

official seals and must not claim endorsement.

2. *Functionality/Accuracy*—A product may be disqualified if it fails to function as expressed in the description provided by the user, or if it provides inaccurate or incomplete information.

3. *Security*—Submissions must be free of malware. Contestant agrees that ONC may conduct testing on the product to determine whether malware or other security threats may be present. ONC may disqualify the product if, in ONC's judgment, the app may damage government or others' equipment or operating environment.

Registration Process for Participants

To register for this Challenge, participants can access <http://www.challenge.gov> and search for "Market R&D Pilot Challenge."

Prize

- Up to six Host/Innovator teams will each win \$50,000 prizes (50% to be disbursed following award, 50% to be disbursed upon completion of pilot)
- *Total:* up to \$300,000 in prizes

Payment of the Prize

Prize will be paid by contractor.

Basis Upon Which Winner Will Be Selected

The review panel will make selections based upon the following criteria:

- Pilot proposal and design
- Pilot budget and scale
- Potential for health impact
- Relevance to ONC priorities
- Potential of Innovator's product
- Team experience and strength of match
- Proposed public deliverable

Additional Information

General Conditions: ONC reserves the right to cancel, suspend, and/or modify the Contest, or any part of it, for any reason, at ONC's sole discretion.

Intellectual Property: Each entrant retains title and full ownership in and to their submission. Entrants expressly reserve all intellectual property rights not expressly granted under the challenge agreement. By participating in the challenge, each entrant hereby irrevocably grants to Sponsor and Administrator a limited, non-exclusive, royalty-free, worldwide license and right to reproduce, publically perform, publically display, and use the Submission to the extent necessary to administer the challenge, and to publically perform and publically display the Submission, including, without limitation, for advertising and promotional purposes relating to the challenge.

Dated: October 9, 2014.

Dr. Karen DeSalvo,

National Coordinator for Health Information Technology.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Advisory Committee to the Director (ACD), Centers for Disease Control and Prevention—Health Disparities Subcommittee (HDS); Meetings

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC) announces the following meeting of the aforementioned subcommittee:

Times and Dates

1:30 p.m.–5:00 p.m. EST, November 12, 2014.

9:00 a.m.–3:00 p.m. EST, November 13, 2014.

Place: CDC, Building 19, Distance Learning Auditorium, 1600 Clifton Road NE., Atlanta, Georgia 30333.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 50 people. The public is welcome to participate during the public comment period, tentatively scheduled from 2:45 p.m. to 3:00 p.m. on November 13, 2014. This meeting is also available by teleconference. Please dial (866) 763-0273 and enter code 6158968.

Purpose: The Subcommittee will provide advice to the CDC Director through the ACD on strategic and other health disparities and health equity issues and provide guidance on opportunities for CDC.

Matters for Discussion: The Health Disparities Subcommittee members will discuss progress-to-date in accomplishing the health equity recommendations approved by the CDC ACD; updates on health disparities training for the public health workforce, and collaborations with the State, Tribal, Local, and Territorial Subcommittee to the ACD.

The agenda is subject to change as priorities dictate.

National Institutes of Health

National Institute of Environmental Health Sciences; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Environmental Health Sciences Review Committee.

Date: November 12–13, 2014.

Time: 8:00 a.m. to 6:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institute of Environmental Health Sciences, Building 101, Rodbell Auditorium, 111 T.W. Alexander Drive, Research Triangle Park, NC 27709.

Contact Person: Linda K Bass, Ph.D., Scientific Review Administrator, Scientific Review Branch, Division of Extramural Research and Training, Nat'l Institute of Environmental Health Sciences, P.O. Box 12233, MD EC-30, Research Triangle Park, NC 27709, (919) 541-1307.

BILLING CODE 4140-01-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[14X.LLAZA03000.L17110000.DF0000.241A]

Notice of Intent To Prepare an Environmental Impact Statement for the Proposed Uinkaret Mountains Landscape Restoration Project, Arizona Strip, Mohave County, AZ

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: In compliance with the National Environmental Policy Act of 1969, as amended (NEPA), and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) Grand Canyon-Parashant National Monument and Arizona Strip Field Office, St. George, Utah, intend to prepare an Environmental Impact Statement (EIS) for the Uinkaret Mountains Landscape Restoration Project and by this notice is announcing the beginning of the scoping process to solicit public comments and identify issues.

DATES: This notice initiates the public scoping process for the EIS. Comments on issues may be submitted in writing until November 20, 2014. Two public open-house meetings will be held—one in St. George, Utah, and one in Mesquite, Nevada. The dates and locations of these meetings will be announced at least 15 days in advance through local media, newspapers and the BLM Web sites at: http://www.blm.gov/az/st/en/fo/grand_canyon-parashant.html, and http://www.blm.gov/az/st/en/fo/arizona_strip_field.html. In order to be considered during preparation of the Draft EIS, all comments must be received prior to the close of the 30 day scoping period or 15 days after the last public meeting, whichever is later. The BLM will provide additional opportunities for public participation upon publication of the Draft EIS.

ADDRESSES: You may submit comments on issues related to the proposed Uinkaret Mountains Landscape

Restoration Project by any of the following methods:

- *Email:* blm_az_uinkaret_eis@blm.gov
- *Fax:* 435-688-3258.
- *Mail:* 345 East Riverside Drive, St. George, UT 84790.
- *In person:* At either open-house meeting.

Documents pertinent to this proposal may be examined at the Grand Canyon-Parashant National Monument and Arizona Strip Field offices.

FOR FURTHER INFORMATION CONTACT:

Richard Spotts, Planning and Environmental Coordinator; telephone 435-688-3207; address 345 East Riverside Drive, St. George, UT 84790; email: blm_az_uinkaret_eis@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The BLM is proposing to conduct the Uinkaret Mountains Landscape Restoration Project located on public lands administered by the Grand Canyon-Parashant National Monument and Arizona Strip Field Office in Mohave County, Arizona. The project area encompasses approximately 128,535 acres. Individual areas ranging from several acres to several thousand acres would be treated using a variety of methods including manual, mechanical, chemical, management of wildfires, use of prescribed fire, and seeding depending on the resource management goals and desired outcomes for the specific treatment area. Grand Canyon-Parashant National Monument and the Arizona Strip Field Office completed interdisciplinary land health evaluations of existing resource conditions throughout the project area. These evaluations identified areas where one or more of the Standards for Rangeland Health were not being met. The information from these land health evaluations will be used in development of the Uinkaret Mountains Landscape Restoration Project. The project will be conducted in conformance with the Grand Canyon-Parashant National Monument and Arizona Strip Field Office Resource Management Plans and Records of Decision approved January 29, 2008.

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the

environmental analysis, including alternatives, and guide the process for developing the EIS. At present, the BLM has identified the following preliminary issues:

- Excessive fuel loadings, including closed-canopy stands and ladder fuels, are contributing to the risk of large high-intensity wildfires, and posing a threat to resources including wildlife habitat, species diversity, wildland urban interface areas, and the ponderosa pine ecosystem in the Mt. Trumbull area which is identified as a biologic resource of scientific interest to be protected in the Monument proclamation.

- Past management practices, such as timber harvest, livestock grazing, and fire suppression have affected vegetation communities; this has altered species composition, structure and function in many portions of the project area including within designated wilderness.

- Pinyon and juniper species are encroaching or expanding into the sagebrush and ponderosa pine communities causing a decline in species diversity, hydrologic function, and a decrease in the quality of important wildlife habitat, as well as habitat fragmentation.

- Accelerated soil erosion in parts of the project area is decreasing nutrient cycling and soil productivity.

- Habitat conditions have declined in areas with sagebrush monoculture and continuous closed canopy stands, resulting in a lack of species diversity and accelerated soil erosion.

The BLM anticipates that potential direct and indirect impacts of the project will be mitigated to an acceptable level onsite. The BLM will consider and analyze potential regional mitigation actions through the NEPA process.

The BLM will use NEPA public participation requirements to assist the agency in satisfying the public involvement requirements under Section 106 of the National Historic Preservation Act (NHPA) (16 U.S.C. 470(f)) pursuant to 36 CFR 800.2(d)(3). The information about historic and cultural resources within the area potentially affected by the proposed Uinkaret Mountains Landscape Restoration Project will assist the BLM in identifying and evaluating impacts to such resources in the context of both NEPA and Section 106 of the NHPA.

The BLM will consult with Indian tribes on a government-to-government basis in accordance with Executive Order 13175 and other policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to
