Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Final Determination of No Shipments

In the *Preliminary Results*, Commerce determined that TMI and TMM had no shipments of subject merchandise to the United States during the POR.⁶ As noted in the *Preliminary Results*, we received no-shipment statements from TMI and TMM,⁷ and the statements were consistent with the information we received from U.S. Customs and Border Protection (CBP).⁸ Because Commerce did not receive any comments on its preliminary finding, Commerce continues to find that TMI and TMM did not have any shipments of subject merchandise during the POR.

Assessment Rates

Based on record evidence, we have determined that TMI and TMM had no shipments of subject merchandise during the POR, and, therefore, pursuant to Commerce's assessment practice, any suspended entries entered under their case numbers will be liquidated at the China-wide entity rate.⁹

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S.

⁵ This third exclusion for magnesium-based reagent mixtures is based on the exclusion for reagent mixtures in the 2000–2001 investigations of magnesium from China, Israel, and Russia. See *Final Determination of Sales at Less Than Fair Value: Pure Magnesium in Granular Form from the People's Republic of China*, 66 FR 49345 (September 27, 2001); see also *Final Determination of Sales at Less Than Fair Value: Pure Magnesium from Israel*, 66 FR 49349 (September 27, 2001); and *Final Determination of Sales at Not Less Than Fair Value: Pure Magnesium from the Russian Federation*, 66 FR 49347 (September 27, 2001). These mixtures are not magnesium alloys, because they are not combined in liquid form and cast into the same ingot.

⁸ See Memorandum, "Release of U.S. Customs and Border Protection Data," dated July 5, 2022, at Attachments 1–3. We note that CBP did not respond to our no-shipment inquiry in Attachment with any contrary information by the expiration of the 10-day deadline.

Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) for previously investigated or reviewed Chinese and non-Chinese exporters that received a separate rate in a prior segment of this proceeding, including TMI, the cash deposit rate will continue to be the existing exporter-specific rate; (2) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, including TMM, the cash deposit rate will be the China-wide rate of 141.49 percent;¹⁰ and (3) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter(s) that supplied that non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return of destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the term of an APO is a sanctionable violation.

¹⁰ See *Order*.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a) and 777(i) of the Act, and 19 CFR 351.213(h).

Circular Welded Carbon Quality Steel Pipe From the People's Republic of China: Preliminary Affirmative Determination of Circumvention of the Antidumping Duty and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that imports of circular welded carbon quality steel pipe (CWP), completed in the Socialist Republic of Vietnam (Vietnam) using hot-rolled steel (HRS) produced in the People's Republic of China (China), are circumventing the antidumping duty (AD) and countervailing duty (CVD) orders on CWP from China.

DATES: Applicable April 12, 2023.

FOR FURTHER INFORMATION CONTACT: Krisha Hill, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4037.

SUPPLEMENTARY INFORMATION:

Background

On July 22, 2008, Commerce published in the **Federal Register** the AD and CVD orders on CWP from China.¹ On August 4, 2022, Commerce initiated a country-wide circumvention inquiry to determine whether certain imports of CWP completed in Vietnam using HRS produced in China are

circumventing the *Orders*.² On August 30, 2022, Commerce selected, in alphabetical order, SeAH Steel VINA Corporation (SeAH VINA) and Vietnam Haiphong Hongyuan Machinery Manufacturing Co., Ltd. (Vietnam Haiphong) as the mandatory respondents in this circumvention inquiry.³

On December 9, 2022, Commerce extended the time limit for issuing the preliminary determination in this circumvention inquiry from January 3 to March 31, 2023.⁴ On March 31, 2023, Commerce extended the time limit for issuing the preliminary determination in this circumvention inquiry from March 31 to April 6, 2023.⁵ For a complete description of the events that followed the initiation of this circumvention inquiry, see the Preliminary Decision Memorandum.⁶

Scope of the Orders

The products covered by the *Orders* include certain welded carbon quality steel pipes and tubes, of circular cross-section, and with an outside diameter of 0.372 inches or more, but not more than 16 inches. For a full description of the scope of the *Orders*, see the Preliminary Decision Memorandum.⁷

Merchandise Subject to the Circumvention Inquiry

This circumvention inquiry covers CWP completed in Vietnam using China-origin HRS and subsequently exported from Vietnam to the United States (inquiry merchandise).

Methodology

Commerce is conducting this circumvention inquiry in accordance

with section 781(b) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.226. For a complete description of the events that followed the initiation of this circumvention inquiry, see the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is included as an Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Preliminary Determination of No Shipments

On October 7, 2022 and January 9, 2023, Vietnam Haiphong timely filed responses to Commerce's initial and supplemental questionnaires, in which Vietnam Haiphong reported that it did not sell or export the merchandise covered by the circumvention inquiry to the United States during the period of inquiry, *i.e.*, January 1, 2017, through December 31, 2021.⁸ Based on the supporting information provided by Vietnam Haiphong,⁹ we preliminarily determine that Vietnam Haiphong had no shipments of inquiry merchandise to the United States during the period of inquiry.

