

FOR FURTHER INFORMATION CONTACT:

Gilda Fitzpatrick, BLM New Mexico State Office, 1474 Rodeo Road, Santa Fe, New Mexico 87502, 505-438-7597.

SUPPLEMENTARY INFORMATION: The lands withdrawn for the Carlsbad Reclamation Project by the Secretarial Orders dated April 12, 1916, and May 25, 1928, are no longer needed for the Project so those two withdrawals are no longer necessary. Those lands will not be opened to surface entry or mining until completion of an analysis to determine if any of the lands need special designation. The lands withdrawn for the Rio Grande Reclamation Project by the Secretarial Order dated December 16, 1903, have been conveyed out of Federal ownership. This is a record-clearing action only for those lands. The land withdrawn for the Rio Grande Reclamation Project by the Bureau of Reclamation Order dated August 27, 1953, is no longer needed for the Project, so the withdrawal is no longer necessary and that land will be opened to sale or exchange. Copies of the original withdrawal orders containing a legal description of the lands involved are available from the BLM New Mexico State Office at the address above.

Order

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714 (2000), it is ordered as follows:

1. The Bureau of Reclamation Order dated August 27, 1953 (21 FR 1076), and the Secretarial Orders dated December 16, 1903, April 12, 1916, and May 25, 1928, which withdrew approximately 7,955 acres for the Bureau of Reclamation's Carlsbad and Rio Grande Projects, are hereby revoked in their entireties.

2. The following described land, which was withdrawn for the Bureau of Reclamation's Rio Grande Project by the Bureau of Reclamation Order dated August 27, 1953 (21 FR 1076), is hereby opened and made available for sale or exchange under Sections 203 and 206 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1713 and 1716 (2000):

New Mexico Principal Meridian

T. 29 S., R. 4 E.,

Sec. 5, Tract 64.

The area described contains 0.106 acre in Dona Ana County.

Dated: March 20, 2006.

Mark Limbaugh,

Assistant Secretary of the Interior.

DEPARTMENT OF THE INTERIOR**Bureau of Land Management**

[WY-957-05-1910-BJ-5GKM]

Notice of Filing of Plats of Survey, Nebraska

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of filing of plats of survey, Nebraska.

SUMMARY: The Bureau of Land Management (BLM) is scheduled to file the plats of surveys of the lands described below thirty (30) calendar days from the date of this publication in the BLM Wyoming State Office, Cheyenne, Wyoming.

FOR FURTHER INFORMATION CONTACT: Bureau of Land Management, 5353 Yellowstone Road, Cheyenne, Wyoming 82009.

SUPPLEMENTARY INFORMATION: These surveys were executed at the request of the Bureau of Indian Affairs and are necessary for the management of these lands. The lands surveyed are:

The plat and field notes representing the dependent resurvey of portions of the east, west and north boundaries, and portions of the subdivisional lines, and the survey of the subdivision of certain sections, Township 31 North, Range 4 West, Sixth Principal Meridian, Nebraska, was accepted March 24, 2006.

The plat and field notes representing the dependent resurvey of portions of the west and north boundaries, and portions of the subdivisional lines, and the survey of the subdivision of certain sections, Township 31 North, Range 5 West, Sixth Principal Meridian, Nebraska, was accepted March 24, 2006.

The plat and field notes representing the dependent resurvey of the Eighth Standard Parallel North, through Range 4 West, portions of the east and west boundaries, portions of the subdivisional lines, the subdivision of certain sections, and the metes and bounds survey of Parcel A, section 3, Township 32 North, Range 4 West, Sixth Principal Meridian, Nebraska, was accepted March 24, 2006.

Copies of the preceding described plats are available to the public.

Dated: March 27, 2006.

Charles I. Doman,

Acting Chief Cadastral Surveyor, Division of Support Services.

BILLING CODE 4467-22-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 332-474]

Medical Devices and Equipment: Competitive Conditions Affecting U.S. Trade in Japan and Other Principal Foreign Markets

AGENCY: United States International Trade Commission.

ACTION: Institution of investigation and scheduling of hearing.

EFFECTIVE DATE: April 3, 2006.

SUMMARY: Following receipt on March 9, 2006, of a request from the Committee on Ways and Means of the U.S. House of Representatives (Committee) under section 332(g) of the Tariff Act of 1930 (19 U.S.C. (332(g))), the Commission instituted investigation No. 332-474, Medical Devices and Equipment: Competitive Conditions Affecting U.S. Trade in Japan and Other Principal Foreign Markets.

Background: As requested by the Committee, the Commission will conduct an investigation under section 332(g) and prepare a report assessing competitive conditions affecting U.S. trade of medical devices and equipment in principal foreign markets.

In preparing its report, the Commission will, as requested, closely examine the regulatory conditions of competition affecting U.S. sales and trade of medical devices and equipment in Japan, and other principal foreign markets, for the most recent 5-year period. The Commission will focus on the main U.S. exports of medical devices and equipment to these markets during this period, and compare Japan's regulatory conditions to those of the other major foreign markets for U.S.-made medical devices and equipment.

This report will also include, to the extent possible, for the most recent 5-year period: (1) An overview of the global market for medical devices and equipment, including production, consumption, and trade; (2) profiles of the medical device and equipment industries in the United States and principal foreign producer countries; (3) an analysis of U.S. trade in medical devices and equipment with major competitor countries including a description of trade practices, regulatory measures such as product approvals, and government and private expenditures on medical research; and (4) an examination of bilateral and multilateral trade agreements that have addressed regulatory issues in major foreign markets, including Japan's, and the implications for the U.S. medical device and equipment industry.
