

into Subpart F of the agencies' regulatory capital rules¹ (market risk institutions). Each market risk institution is required to file the FFIEC 102 for the agencies' use in assessing the reasonableness and accuracy of the institution's calculation of its minimum capital requirements under the market risk capital rule and in evaluating the institution's capital in relation to its risks. Additionally, the market risk information collected in the FFIEC 102: (a) permits the agencies to monitor the market risk profile of, and evaluate the impact and competitive implications of, the market risk capital rule on individual market risk institutions and the industry as a whole; (b) provides the most current statistical data available to identify areas of market risk on which to focus for onsite and offsite examinations; (c) allows the agencies to assess and monitor the levels and components of each reporting institution's risk-based capital requirements for market risk and the adequacy of the institution's capital under the market risk capital rule; and (d) assists market risk institutions in validating their implementation of the market risk framework.

Statutory Basis and Confidential Treatment

The quarterly FFIEC 102 information collection is mandatory for market risk institutions: 12 U.S.C. 161 (national banks), 12 U.S.C. 324 (state member banks), 12 U.S.C. 1844(c) (bank holding companies), 12 U.S.C. 1467a (b) (savings and loan holding companies), 12 U.S.C. 5365 (U.S. intermediate holding companies), 12 U.S.C. 1817 (insured state nonmember commercial and savings banks), and 12 U.S.C. 1464 (savings associations). The FFIEC 102 information collections are not given confidential treatment.

Request for Comment

The agencies invite comment on the following topics related to these collections of information:

(a) Whether the information collections are necessary for the proper performance of the agencies' functions, including whether the information has practical utility;

(b) The accuracy of the agencies' estimates of the burden of the information collections, including the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of information collections on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Comments submitted in response to this joint notice will be shared among the agencies. All comments will become a matter of public record.

DEPARTMENT OF VETERANS AFFAIRS

Notice of Availability of the Final Programmatic Environmental Impact Statement of the Department of Veterans Affairs Housing Loan Program

AGENCY: Department of Veterans Affairs.

ACTION: Notice of availability.

SUMMARY: The Department of Veterans Affairs (VA) announces the availability of the Final Programmatic Environmental Impact Statement (PEIS) for VA's Housing Loan Program (HLP). The Final PEIS identifies, analyzes, and

¹ 12 CFR 3.201 (OCC); 12 CFR 217.201 (Board); and 12 CFR 324.201 (FDIC). The market risk capital rule generally applies to any banking institution with aggregate trading assets and trading liabilities equal to (a) 10 percent or more of quarter-end total assets or (b) \$1 billion or more.

documents the potential physical, environmental, cultural, socioeconomic, and cumulative impacts of continued administration and operation of VA's HLP. The comprehensive HLP, which is managed by VA's Veterans Benefits Administration (VBA), administers VA-guaranteed housing loan benefits and other housing-related benefits that assist eligible Veterans, surviving spouses, active-duty personnel, Selected Reservists, and National Guardsmen (collectively referred to as Veterans) in purchasing, constructing, repairing, adapting, or improving a home. In preparing the Final PEIS, VA has considered public comments received on the Draft PEIS, which was published in July 2021.

DATES: VA will publish a Record of Decision no sooner than 30 days after publication of the U.S. Environmental Protection Agency's Notice of Availability for this Final PEIS in the **Federal Register**.

ADDRESSES: The Final PEIS is available at the VA website at the following link: https://www.benefits.va.gov/homeloans/environmental_impact.asp. Printed copies of the document may be obtained by contacting VA at VAHLPNEPA.VBAVACO@va.gov.

FOR FURTHER INFORMATION CONTACT: Erin Byrum, Lead Management Analyst, Loan Guaranty Service, Veterans Benefit Administration, Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420, 202-632-8862 (this is not a toll-free number) or VAHLPNEPA.VBAVACO@va.gov.

SUPPLEMENTARY INFORMATION: The Final PEIS was developed pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended (42 U.S.C. 4321, *et seq.*), the Council on Environmental Quality's regulations for implementing the procedural provisions of NEPA (40 CFR 1500-1508), and VA's NEPA regulations titled "Environmental Effects of the Department of Veterans Affairs Actions" (38 CFR 26).

