

evaluation process, a Tribal organization may indicate to what extent it will share in the construction costs of its educational facilities replacement construction project through the use of non-Federal resources. To participate in the FY 2001 cost sharing program, a Tribe is required to contribute a tribal share equal to 50% of the total replacement school construction costs [(Pub. L. 106-291, Sec. 153(b)(3)(B)]. Congress identified Conehatta Elementary School of the Mississippi Band of Choctaw Indians as the first education facility to cost share in a Tribal school construction demonstration program [Senate Report 106-312, pg. 53; House Report 106-914, pg. 147; Public Law 106-291, Sec. 153].

The BIA will evaluate and rank applications for education facilities replacement construction projects through the use of narrative submitted by applicants, from data in the BIA's national Facilities Management Information System (FMIS), and from other BIA information sources.

BIA's Office of Indian Education Programs' Line Officers will receive training on the 2001 instructions and ranking criteria for all schools under their administrative jurisdictions and will provide technical assistance to the schools under their administrative jurisdictions. In addition to technical assistance available from the Bureau, applicants may use commercial service providers to prepare their applications. The Bureau can provide referrals, upon request, which the applicants may choose to contact independently.

The BIA will provide Bureau-funded schools with instructions and application forms. We will send all potential applicants the application forms and instructions by certified mail. Tribes and BIA-funded school boards will receive advance, written notice from Education Line Officers of replacement school construction application training session dates, times, and locations for Tribes and schools under their respective jurisdictions. The Education Line Officers will conduct training for applicants on how to complete their applications. Applications will be accepted beginning August 1, 2001, until August 21, 2001. We will use the criteria in the 2001 instructions to review and evaluate all applications that we receive on or before the deadline.

This Notice is published under authority delegated by the Secretary of the Interior to the Assistant Secretary for Indian Affairs in the Departmental Manual at 209 DM 8. 25 U.S.C. 2005(c) directed BIA to publish, in the **Federal Register**, the system used to determine

priorities for school construction projects and to submit a current priority ranking for school construction projects at the time any budget request is presented to Congress. The Conference Report for the FY 1992 Interior and Related Agencies Appropriation Act, House Report No. 256, 102d Cong., 1st Sess. 46 (1991), indicated that Congress wanted the Department to revise the priority ranking process for new school construction. The Conference Report said that BIA should emphasize tribal consultation and improve the objectivity of the ranking process, provide continuity to the priority ranking list, and provide procedures for handling emergency needs.
