**Description:** In a Report and Order issued in CC Docket No. 80-286, released May 22, 2001 (FCC 01-162), the Commission adopted the recommendation of the Federal-State Joint Board to impose an interim freeze of the Part 36 category relationships and jurisdictional cost allocation factors. Specifically, pending comprehensive reform of the Part 36 separations rules, the Commission adopted a freeze of all Part 36 category relationships and allocation factors for price cap carriers, and a freeze of all allocation factors for rate-of-return carriers. The interim freeze will be in effect for five years or until the Commission has completed comprehensive separations reform, whichever comes first. The Commission further concluded that several issues, including the separations treatment of Internet traffic, should be addressed in the context of comprehensive separations reform. The Commission believes that these measures will bring simplification and regulatory certainty to the separations process in a time of rapid market and technology changes until reform is completed. The Commission recognized that smaller rate-of-return ILECs, because of their differing business structures, would not be required to freeze both their Part 36 categories and allocation factors, unlike price cap carriers. The Commission found, however, that those rate-of-return carriers that desire to freeze their categories may elect to do so by July 1, 2001. Accordingly, the Commission adopted a final rule providing that rate-of-return carriers participating in the National Exchange Carrier Association (NECA or Association) tariffs should notify NECA by July 1, 2001, if they elect to freeze their categories. Rate-of-return carriers that do not participate in Association tariffs will be able to elect to freeze their categories by notifying the Commission of their election by July 1, 2001. The Commission will use the information to verify which rate of rate-of-return ILECs have decided to freeze their Part 36 categories, as well as their allocation factors. Obligation to respond: Required to obtain or retain benefits.
