Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

Scoping comments may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "eFiling" link.

o. *Scoping Process:* The Commission staff intends to prepare a single Environmental Assessment (EA) for the Broken Bow Re-Regulation Dam Hydropower Project in accordance with the National Environmental Policy Act. The EA will consider both site-specific and cumulative environmental impacts and reasonable alternatives to the proposed action.

The Commission staff, agency representatives, and interested members of the public visited the project site and attended project information meetings conducted by the City of Broken Bow in 2001. The City of Broken Bow worked with the resource agencies and members of the public under the Alternative Licensing Process in preparing the license application, including preparation of a Draft Environmental Assessment which was filed as part of the application. Therefore, we do not anticipate at this time that there is adequate justification: (1) To arrange for Commission staff and interested members of the public to visit the project site; or (2) to hold a public meeting near the project site. Instead, we are soliciting comments, recommendations, and information on the Scoping Document (SD) issued on April 24, 2007.

Copies of the SD outlining the subject areas to be addressed in the EA were distributed to the parties on the Commission's mailing list and the applicant's service list. Copies of the SD may be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call 1-866-208-3676 or for TTY, (202) 502-8659.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2007-0343; FRL-8127-4]

Soil Fumigant Pesticides; Notice of Public Meetings

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA's Office of Pesticide Programs (OPP) is planning to hold two stakeholder meetings to obtain public input on risk management options for the soil fumigant pesticides chloropicrin, dazomet, metam sodium, metam potassium, and methyl bromide. Reregistration for 1,3-dichloropropene (1,3-D or Telone) was completed in 1998, but it is included in the review for comparative purposes. The public meetings will be held in the states of Washington and Florida in late May and early June 2007. The purpose of the meetings is for the Agency to obtain first-hand comments on possible human health risk mitigation options from stakeholders who are most affected by soil fumigant use, including growers, professional fumigant applicators, farm workers, neighbors and community members, local officials, and others. EPA also plans to participate in a stakeholder meeting focusing on risk mitigation options for the soil fumigants metam sodium and metam potassium, held by the California Department of Pesticide Regulation in late May 2007. California and EPA have been working together on soil fumigant issues during the last several years, and use similar approaches to reduce exposure. Stakeholders' comments at these meetings will help inform EPA's decision later this year on the reregistration eligibility of several soil fumigant pesticides. Through the

reregistration program, EPA is ensuring that all pesticides meet current health and safety standards.

DATES: The meeting in Richland, Washington will be held on May 22, 2007 from 9 a.m. to 5 p.m. The meeting in Ft. Myers, Florida will be held on June 6, 2007 from 9 a.m. to 5 p.m.

To request accommodation of a disability, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**, preferably at least 10 days prior to the meeting, to give EPA as much time as possible to process your request. Spanish language translation will be available at both meetings.

ADDRESSES: The Washington meeting will be held at the Federal Building, 825 Jadwin Avenue, Richland, Washington 99352. The Florida meeting will be held at the Harborside Event Center, 1375 Monroe Street, Ft. Myers, Florida 33901.
