NUCLEAR REGULATORY COMMISSION

Regulatory Guide; Issuance, Availability

The U.S. Nuclear Regulatory Commission (NRC) has issued a revision of a guide in its Regulatory Guide Series. This series has been developed to describe and make available to the public such information as methods acceptable to the NRC staff for implementing specific parts of the NRC's regulation, techniques used by the staff in evaluating specific problems or postulated accidents, and data needed by the staff in its review of applications for permits and licenses.

Revision 32 of Regulatory Guide 1.84, "Design, Fabrication, and Materials Code Case Acceptability, ASME Section III," contains comprehensive guidance on all Section III Code Cases, including those oriented to materials and related testing in Division 1.

With the issuance of Revision 32 to Regulatory Guide 1.84, Regulatory Guide 1.85, "Materials Code Case Acceptability, ASME Section III, Division 1," is being withdrawn because the guidance in Regulatory Guide 1.85 has been updated and incorporated into Revision 32 of Regulatory Guide 1.84.

Comments and suggestions in connection with items for inclusion in guides currently being developed or improvements in all published guides are encouraged at any time. You may submit comments by any one of the following methods. Comments may be accompanied by relevant information or supporting data. Written comments may be submitted by mail to the Rules and Directives Branch, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001; or they may be hand-delivered to the Rules and Directives Branch, Office of Administration, at 11555 Rockville Pike, Rockville, MD. Copies of comments received may be examined at the NRC's Public Document Room, 11555 Rockville Pike, Rockville, MD.

You may also provide comments via the NRC's interactive rulemaking web site through the NRC home page (<http://www.nrc.gov>). Regulatory guides

are available for inspection at the NRC's Public Document Room, 11555 Rockville Pike, Rockville, MD; the PDR's mailing address is USNRC PDR, Washington, DC 20555-0001; telephone (301) 415-4737 or (800) 397-4209; fax (301) 415-3548; e-mail pdr@nrc.gov. Requests for single copies of draft or final regulatory guides (which may be reproduced) or placement on an automatic distribution list for single copies of future draft guides in specific divisions should be made in writing to the U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Reproduction and Distribution Services Section, or by fax to (301) 415-2289; e-mail distribution@nrc.gov. Telephone requests cannot be accommodated. Regulatory guides are not copyrighted, and NRC approval is not required to reproduce them. (5 U.S.C. 552(a))

PENSION BENEFIT GUARANTY CORPORATION

Proposed Submission of Information Collection for OMB Review; Comment Request; Survey of Frozen Defined Benefit Pension Plans

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Notice of request for OMB approval.

SUMMARY: The Pension Benefit Guaranty Corporation intends to request that the Office of Management and Budget approve a new collection of information under the Paperwork Reduction Act. The purpose of the information collection, which will be conducted via a mail survey, is to help the PBGC assess the extent to which the plans it insures have been frozen, the intentions of the plans' sponsors regarding those frozen plans, and the extent to which plan sponsors are considering freezing plans that are not frozen. The effect of this notice is to advise the public of, and to solicit public comment on, this proposed collection of information.

DATES: Comments should be submitted by August 17, 2004.

ADDRESSES: Comments may be mailed to the Office of the General Counsel, Pension Benefit Guaranty Corporation,

1200 K Street, NW., Washington, DC 20005-4026, or delivered to Suite 340 at that address during normal business hours. Comments also may be submitted electronically through the PBGC's Web site at <http://www.pbgc.gov/paperwork>, or by fax to (202) 326-4112. The PBGC will make all comments available on its Web site, <http://www.pbgc.gov>.

Copies of the collection of information may be obtained without charge by writing to the PBGC's Communications and Public Affairs Department at Suite 240 at the above address or by visiting that office or calling (202) 326-4040 during normal business hours. (TTY and TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to (202) 326-4040.)

FOR FURTHER INFORMATION CONTACT:

James L. Beller, Attorney, Office of the General Counsel, PBGC, 1200 K Street, NW., Washington, DC 20005-4026; (202) 326-4024. (TTY and TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to (202) 326-4024.)

SUPPLEMENTARY INFORMATION: The PBGC intends to request that OMB approve a mail survey designed to gather information about frozen defined benefit plans. Findings about these plans' characteristics, sponsor rationales for freezing these plans, sponsor intentions to either terminate or unfreeze these plans, and sponsor intentions to freeze plans that are not frozen will allow the PBGC to better forecast future trends in the plans it insures. In addition, the Government Accounting Office has recommended that the PBGC "conduct a pilot study to identify frozen [defined benefit] plans it insures and assess the usefulness of information on the characteristics and consequences of plan freezes." This collection of information would address that recommendation.

Participation in this voluntary collection of information will put a slight burden on a very small percentage of the public. The PBGC estimates that there will be 400 respondents with an annual burden of approximately 180 hours and \$5,500. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The PBGC is specifically seeking public comment to:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
