### Food Safety and Inspection Service

*Title:* Analyzing Consumers' Value of “Product of USA” Labeling Claims.

*OMB Control Number:* 0583–New.

*Summary of Collection:* The U.S. Department of Agriculture's (USDA's) Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*) and Poultry Products Inspection Act (21 U.S.C. 453 *et seq.*). This statute mandates that FSIS protect the public by verifying that meat and poultry products are safe, wholesome, unadulterated, and properly labeled and packaged. The FSIS Food Standards and Labeling Policy Book (the “Policy Book”) provides guidance to help meat and poultry product manufacturers prepare product labels that are truthful and not misleading.

The “Policy Book” states that labeling may bear the phrase “Product of USA” under one of the following conditions: (1) If the country to which the product is exported requires this phrase, and the product is processed in the United States or (2) if the product is processed in the United States (*i.e.*, is of domestic origin).

*Need and Use of the Information:* FSIS will conduct a web-based survey/experiment that will address three primary research questions: (1) Do consumers notice the “Product of USA” labeling claim?; (2) Do consumers understand the current “Product of USA” definition and other “USDA” labeling (*e.g.*, “USDA Choice”) as it relates to country of origin?; and (3) How much are consumers willing to pay for meat products bearing the “Product of USA” labeling claim for the current definition and potential revised definitions (*e.g.*, if the meat were from an animal that was born, raised, slaughtered, and processed in the United States)?

*Description of Respondents:* Individuals or households.

*Number of Respondents:* 9,873.

*Frequency of Responses:* Recordkeeping; Reporting: On occasion.

*Total Burden Hours:* 1,815.

Dated: April 14, 2022.
