Foreign-Trade Zones Board

[Docket 10–2005]

Proposed Foreign-Trade Zone— Conroe (Montgomery County), TX; Application for Subzone, WLS Drilling Products, Inc. (Mining Drill Bits); Montgomery, TX

An application has been submitted to
the Foreign-Trade Zones Board (the
Board) by the City of Conroe, Texas,
which has an application pending
before the Board for FTZ status,
requesting special-purpose subzone
status for the warehousing facility
(mining drill bits) of WLS Drilling
Products, Inc., (WLS Drilling) in
Montgomery, Texas. The application
was submitted pursuant to the Foreign-
Trade Zones Act, as amended (19 U.S.C.
81a–81u), and the regulations of the
Board (15 CFR part 400). It was formally
filed on February 25, 2005.

The WLS Drilling facility is located at
18904 Freeport Drive in Montgomery,
Texas. The facility (8 employees; 7,000
sq. ft. warehouse with adjacent 2,500 sq.
ft. office on 5.2 acres) warehouses and
distributes finished rotary rock drill bits
used in the mining, construction, and
oil and gas industries. WLS Drilling's
imported drill bits currently enter the
U.S. duty free. However, the application
states that the imported products may
become subject to duties in the future.
WLS Drilling also indicates that,
although no manufacturing authority is
currently requested, there is the
potential for manufacturing at the site in
the future. Finally, the application states
that the company will benefit from an
FTZ-related exemption from local
property tax.

In accordance with the Board's
regulations, a member of the FTZ Staff
has been designated examiner to
investigate the application and report to
the Board.

Public comment is invited from
interested parties. Submissions (original
and 3 copies) shall be addressed to the
Board's Executive Secretary at one of
the following addresses:
