Foreign-Trade Zones Board

[B-2-2013]

Foreign-Trade Zone 117—Orange, Texas; Notification of Proposed Production Activity; Signal International Texas GP, LLC (Shipbuilding), Orange, TX

The Foreign Trade Zone of Southeast Texas, Inc., grantee of FTZ 117, submitted a notification of proposed production activity on behalf of Signal International Texas GP, LLC (Signal), located in Orange, Texas. The notification conforming to the requirements of the regulations of the Board (15 CFR 400.22) was received on January 10, 2013.

The Signal facility is located at 91 Front Street, Orange (Orange County), Texas. A separate application for subzone status at the Signal facility was submitted and will be processed under Section 400.31 of the Board's regulations. The facility is used for the construction and repair of oceangoing vessels. Pursuant to 15 CFR 400.14(b) of the regulations, FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Signal from customs duty payments on foreign status components used in export production. On its domestic sales, Signal would be able to choose the duty rate during customs entry procedures that apply to oceangoing vessels (duty rate—free) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

Components and materials sourced from abroad include: coatings/resins, fittings, flanges, couplings, sleeves, anchors, wire, copper fittings, fasteners, aluminum rods/profiles/fittings, marine engines, boxes/crates/bins, handles,

knobs, gaskets, tarpaulins, life jackets, insulation, plaster tiles, tableware, winches, ladders, hangers, pipes/fittings of lead and tin, flexible tubing of base metals, boilers, steam turbines and related parts, diesel engines and related parts, non-aircraft gas turbines, hydro jet engines, pumps and related parts, compressors, turbochargers, refrigeration/cooling equipment, electric motors, generators, evaporative air coolers, derricks, other machinery, valves, filters, liquid purifiers, sprayers, electrical ballasts, transformers, bearings, acoustic baffles, heaters, transmission shafts, propellers, starters, radio/TV/radar equipment, signaling devices, electrical components and panels, wiring harnesses, lamps, cables, mirrors, sonar apparatus, optical instruments, micrometers and calipers, thermostats, chronometers, regulators, controllers, and search lights (duty rate ranges from free to 6.7%). The production activity under FTZ procedures would be subject to the "standard shipyard restriction" applicable to foreign origin steel mill products (e.g., angles, pipe, plate), which requires that all applicable duties be paid on such items.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is March 4, 2013.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Pierre Duy at Pierre.Duy@trade.gov or (202) 482-1378.

Dated: January 15, 2013.

Andrew McGilvray,
Executive Secretary.

DEPARTMENT OF COMMERCE

International Trade Administration

[A-351-825]

Stainless Steel Bar From Brazil: Preliminary Results of Antidumping Duty Administrative Review; 2011-2012

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on stainless steel bar (SSB) from Brazil. The period of review (POR) is February 1, 2011, through January 31, 2012. The review covers one producer/exporter of the subject merchandise, Villares Metals S.A. (Villares). We preliminarily find that subject merchandise has not been sold at less than normal value.

DATES: *Effective Date:* January 22, 2013.

FOR FURTHER INFORMATION CONTACT: Sandra Dreisonstok or Minoo Hatten, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-0768, and (202) 482-1690, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise subject to the order is SSB. The SSB subject to the order is currently classifiable under subheadings 7222.10.00, 7222.11.00, 7222.19.00, 7222.20.00, 7222.30.00 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS subheadings are provided for convenience and customs purposes. A full description of the scope of the order is contained in the memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Import Administration, "Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Bar from Brazil" dated concurrently with this notice ("Preliminary Decision Memorandum"), which is hereby adopted by this notice. The written description is dispositive.

The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). Access to IA ACCESS is
