B. Required Registration Information

Members of the public may register to attend any or all three meetings as observers, or register to speak if planning to offer oral comments during the scheduled public comment session of a meeting. To register for the meetings online or by mail, you must provide your full name, organization or affiliation, and contact information. You must also indicate which meetings you plan to attend and if you would like to speak during the scheduled public comment session of a meeting. If you register to speak, you must also indicate if you have any special requirements related to your oral comments (e.g., translation).

If you indicate that you wish to speak, you will be asked to select one category most closely reflecting the content of your oral comments. The comment categories related to the charge questions are:

1. General comments on the risk assessment document;
2. Comments on the exposure assessment;
3. Comments on the hazard assessment;
4. Comments on the risk characterization; or
5. Other issues.

Should more than 30 speakers register for a single meeting, these categories will be used to ensure that a balance of substantive science issues relevant to the assessment is heard. Additional information on the selection of speakers and speaking times will be sent out by SCG 3 days prior to each peer review meeting to all individuals registered to speak.

To accommodate as many registered speakers as possible, registered speakers may present oral comments only, without visual aids or written material. Peer review panel members will have access to any written comments and materials and electronic materials previously submitted to the docket. Registered observers and speakers will not be allowed to distribute any written comments and materials or electronic materials directly to the peer review panel members.

C. Web Meeting Access

Each peer review meeting will be held via web connect and teleconferencing. SCG will provide all registered participants with information on how to participate in advance of the first peer review meeting.
