

I. Abstract

This request is for extension of a currently approved generic information collection.

This collection follows the guidelines contained in the OMB Resource Manual for Customer Surveys. In accordance with Executive Order 12862, the National Performance Review, and good management practices, the National Oceanic and Atmospheric Administration (NOAA) offices seek approval to continue to gather customer feedback on services and/or products which can be used in planning for service/product modification and prioritization. Under this generic clearance, individual offices would use approved questionnaires and develop new questionnaires, as needed, by selecting subsets of the approved set of collection questions and tailoring those specific questions to be meaningful for their particular programs. These proposed questionnaires would then be submitted to OMB using a fast-track request for approval process, for which separate **Federal Register** notices are not required.

This generic clearance will not be used to survey any bodies NOAA regulates unless precautions are taken to ensure that the respondents believe that they are not under any risk for not responding or for the contents of their responses, *e.g.*, in no survey to such a population will the names and addresses of respondents be required.

Two sets of survey questions are used for generation of program-level questionnaires. Quantitative questions seek to obtain numerical ratings from respondents on their satisfaction with various aspects of the product or service they obtained—satisfaction with the quality of the product, the courtesy of the staff, the format of and documentation for data received, and similar standard types of questions. The offices using such questions are able to determine which aspects of their program need improvement or have improved. Qualitative questions are more focused on who is using the product and service, how it is being used, and the medium or format in which the respondent would like to see data provided.

II. Method of Collection

Information will be collected via email or online survey.

III. Data

OMB Control Number: 0648–0342.
Form Number(s): None.

Type of Review: Regular submission [extension of a current information collection].

Affected Public: Individuals or households; Business or other for-profit organizations; Not-for-profit institutions; State, Local, or Tribal government; Federal government.

Estimated Number of Respondents: 10,000.

Estimated Time per Response: 10 minutes per response.

Estimated Total Annual Burden Hours: 1,667 hours.

Estimated Total Annual Cost to Public: \$0.

Respondent's Obligation: Voluntary.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Departmental PRA Compliance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Deletions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Deletions from the Procurement List.

SUMMARY: This action deletes service(s) from the Procurement List that were furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

DATES: Date added to and deleted from the Procurement List: March 30, 2025.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, 355 E Street SW, Suite 325, Washington, DC 20024.

FOR FURTHER INFORMATION CONTACT: For further information or to submit comments contact: Michael R. Jurkowski, Telephone: (703) 489–1322, or email CMTEFedReg@AbilityOne.gov.

SUPPLEMENTARY INFORMATION:

Deletions

On 21/24/2025 (90 FR 8123), the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed deletions from the Procurement List. This notice is published pursuant to 41 U.S.C. 8503(a)(2) and 41 CFR 51–2.3.

After consideration of the relevant matter presented, the Committee has determined that the service(s) listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in additional reporting, recordkeeping or other compliance requirements for small entities.

2. The action may result in authorizing small entities to furnish the service(s) to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the service(s) deleted from the Procurement List.

End of Certification

Accordingly, the following service(s) are deleted from the Procurement List:

Service(s)

Service Type: Janitorial/Custodial
Mandatory for: US Army, USACE Buffalo District Reservation, (Buildings 1,2,5 & 6), 1776 Niagara Street, Buffalo, NY

I. An integrated microgrid imaging polarimeter comprises a repeating pattern of wiregrid polarizers in a new 2x4 array that improves image resolution and quality by increasing the spatial bandwidth available for each Stokes image despite that the new repeating pattern is larger than prior art 2x2 arrays. An example embodiment has polarization orientations of the wiregrid polarizers in each 2x4 array, beginning from an arbitrary top left polarizer of each array and continuing clockwise, as: 45 degrees; zero degrees; 315 degrees; 90 degrees; zero degrees; 45 degrees; 90 degrees; and 315 degrees. The disclosure includes an analysis showing development of the new 2x4 array and supporting its improved performance over prior art 2x2 arrays.

Intellectual Property

Microgrid arrangement for integrated imaging polarimeters. The invention is protected under U.S. Patent No. 9,857,226 B2. Such patent issued on January 2, 2018.

The Department of the Air Force may grant the prospective license unless a timely objection is received that sufficiently shows the grant of the license would be inconsistent with the Bayh-Dole Act or implementing regulations. A competing application for a patent license agreement, completed in compliance with 37 CFR 404.8 and received by the Air Force within the period for timely objections, will be treated as an objection and may be considered as an alternative to the proposed license.

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Docket No. RM24–4–000]****Supply Chain Risk Management Reliability Standards Revisions; Notice of Supply Chain Workshop**

Take notice that staff of the Federal Energy Regulatory Commission and the North American Electric Reliability Corporation will hold a joint workshop on March 20, 2025, from 1 p.m. to 5 p.m. at the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

The workshop will focus on the “assessment” aspect of supply chain risk management (SCRM). Specifically, the workshop panels will discuss the proposed directive in the Commission’s September 19, 2024 Notice of Proposed Rulemaking¹ to require that entities establish steps in SCRM plans to validate the completeness and accuracy of information received from vendors during the procurement process to better inform the identification and assessment of supply chain risks associated with vendors’ software, hardware, or services.

The workshop will take place in a hybrid format, with panelists participating in person and attendees
