

background materials are posted and updated online and can be found at the following HSRP websites: <https://www.nauticalcharts.noaa.gov/hsrp/hsrp.html> and <https://www.nauticalcharts.noaa.gov/hsrp/meetings.html>. The agenda is subject to change. Past HSRP recommendation letters, issue papers, and position papers may be found online at: <https://www.nauticalcharts.noaa.gov/hsrp/recommendations.html>.

Comments for the HSRP public meeting record may be submitted by one of the following methods:

- **Email:** Send written comments in advance of the HSRP public meeting to hydroservices.panel@noaa.gov, with "September 2023 HSRP meeting public comments" in the subject line of the email message.
- **Webinar:** Submit written comments during the HSRP public meeting through the HSRP webinar's "Questions" function. As time allows, commenters may be invited to orally expand on their written comments submitted during the public meeting's public comment periods.

FOR FURTHER INFORMATION CONTACT:

Virginia Dentler, Acting NOAA HSRP Program Manager, email: hydroservices.panel@noaa.gov, phone: 240-507-0585.

SUPPLEMENTARY INFORMATION: The Hydrographic Services Improvement Act of 1998, as amended (HSIA; 33 U.S.C. 892 *et seq.*), established the HSRP as a Federal Advisory Committee (see 33 U.S.C. 892c) to advise the NOAA Administrator "on matters related to the responsibilities and authorities set forth in [33 U.S.C. 892a]" of the HSIA, "and such other appropriate matters as the Administrator refers to the [HSRP] for review and advice."

The HSRP invites NOAA stakeholder feedback and welcomes public comments in advance of and during the upcoming HSRP public meeting on the use of NOAA's navigation, observations, and positioning data, science, products, and services for the National Ocean Service's Center for Operational Oceanographic Products and Services, National Geodetic Survey, and Office of Coast Survey, and the NOAA/University of New Hampshire Joint Hydrographic Center. Public comments sent in advance of the HSRP public meeting will be shared with the HSRP members, posted on the meeting website, and included in the public record for the meeting. Individuals and groups may also submit public comments during the meeting through the webinar's "Questions" function. These public comments will be read into the record

during public comment periods. As time allows, commenters may be invited to orally expand on their written comments during the meeting's public comment periods. Due to time constraints, all public comments may not be addressed orally during the meeting.

Matters to Be Considered

The HSRP members will focus on the mission and issues relevant to NOAA's navigation, observations, and positioning services, and the value these services bring the nation, and invite suggestions from stakeholders and partners for improvements to these services. This suite of NOAA services supports safe and efficient navigation, the blue economy, resilient coasts and communities, and the nationwide positioning information infrastructure to support America's climate needs and commerce. Specifically, the HSRP will consider:

- National Ocean Service programs' recent activities such as the update to the National Spatial Reference System, datums, national ocean and coastal mapping goals and the Standard Ocean Mapping Protocol, hydrographic surveying, nautical charting, uncrewed systems, coastal remote sensing and bathymetric lidar, photogrammetry, positioning, sea level rise and water levels in support of "seamless data."
- The status of NOAA's navigation services in the context of recent legislation (e.g., the National Defense Authorization Act, Bipartisan Infrastructure Law, and Inflation Reduction Act).
- Measuring, monitoring, and mitigating flooding and sea level change and the contribution of NOAA's critical foundational geospatial data to projects.
- NOAA navigation data, products, and services that enable further economic growth and impact safe navigation.
- The geodesy education and training crisis.
- The exploration of possible benefits and applicability of Digital Twin technology to help manage coastal mapping data, maritime navigation, fleet management and related applications. Digital Twin uses Artificial Intelligence, deep learning, data analytics, and modeling to maximize use of tremendous amounts of data.
- Other topics related to NOAA programs and activities may be discussed, such as bathymetric and coastal/ocean modeling, tide and current observations, contributions to resilience and coastal data and information systems to support planning for climate change, flooding,

inundation, contributions to the Blue Economy, Physical Oceanographic Real-Time System (PORTS®) () sensor enhancements and expansion, Precision Marine Navigation, the transition from raster paper charts to Electronic Navigational Charts, geodetic observations, gravity modeling, and data stewardship.

- And, the scientific mapping and technology research projects tied to the cooperative agreements between NOAA and partners at the University of New Hampshire and the University of South Florida.

