RIN 1625-AA00

Safety Zone; Mackinac Island 4th of July Celebration Fireworks, Lake Huron, Mackinac Island, MI

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for navigable waters within a 750-foot radius of a fireworks display in Lake Huron near Mackinac Island, MI. The safety zone is necessary to protect personnel, vessels, and the marine

environment from potential hazards created by the fireworks display. Entry of vessels or persons into this safety zone is prohibited unless specifically authorized by the Captain of the Port Sault Sainte Marie or his designated representative.

DATES: This rule is effective from 9 p.m. through 12:01 a.m. on July 4, 2022.

NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because doing so would be impracticable. The Coast Guard did not receive sufficient notice of this event to undergo notice and comment and this safety zone must be

established by July 4, 2022, in order to protect the public from the dangers associated with the fireworks display.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable as immediate action is necessary to protect against the potential safety hazards associated with the fireworks display.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Sault Sainte Marie (COTP) has determined that potential hazards associated with the fireworks display on July 4, 2022, would be a safety concern for anyone within the safety zone. This rule is necessary to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone during the fireworks display.

IV. Discussion of the Rule

This rule establishes a safety zone from 9 p.m. through 12:01 a.m. on July 4, 2022. The safety zone will cover all navigable waters within 750 feet of a fireworks display in Lake Huron near Mackinac Island, MI. The duration of the safety zone is intended to protect personnel, vessels, and the marine environment in these navigable waters during the fireworks display. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP Sault Sainte Marie or his designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.
