

In our notice of amended final results, we stated that all litigation pertaining to the results of the reviews was final and conclusive. This statement was erroneous; one matter relating to the administrative reviews of the orders on antifriction bearings and parts thereof from Germany remains pending before the United States Court of Appeals for the Federal Circuit (CAFC). This matter concerns the final results of review for one respondent, FAG Kugelfischer Georg Schaefer AG (FAG Germany). Hence, the results for FAG Germany that we published in our notice of amended final results do not reflect the final results for this company. We will not instruct the U.S. Customs service to liquidate entries for this company until all final and conclusive action has been taken on the pending matter and after we have published amended final results of review for this respondent.

#### Amendment to Final Results

The amended final results of the administrative review of the antidumping duty order on antifriction bearings (other than tapered roller bearings) and parts thereof from Germany that we published in a notice of amended final results of review on November 15, 2000, do not reflect the final results for the respondent-company FAG Germany.

This notice is published pursuant to section 751(a) of the Tariff Act.

Dated: December 11, 2000.

The Department is therefore rescinding the review with respect to Nippon in accordance with that regulation.

#### Daido

On November 21, 2000, U.S. importer Dana withdrew its request for administrative review of Daido. Dana was the only party requesting the review and its request for withdrawal was made within 90 days of the date of publication of the notice of initiation in accordance with 19 CFR section 351.213(d)(1). The Department is therefore rescinding the review with respect to Daido in accordance with that regulation.