The most significant element of the HLP is the provision of housing benefits that assist eligible Veterans in financing the purchase, construction, repair, or improvement of a home for their personal occupancy. See 38 U.S.C. 3701 *et seq.* VBA provides Federal assistance in the form of loans made, insured, or guaranteed by VA. VBA is also responsible for the management, marketing, and disposition of real estate-owned properties that VA acquires following the foreclosure of certain VA-guaranteed loans and loans held in VA's portfolio. Under the HLP, VA also provides direct loans to Native American Veterans to purchase homes

on trust, tribal, or communally owned lands, and the HLP extends grants for home adaptations to Veterans with service-connected disabilities through the Specially Adapted Housing program. The HLP provides what can be, for some Veterans, their sole opportunity to obtain crucial housing loans and grants.

Through the PEIS, VA evaluated the potential physical, environmental, cultural, socioeconomic, and cumulative effects of the HLP to assist and inform future agency planning and decision making related to the HLP. Environmental topics addressed in the Final PEIS include the following: aesthetics; air quality; biological resources; cultural resources; floodplains, wetlands, and coastal zones; geology and soils; hydrology and water quality; infrastructure and community services; land use and planning; noise; and socioeconomic and environmental justice. The PEIS also identifies and analyzes potential cumulative impacts, which are the potential incremental impacts on the environment resulting from continued administration and operation of the HLP in combination with other past, present, and reasonably foreseeable future actions from other relevant Federal and non-Federal programs.

The PEIS is atypical in that it addresses an existing program, and VA has no specific or immediate need to change its operational structure or procedures to address environmental impacts. Furthermore, the making of loan guaranties, direct loans, and grants do not typically result in direct environmental impacts. In this case, the primary environmental impacts of concern for VA would be the potential indirect impacts from homeowner actions and the potentially significant, cumulative impacts of small incremental actions on local and regional resources.

The Final PEIS considers comments made on the Draft PEIS that officially began on July 16, 2021 and ended on August 30, 2021. Based on the information provided in the Final PEIS, VA has identified the continued operation and active management of the HLP as the preferred alternative.

Signing Authority

Denis McDonough, Secretary of Veterans Affairs, approved this document on June 6, 2022, and authorized the undersigned to sign and submit the document to the Office of the Federal Register for publication

electronically as an official document of the Department of Veterans Affairs.

Assistant Director, Office of Regulation Policy & Management, Office of General Counsel, Department of Veterans Affairs.

DEPARTMENT OF VETERANS AFFAIRS

Calculation of Average Wait Time for New and Established Patients

AGENCY: Department of Veterans Affairs.

ACTION: Notice and request for comment.

SUMMARY: Providing veterans with meaningful information to make informed decisions about their health care is a top priority for the Department of Veterans Affairs (VA). VA has published average wait times for primary care, mental health, and specialty care appointments at each of its medical centers since 2014. Since that time, VA has received feedback from veterans, caregivers, veterans service organizations, oversight authorities, and Congress, which led VA to revise the wait time metrics presented on the Access to Care website to better reflect veterans' experience. This notice describes this revised methodology. Additionally, VA is requesting public comment on the revised wait time metrics presented on the Access to Care website.

DATES: Comments must be received on or before 60 days after date of publication in the **Federal Register**.

ADDRESSES: Comments may be submitted through www.Regulations.gov. Comments received will be available at regulations.gov for public viewing, inspection, or copies.

FOR FURTHER INFORMATION CONTACT: Joseph Duran, Director, Policy and Planning, Office of Integrated Veteran Care (OIVC), Veterans Health Administration, Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420. VHA16IVCAccessAction@va.gov or 303-370-1637 (This is not a toll-free number).

SUPPLEMENTARY INFORMATION: Section 206 of the Veterans Access, Choice, and Accountability Act of 2014 (Pub. L. 113-146) requires the Department of Veterans Affairs (VA) to publish in the **Federal Register**, and on a publicly accessible internet website of each medical center of the Department, the wait-times for the scheduling of an
