Abstract: The Annual Protection and Advocacy of Individual Rights (PAIR) Program Performance Report (Form RSA–509) will be used to analyze and evaluate the PAIR Program administered by eligible systems in states. These systems provide services to eligible individuals with disabilities to protect their legal and human rights. RSA uses the form to meet specific data collection requirements of Section 509 of the Rehabilitation Act of 1973, as amended (the Act), and its implementing federal regulations at 34 CFR part 381. PAIR programs must report annually using the RSA–509, which is due on or before December 30 each year.

The collection of information through Form RSA–509 has enabled RSA to furnish the President and Congress with data on the provision of protection and advocacy services and has helped to establish a sound basis for future funding requests. Data from the form have been used to evaluate the

effectiveness of eligible systems within individual states in meeting annual priorities and objectives. These data also have been used to indicate trends in the provision of services from year-to-year.

The respondents to the RSA-509 is the protection and advocacy system in each state. These organizations are private not-for-profit organizations. RSA included the respondents and the national organization that represents them (National Disability Rights Network (NDRN)) in the initial development of this collection of information in an effort to ensure that the information requested could be provided with minimal burden to the respondents.
