

implementing a core constitutional right embodied by a statutory authorization that has largely lain dormant for over thirty years.

#### *E. Executive Order 13132—Federalism*

This rule will not have substantial direct effects on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with section 6 of Executive Order 13132, this rule does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement.

#### *F. Executive Order 12988—Civil Justice Reform*

This rule meets the applicable standards set forth in sections 3(a) and 3(b)(2) of Executive Order 12988.

#### *G. Paperwork Reduction Act*

The provisions of the Paperwork Reduction Act of 1995, Public Law 104–13, 44 U.S.C. chapter 35, and its implementing regulations, 5 CFR part 1320, do not apply to this final rule because there are no new or revised recordkeeping or reporting requirements.

#### *H. Congressional Review Act*

This is not a major rule as defined by 5 U.S.C. 804(2). This action pertains to agency organization, management, and personnel and, accordingly, is not a “rule” as that term is used in 5 U.S.C. 804(3). Therefore, the reports to Congress and the Government Accountability Office specified by 5 U.S.C. 801 are not required.

#### *I. Executive Order 14192—Regulatory Costs*

Executive Order 14192, titled “Unleashing Prosperity Through Deregulation,” was issued on January 31, 2025. Section 3(a) of Executive Order 14192 requires an agency, unless prohibited by law, to identify at least ten existing regulations to be repealed when the agency publicly proposes for notice and comment or otherwise promulgates a new regulation. In furtherance of this requirement, section 3(c) of Executive Order 14192 requires that the new incremental costs associated with new regulations shall, to the extent permitted by law, be offset by the elimination of existing costs associated with at least ten prior regulations. This interim final rule is a deregulatory action under Executive Order 14192 because it withdraws the Attorney General’s delegation of

authority to ATF to adjudicate applications for relief from the disabilities imposed by 18 U.S.C. 922 pursuant to 18 U.S.C. 925(c).

**SUPPLEMENTARY INFORMATION:** Due to the receipt of adverse comment, the EPA is withdrawing the direct final rule titled, “Hazardous and Solid Waste Management System: Disposal of Coal Combustion Residuals From Electric Utilities; Legacy CCR Surface Impoundments; Correction,” published on January 16, 2025 (90 FR 4635). We stated in that direct final rule that if we received adverse comment by March 17, 2025, the direct final rule would not take effect and we would publish a timely withdrawal in the **Federal Register**. Because the EPA subsequently received adverse comment on that direct

The EPA published a parallel proposed rule (90 FR 4707, January 16, 2025) on the same day as the direct final rule. The proposed rule invited comment on the substance of the direct final rule. Notwithstanding this action to withdraw the direct final rule, the EPA will continue to accept comment on the parallel proposed rule through March 17, 2025, which is the deadline to submit comments. The EPA will respond to comments as part of any final action it takes on the parallel proposed rule.
