Applicants: Saltville Gas Storage
Company L.L.C.

Description: Saltville Gas Storage
Company L.L.C. submits tariff filing per
154.205(b): Errata to Modification of
Posting Deadline to be effective
12/20/2013.

Filed Date: 11/19/13.

Accession Number: 20131119-5121.

Comments Due: 5 p.m. ET 12/2/13.

Any person desiring to protest in any
of the above proceedings must file in
accordance with Rule 211 of the
Commission's Regulations (18 CFR
385.211) on or before 5:00 p.m. Eastern
time on the specified comment date.

The filings are accessible in the
Commission's eLibrary system by
clicking on the links or querying the
docket number.

eFiling is encouraged. More detailed
information relating to filing
requirements, interventions, protests,
service, and qualifying facilities filings
can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. For
other information, call (866) 208-3676
(toll free). For TTY, call (202) 502-8659.

Dated: November 20, 2013.

Nathaniel J. Davis, Sr.,

Deputy Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 13124-005]

Copper Valley Electric Association, Inc.; Notice of Availability of Environmental Assessment

In accordance with the National
Environmental Policy Act of 1969 and
the Federal Energy Regulatory
Commission's (Commission or FERC's)
regulations, 18 Code of Federal
Regulations (CFR) Part 380 (Order No.
486, 52 *Federal Register* 47897), the
Office of Energy Projects has reviewed
Copper Valley Electric Association,
Inc.'s application to amend its license
for the Allison Creek Hydroelectric
Project (FERC Project No. 13124). The
6.5-megawatt project is located on
Allison Creek near Valdez, Alaska. The
project does not occupy any federal
lands.

As licensed, the majority of the
project's 7,000-foot-long penstock

would be installed above-ground and a
4,000-foot-long temporary construction
access road would be used during
construction. In its amendment
application, the licensee proposes to
bury the entire penstock instead,
including the drilling and blasting of a
700-foot-long, 16-foot-diameter tunnel
through which a segment of the
penstock would be routed. In addition,
the licensee proposes changes to the
construction access roads. Staff
prepared an environmental assessment
(EA) which analyzes the potential
environmental effects of the proposed
amendment, and concludes that
amending the license, with appropriate
environmental protective measures,
would not constitute a major federal
action that would significantly affect the
quality of the human environment.

A copy of the EA may be viewed on
the Commission's Web site at <http://www.ferc.gov/docs-filing/elibrary.asp>.
Enter the docket number (P-13124) in
the docket number field to access the
document. You may also register online
at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via
email of new filings and issuances
related to this or other pending projects.
For assistance, call 1-866-208-3676 or
email FERCOnlineSupport@ferc.gov, for
TTY, call (202) 502-8659. A copy is also
available for inspection and
reproduction at the Commission's
Public Reference Room located at 888
First Street NE., Room 2A, Washington,
DC 20426, or by calling (202) 502-8371.

Dated: November 20, 2013.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP14-18-000]

Transcontinental Gas Pipe Line Company, LLC; Notice of Intent To Prepare an Environmental Assessment for the Proposed Woodbridge Delivery Lateral Project and Request for Comments on Environmental Issues

The staff of the Federal Energy
Regulatory Commission (FERC or
Commission) will prepare an
environmental assessment (EA) that will
discuss the environmental impacts of
the Woodbridge Delivery Lateral Project
involving construction and operation of
facilities by Transcontinental Gas Pipe
Line Company, LLC (Transco) in

Middlesex County, New Jersey. The
Commission will use this EA in its
decision-making process to determine
whether the project is in the public
convenience and necessity.

This notice announces the opening of
the scoping process the Commission
will use to gather input from the public
and interested agencies on the project.
Your input will help the Commission
staff determine what issues they need to
evaluate in the EA. Please note that the
scoping period will close on December
23, 2013.

This notice is being sent to the
Commission's current environmental
mailing list for this project. State and
local government representatives should
notify their constituents of this
proposed project and encourage them to
comment on their areas of concern.

If you are a landowner receiving this
notice, a pipeline company
representative may contact you about
the acquisition of an easement to
construct, operate, and maintain the
proposed facilities. The company would
seek to negotiate a mutually acceptable
agreement. However, if the Commission
approves the project, that approval
conveys with it the right of eminent
domain. Therefore, if easement
negotiations fail to produce an
agreement, the pipeline company could
initiate condemnation proceedings
where compensation would be
determined in accordance with state
law.

Transco provided landowners with a
fact sheet prepared by the FERC entitled
"An Interstate Natural Gas Facility On
My Land? What Do I Need To Know?"
This fact sheet addresses a number of
typically-asked questions, including the
use of eminent domain and how to
participate in the Commission's
proceedings. It is also available for
viewing on the FERC Web site
(www.ferc.gov).

Summary of the Proposed Project

Transco proposes to construct and
operate approximately 2.4 miles of 20-
inch-diameter natural gas lateral
pipeline in Middlesex County, New
Jersey. In addition, a new meter station
and other appurtenant facilities are
proposed at the terminus of the project.
The Woodbridge Delivery Lateral
Project would provide 264,000
dekatherms per day of natural gas per
day to the Woodbridge Energy Center, a
new gas fired electric generating station.

The general location of the project
facilities is shown in appendix 1.¹

¹ The appendices referenced in this notice will
not appear in the **Federal Register**. Copies of
