**FOR FURTHER INFORMATION CONTACT:** For specific questions related to collection activities, please contact Lavelle Wright, 202–453–7739.

**SUPPLEMENTARY INFORMATION:** The Department, in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. The Department is soliciting comments on the proposed information collection request (ICR) that is described below. The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

**Title of Collection:** Student Support Services Annual Performance Report.

**OMB Control Number:** 1840–0525.

**Type of Review:** A revision of a currently approved ICR.

**Respondents/Affected Public:** Private sector.

**Total Estimated Number of Annual Responses:** 1,161.

**Total Estimated Number of Annual Burden Hours:** 17,821.

**Abstract:** Student Support Services (SSS) program grantees must submit the Annual Performance Report (APR) annually. The reports are used to evaluate grantees' performance for

substantial progress, respond to Government Performance and Results Act requirements, and award prior experience points at the end of each project (budget) period. The Department also aggregates the data to provide descriptive information on the projects and to analyze the impact of the SSS program on the academic progress of participating students.

The form has been revised to include an additional field addressing the Higher Education Act provision that requires the Secretary to report comparable data on the performance of not only first-generation and low-income students but also on students with disabilities. This field adds a small amount of additional burden per grantee.

Dated: June 26, 2023.
