SUPPLEMENTARY INFORMATION:

Background

The Patient Safety Act authorizes the listing of PSOs, which are entities or component organizations whose mission and primary activity is to conduct activities to improve patient safety and the quality of health care delivery.

HHS issued the Patient Safety Rule to implement the Patient Safety Act. AHRQ administers the provisions of the Patient Safety Act and Patient Safety Rule (PDF file, 450 KB. PDF Help) relating to the listing and operation of PSOs. The Patient Safety Rule authorizes AHRQ to list as a PSO an entity that attests that it meets the statutory and regulatory requirements for listing. A PSO can be "delisted" if it is found no longer to meet the requirements of the Patient Safety Act and Patient Safety Rule, or when a PSO chooses to voluntarily relinquish its status as a PSO for any reason. Section 3.108(d) of the Patient Safety Rule requires AHRQ to provide public notice when it removes an organization from the list of federally approved PSOs.

AHRQ has accepted a notification from Universal Safety Solution PSO, PSO number P0104, a component entity of Universal Safety Solution, LLC, to voluntarily relinquish its status as a PSO. Accordingly, Universal Safety Solution PSO was delisted effective at 12:00 Midnight ET (2400) on February 1, 2013.

More information on PSOs can be obtained through AHRQ's PSO Web site at <http://www.pso.AHRQ.gov/index.html>.

Submission for OMB Review; Comment Request

Title: National Directory of New Hires.

OMB No.: 0970-0166.

Description: The National Directory of New Hires (NDNH), an automated directory maintained by the Federal

Office of Child Support Enforcement, was established pursuant to the Personal Responsibility and Work Opportunity Reconciliation Act of 1996. 42 U.S.C. 653(i)(1). In accordance with section 453A(g)(2) of the Social Security Act, employers are required to report information pertaining to newly hired employees to their state directory of new hires (SDNH) and, within three days of receiving employer information,

states are required to transmit SDNH information to the NDNH. States are also required to transmit wage and unemployment compensation claims information to the NDNH on a quarterly basis. Federal agencies are required to report new hires and quarterly wage information directly to the NDNH.

The information maintained in the NDNH is collected electronically and assists states administering child

support programs locate parents and enforce child support orders. Additionally, Congress authorized specific state and federal agencies to receive NDNH information for authorized purposes to assist in administering certain programs.

Respondents: Employers, State Child Support Enforcement Agencies, and State Workforce Agencies.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
New Hire: Employers Reporting Manually	¹ 5,294,970	² 1.98	.025 hours (1.5 minutes).	262,101.02
New Hire: Employers Reporting Electronically	³ 635,162	⁴ 76.40	.00028 hours (1 second) ⁵ .	13,587.39
New Hire: States	54	⁶ 193,947.41	.016667 hours (1 minute) ⁷ .	174,556.16
Quarterly Wage & Unemployment Compensation	53	⁸ 27	.00028 hours (2 minutes).	.40
Multistate Employers' Notification Form	4,632	1	.050 hours (3 minutes).	231.60
Total				450,477

¹ Eighty-nine percent of all employers report manually (based on SSA's experience).

² For the "Employers" tiers, "response" is defined as the number of new hire reports. Only 18 percent of all new hire reports are reported manually and 82 percent are reported electronically (based on OCSE's experience).

³ Eleven percent of all employers report electronically (based on SSA's experience).

⁴ "Response" is defined as the number of new hire reports. Eighty-two percent of new hire reports are reported electronically (based on OCSE's experience).

⁵ Based on the assumption that employers reporting new hires electronically transmit their reports in a batch file, thus significantly reducing the per-response burden.

⁶ Based on the average number of reports per transmission and the average burden per new hire report that are submitted manually. Reports submitted electronically are automated. The average number of reports per transmission is calculated by dividing 10,473,160 (total number of manual new hire reports) by 54 (total number of states).

⁷ The average burden per new hire report is estimated to be one minute.

⁸ "Response" is defined here as the number of transmissions to the NDNH. States are required to transmit quarterly wage and unemployment compensation data four times a year.

Estimated Total Annual Burden Hours: 450,477 hours.
