and Narrows 2 needs to come online, synchronization to the grid occurs while reducing Narrows 1 output, allowing Narrows 2 to supplement Narrows 1 load to meet the release requirements.

l. Copies of the application can be viewed on the Commission's website at <https://www.ferc.gov>, using the "eLibrary" link. Enter the project's docket number, excluding the last three digits in the docket number field, to access the document. For assistance, contact FERC Online Support.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202)502-6595, or at OPP@ferc.gov.

m. Scoping Process

Pursuant to the National Environmental Policy Act (NEPA), Commission staff intends to prepare either an environmental assessment

(EA) or an environmental impact statement (EIS) (collectively referred to as the "NEPA document") that describes and evaluates the probable effects, including an assessment of the site-specific and cumulative effects, if any, of the proposed action and alternatives. The Commission's scoping process will help determine the required level of analysis and satisfy the NEPA scoping requirements, irrespective of whether the Commission issues an EA or an EIS.

Scoping Meetings

Commission staff will hold two public scoping meetings to receive input on the scope of the NEPA document. An evening meeting will focus on receiving input from the public and a daytime meeting will focus on the concerns of resource agencies, non-governmental organizations (NGOs), and Indian Tribes. We invite all interested agencies, Indian Tribes, NGOs, and individuals to attend one or both meetings. The times and locations of these meetings are as follows:

Daytime Scoping Meeting

Date: Wednesday, July 10, 2024
Time: 10:00 a.m. (PST)
Place: Yuba Water Agency
Address: 1220 F Street, Marysville, CA 95901
Phone: (530) 741-5000

Evening Scoping Meeting

Date: Wednesday, July 10, 2024
Time: 6:00 p.m. (PST)
Place: Yuba Water Agency
Address: 1220 F Street, Marysville, CA 95901
Phone: (530) 741-5000

Copies of the Scoping Document (SD1) outlining the subject areas to be addressed in the NEPA document were distributed to the parties on the Commission's mailing list. Copies of the SD1 will be available at the scoping meeting or may be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link (see item m above).

Environmental Site Review

The applicant and Commission staff will conduct an environmental site review of the project. All interested individuals, agencies, tribes, and NGOs are invited to attend. All participants are responsible for their own transportation to/from the project and during the site visit. Participants must wear sturdy, closed-toe shoes, or boots. Please RSVP to John James via email to jjames@yubawater.org on or before July 1, 2024, if you plan to attend the environmental site review. The time and location of the environmental site review is as follows:

Date: Tuesday, July 9, 2024

Time: 9:00 a.m. (PST)

Place: Yuba Water Agency (meet in parking lot)

Address: 1220 F Street, Marysville, CA 95901

Participants must meet at the Yuba Water Agency parking lot to begin promptly at 9:00 a.m. where participants will drive in personal vehicles together to the project.

Meeting Objectives

At the scoping meetings, Commission staff will: (1) summarize the environmental issues tentatively identified for analysis in the NEPA document; (2) solicit from the meeting participants all available information, especially quantifiable data, on the resources at issue; (3) encourage statements from experts and the public on issues that should be analyzed in the NEPA document, including viewpoints in opposition to, or in support of, the staff's preliminary views; (4) determine the resource issues to be addressed in the NEPA document; and (5) identify those issues that require a detailed analysis, as well as those issues that do not require a detailed analysis.

Meeting participants should come prepared to discuss their issues and/or concerns. Please review SD1 in preparation for the scoping meetings. Directions on how to obtain a copy of SD1 are included in item n of this document.

Meeting Procedures

The meetings are recorded by a stenographer and become part of the formal record of the Commission proceeding on the project. Individuals, NGOs, Indian tribes, and agencies with environmental expertise and concerns are encouraged to attend the meeting and to assist the staff in defining and clarifying the issues to be addressed in the NEPA document.
