

the Wilmington YMCA Triathlon to be held September 30, 2006, on the waters of Wrightsville Channel, Wrightsville Beach, North Carolina. This action is necessary to provide for the safety of life on navigable waters during the event. The effect will be to restrict general navigation in the regulated area for the safety of participants and vessels transiting the event area.

DATES: *Effective Dates:* 33 CFR 100.513 will be enforced from 6:30 a.m. to 8:30 a.m. on September 30, 2006.

FOR FURTHER INFORMATION CONTACT: CWO Chris Humphrey, Coast Guard Sector North Carolina, Prevention Department, at (252) 247-4525.

SUPPLEMENTARY INFORMATION: The Wilmington YMCA will sponsor the Wilmington YMCA Triathlon on September 30, 2006 on the waters of Wrightsville Channel, Wrightsville Beach, North Carolina. The event will involve approximately 1500 swimmers competing along a course within the regulated area. In order to ensure the safety of the swimmers and transiting vessels, 33 CFR 100.513 will be enforced for the duration of the event. Under provisions of 33 CFR 100.513, a vessel may not enter the regulated area unless it receives permission from the Coast Guard Patrol Commander.

In addition to this notice, the maritime community will be provided extensive advance notification via the Local Notice to Mariners, marine information broadcasts, local radio stations and area newspapers, so mariners can adjust their plans accordingly.

Dated: July 19, 2006.

L.L. Hereth,

Rear Admiral, U.S. Coast Guard, Commander, Fifth Coast Guard District.

Drawbridge Operation Regulations; Mill Neck Creek, Oyster Bay, NY

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations; request for comments.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the regulation governing the operation of the Bayville Bridge,

across Mill Neck Creek, mile 0.1, at Oyster Bay, New York. This deviation will test a change to the drawbridge operation schedule to determine whether a permanent change to the schedule is needed. Under this deviation the bridge shall be crewed on a fixed daily schedule between July 21, 2006 and October 18, 2006. At all other times the bridge shall open on signal if at least a two-hour notice is given by calling the number posted at the bridge.

DATES: This deviation is effective from July 21, 2006 through October 18, 2006. Comments must reach the Coast Guard on or before November 18, 2006.

ADDRESSES: You may mail comments and related material to Commander (dpb), First Coast Guard District Bridge Branch, One South Street, Battery Park Building, New York, New York, 10004, or deliver them to the same address between 7 a.m. and 3 p.m., Monday through Friday, except, Federal holidays. The First Coast Guard District, Bridge Branch, maintains the public docket for this deviation. Comments and material received from the public, as well as documents indicated in this notice as being available in the docket, will become part of this docket and will be available for inspection or copying at the First Coast Guard District, Bridge Branch, 7 a.m. to 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Judy Leung-Yee, Project Officer, First Coast Guard District, at (212) 668-7195.

SUPPLEMENTARY INFORMATION:

Request for Comments

We encourage you to participate in evaluating this test schedule by submitting comments or related material. If you do so, please include your name and address, identify the docket number for this deviation (CGD01-06-091), indicate the specific section of this document to which each comment applies, and give the reason for each comment. Please submit all comments and related material in an unbound format, no larger than 8½ by 11 inches, suitable for copying. If you would like to know if they reached us, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period. Comments must be received by November 18, 2006.

Background and Purpose

The Bayville Bridge has a vertical clearance in the closed position of 9 feet at mean high water and 16 feet at mean low water. The existing drawbridge operation regulations require the bridge to open on demand.

The bridge owner, County of Nassau, Department of Public Works, requested a temporary deviation from the drawbridge operation regulations to test an alternate drawbridge operation schedule to help relieve the bridge owner from the burden of crewing the bridge during the time periods the bridge seldom receives requests to open.

Under this temporary deviation, in effect from July 21, 2006 through October 18, 2006, the Bayville Bridge at mile 0.1, across Mill Neck Creek, shall operate as follows:

From July 21, 2006 through Labor Day, September 4, 2006, the bridge shall open on signal from 7 a.m. through 5 p.m., Monday through Wednesday; from 7 a.m. through 9 p.m., on Thursday; from 7 a.m. through 11 p.m., on Friday and Saturday; and from 7 a.m. through 9 p.m. on Sunday.

From September 5, 2006 through October 18, 2006, the bridge shall open on signal from 7 a.m. through 5 p.m., daily.

At all other times the bridge shall open on signal if at least a two-hour notice is given by calling the number posted at the bridge.

This deviation from the operating regulations is authorized under 33 CFR 117.43.

Dated: July 20, 2006.

Gary Kassof,

Bridge Program Manager, First Coast Guard District.

Drawbridge Operation Regulations; Hackensack River, Jersey City, NJ

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the regulation governing the operation of the Path Bridge, across the Hackensack River, mile 3.0, at Jersey City, New Jersey. This deviation allows the bridge to remain in the closed position every Saturday and Sunday from July 22, 2006 through September 18, 2006. This deviation is necessary to facilitate scheduled bridge maintenance.

DATES: This deviation is effective from July 22, 2006 through September 18, 2006.

ADDRESSES: Materials referred to in this document are available for inspection or copying at the First Coast Guard District, Bridge Branch Office, One South Street, New York, New York, 10004, between 7 a.m. and 3 p.m., Monday through Friday, except Federal holidays. The telephone number is (212) 668-7165. The First Coast Guard District Bridge Branch Office maintains the public docket for this temporary deviation.