Special Accommodations

This public meeting is accessible to people with disabilities and there will be sign language interpretation and captioning services. Please direct requests for other auxiliary aids to Melanie Colantuno at hydroservices.panel@noaa.gov at least 10 business days in advance of the meeting.

Benjamin K. Evans,

Director, Office of Coast Survey, National Ocean Service, National Oceanic and Atmospheric Administration.

Fisheries of the Gulf of Mexico; National Marine Fisheries Service—Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The National Marine Fisheries Service will hold an in-person Gulf of Mexico shrimp listening session on September 20, 2023.

DATES: The listening session will be held on Wednesday, September 20, 2023, from 4 p.m. until 7 p.m. EDT.

ADDRESSES: *Meeting address:* The meeting is open to members of the public. The listening session will be held at the Gulf of Mexico Fishery Management Council, 4107 W Spruce St. #200, Tampa, FL 33607. Those interested in participating should contact Molly Stevens (see **FOR FURTHER INFORMATION CONTACT** below).

FOR FURTHER INFORMATION CONTACT: Molly Stevens, Lead Shrimp

Assessment Analyst, NMFS Southeast Fisheries Science Center, 305–361–4489, molly.stevens@noaa.gov.

SUPPLEMENTARY INFORMATION: NMFS is embarking on a stakeholder listening session to generate local ecological knowledge on the Gulf of Mexico shrimp fishery. Stakeholder input will serve to inform the research-track stock assessment for Gulf of Mexico shrimp. The goal of this listening session is to increase information flow from fishermen and stakeholders to scientists and managers to support improved fishery resources in the Gulf of Mexico.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for auxiliary aids should be directed to Molly Stevens (see **FOR FURTHER INFORMATION CONTACT** above) 5 days prior to the meeting.

Note: the times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 10, 2023.

Jennifer M. Wallace,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510–22–P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD–2023–OS–0024]

Submission for OMB Review; Comment Request

AGENCY: Office of the Under Secretary of Defense for Personnel and Readiness (OUSD(P&R)), Department of Defense (DoD).

ACTION: 30-Day information collection notice.

SUMMARY: The DoD has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

DATES: Consideration will be given to all comments received by September 15, 2023.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open

for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Angela Duncan, 571–372–7574, whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Independent Analysis and Recommendations on Domestic Abuse in the Armed Forces: Field Research; OMB Control Number: 0704–DAFR. *Type of Request:* New. *Number of Respondents:* 560. *Responses per Respondent:* 1. *Annual Responses:* 560. *Average Burden per Response:* 1 Hour.

Annual Burden Hours: 560. *Needs and Uses:* A comprehensive, independent analysis on the military-specific risk factors for domestic abuse (DA) and the best approaches across the coordinated community response system to mitigate those factors has never been conducted and is necessary to inform sustainable solutions to decrease incidents and prevent violence before it occurs. This project is required by the FY21 NDAA, section 549C, and will support (a) the programmatic needs of the sponsoring office—the Family Advocacy Program within the Military Community Advocacy Directorate in Military Community and Family Policy, (b) Congressional requirements per Section 549C of the FY21 National Defense Authorization Act, (c) the current administration’s priority to address gender-based violence, and (d) implementation of some recommendations contained in the U.S. Government Accountability Office Report 21–289 (May 2021). The overall project is wide ranging, from an epidemiological analysis to predict stages of military service where risk is highest for domestic violence, to an analysis of age-appropriate and positively focused prevention training for school-aged children, to assessing whether prevention would be enhanced by raising the disposition authority for domestic violence offenses.

Affected Public: Individuals and households.

Frequency: On occasion.

Respondent’s Obligation: Voluntary.

OMB Desk Officer: Ms. Jasmeet Seehra.

You may also submit comments and recommendations, identified by Docket ID number and title, by the following method:

• *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name, Docket

ID number, and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

DOD Clearance Officer: Ms. Angela Duncan.

Requests for copies of the information collection proposal should be sent to Ms. Duncan at whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

Dated: August 10, 2023.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001–06–P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD–2023–HA–0069]

Proposed Collection; Comment Request

AGENCY: Office of the Assistant Secretary of Defense for Health Affairs (OASD(HA)), Department of Defense (DoD).

ACTION: 60-Day information collection notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the Defense Health Agency (DHA) announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency’s estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by October 16, 2023.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.