FOR FURTHER INFORMATION CONTACT: Joe Arca, Project Officer, First Coast Guard District, at (212) 668-7165.

SUPPLEMENTARY INFORMATION: The Path Bridge, across the Hackensack River, mile 3.0, at Jersey City, New Jersey, has a vertical clearance in the closed position of 40 feet at mean high water and 45 feet at mean low water. The existing regulation is listed at 33 CFR 117.723(a)(5).

The owner of the bridge, Port Authority of New York and New Jersey, requested a temporary deviation to facilitate scheduled structural bridge repairs, miter rail replacement. In order to perform the above repairs the bridge must remain in the closed position and the work performed on Saturdays and Sundays when the rail traffic is less frequent.

Under this temporary deviation the Path Bridge across the Hackensack River, mile 3.0, at Jersey City, New Jersey, shall remain in the closed position on every Saturday and Sunday from July 22, 2006 through September 18, 2006.

Vessels that can pass under the draw without a bridge opening may do so at all times.

In accordance with 33 CFR 117.35(c), this work will be performed with all due speed in order to return the bridge to normal operation as soon as possible. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: July 20, 2006.

Gary Kassof,

Bridge Program Manager, First Coast Guard District.

Subsistence Management Regulations for Public Lands in Alaska, Subpart D; Seasonal Adjustments—Copper, Unalakleet, and Yukon Rivers

AGENCIES: Forest Service, USDA; Fish and Wildlife Service, Interior.

ACTION: Seasonal adjustments.

SUMMARY: This provides notice of the Federal Subsistence Board's in-season management actions to protect Chinook salmon escapement in the Unalakleet River, and to provide additional subsistence harvest opportunities for Chinook salmon in the Yukon River and for sockeye salmon in the Copper River. The revised fishing schedule for the Chitina Subdistrict of the Copper River, the additional fishing time on the Yukon River, and the closure of the Unalakleet River provide exceptions to the Subsistence Management Regulations for Public Lands in Alaska, published in the **Federal Register** on March 29, 2006. Those regulations established seasons, harvest limits, methods, and means relating to the taking of fish and shellfish for subsistence uses during the 2006 regulatory year.

DATES: The latest fishing schedule for the Chitina Subdistrict of the Upper Copper River District is effective July 11, 2006, through September 1, 2006. The closure of the Unalakleet River is effective July 10, 2006, through August 1, 2006. Drift gillnet fishing in Subdistricts 4B and 4C of the Yukon River is effective from noon, July 13, 2006, to midnight, July 14, 2006.

FOR FURTHER INFORMATION CONTACT: Peter J. Probasco, Office of Subsistence Management, U.S. Fish and Wildlife Service, telephone (907) 786-3888. For questions specific to National Forest System lands, contact Steve Kessler, Subsistence Program Manager, USDA—Forest Service, Alaska Region, telephone (907) 786-3592.

SUPPLEMENTARY INFORMATION:

Background

Title VIII of the Alaska National Interest Lands Conservation Act (ANILCA) (16 U.S.C. 3111-3126) requires that the Secretary of the Interior

and the Secretary of Agriculture (Secretaries) implement a joint program to grant a preference for subsistence uses of fish and wildlife resources on public lands in Alaska, unless the State of Alaska enacts and implements laws of general applicability that are consistent with ANILCA and that provide for the subsistence definition, preference, and participation specified in Sections 803, 804, and 805 of ANILCA. In December 1989, the Alaska Supreme Court ruled that the rural preference in the State subsistence statute violated the Alaska Constitution and, therefore, negated State compliance with ANILCA.

The Department of the Interior and the Department of Agriculture (Departments) assumed, on July 1, 1990, responsibility for implementation of Title VIII of ANILCA on public lands. The Departments administer Title VIII through regulations at Title 50, Part 100 and Title 36, Part 242 of the Code of Federal Regulations (CFR). Consistent with Subparts A, B, and C of these regulations, as revised January 8, 1999 (64 FR 1276), the Departments established a Federal Subsistence Board to administer the Federal Subsistence Management Program. The Board's composition includes a Chair appointed by the Secretary of the Interior with concurrence of the Secretary of Agriculture; the Alaska Regional Director, U.S. Fish and Wildlife Service; the Alaska Regional Director, National Park Service; the Alaska State Director, Bureau of Land Management; the Alaska Regional Director, Bureau of Indian Affairs; and the Alaska Regional Forester, USDA Forest Service. Through the Board, these agencies participate in the development of regulations for Subparts A, B, and C, which establish the program structure and determine which Alaska residents are eligible to take specific species for subsistence uses, and the annual Subpart D regulations, which establish seasons, harvest limits, and methods and means for subsistence take of species in specific areas. Subpart D regulations for the 2006 fishing seasons, harvest limits, and methods and means were published on March 29, 2006 (71 FR 15569). Because this action relates to public lands managed by an agency or agencies in both the Departments of Agriculture and the Interior, identical closures and adjustments would apply to 36 CFR part 242 and 50 CFR part 100.

The Alaska Department of Fish and Game (ADF&G), under the direction of the Alaska Board of Fisheries (BOF), manages sport, commercial, personal use, and State subsistence harvest on all lands and waters throughout Alaska.