Preliminary Circumvention Determination

As detailed in the Preliminary Decision Memorandum, Commerce preliminarily determines that CWP completed in Vietnam using China-origin HRS and subsequently exported from Vietnam to the United States is circumventing the *Orders* on a country-wide basis. As a result, in accordance with section 781(b) of the Act, we preliminarily determine that this merchandise should be included within the scope of the *Orders*. See the "Suspension of Liquidation and Cash Deposit Requirements" section below for details regarding suspension of liquidation and cash deposit requirements. See the "Certifications" and "Certification Requirements for Vietnam" sections below for details regarding the use of certifications.

Suspension of Liquidation and Cash Deposit Requirements

Based on the preliminary affirmative country-wide determination of circumvention for China, in accordance with 19 CFR 351.226(l)(2), we will direct U.S. Customs and Border Protection (CBP) to suspend liquidation and require a cash deposit of estimated duties on unliquidated entries of CWP completed in Vietnam using China-origin HRS, that were entered, or withdrawn from warehouse, for consumption on or after August 4, 2022, the date of publication of the initiation of this circumvention inquiry in the **Federal Register**.

CWP produced in Vietnam from HRS that is not of China origin is not subject to this inquiry. Therefore, cash deposits are not required for such merchandise under the *China Orders*. However, Commerce preliminarily finds that CWP completed in Vietnam using Republic of Korea (Korea)-origin HRS is circumventing the AD order on CWP from Korea, and certain welded carbon steel standard pipes and tubes (pipe and tube) completed in Vietnam using India-origin HRS is circumventing the AD order on pipe and tube from India.¹⁰ Imports of such merchandise are subject to certification requirements, and cash deposits may be required.

If an importer imports CWP from Vietnam and claims that the CWP was not produced from China-origin HRS, in order to not be subject to the *China Orders* cash deposit requirements, the importer and exporter are required to meet the certification and documentation requirements described in the "Certifications" and "Certification Requirements for Vietnam" sections, below.

Where no certification is provided for an entry, and AD/CVD orders from three countries (China, India or Korea) potentially apply to that entry, Commerce intends to instruct CBP to suspend the entry and collect cash deposits at the rates applicable to the AD and CVD orders on CWP from China (*i.e.*, the AD rate established for the China-wide entity (85.55 percent) and the CVD rate established for all-others (39.01 percent)) under the following third country case numbers: A-552-009-000 and C-552-010-000.¹¹ This is

to prevent evasion, given that the AD rate established for CWP from China is higher than the AD rates established for pipe and tube from India and CWP from Korea.

Where a certification is provided for the AD/CVD orders on CWP from China (stating that the merchandise was not produced using China-origin HRS), but no other certification is provided, then Commerce intends to instruct CBP to suspend the entry and collect cash deposits at the rate applicable to the AD order on pipe and tube from India (*i.e.*, the AD rate established for all-others (7.08 percent)) under the following third country case number: A-552-012-000.¹² This is to prevent evasion, given that the AD rate established for pipe and tube from India is higher than the AD rate established for CWP from Korea.

Commerce established the following third country case number in the Automated Commercial Environment (ACE) for entries of CWP produced in Vietnam using China-origin HRS: A-552-009-000 and C-552-010-000 with cash deposit rates of 85.55 percent and 39.01 percent, respectively.¹³ Commerce established the following company-specific third country case numbers for SeAH VINA, for which Commerce made an affirmative determination of circumvention, for entries of CWP produced in Vietnam using China-origin HRS: A-552-009-001 and C-552-010-001. The cash deposit rates for SeAH VINA will be the China-wide entity AD rate (*i.e.*, 85.55 percent) and the China CVD all-others rate (*i.e.*, 39.01 percent), respectively.¹⁴

The suspension of liquidation instructions will remain in effect until further notice.

Certified Entries

Entries for which the importer and exporter have met the certification requirements described below and in Appendix II to this notice will not be subject to suspension of liquidation, or the cash deposit requirements described above. Failure to comply with the applicable requisite certification requirements may result in the merchandise being subject to duties.

Certifications

To administer the preliminary affirmative country-wide determination of circumvention for Vietnam, Commerce established importer and exporter certifications, which allow companies to certify that specific entries

of CWP from Vietnam are not subject to suspension of liquidation or the collection of cash deposits pursuant to this preliminary affirmative country-wide determination of circumvention because the merchandise is not made with China-origin HRS (*see* Appendix II to this notice).

Importers and exporters that claim that the entry of CWP is not subject to suspension of liquidation or the collection of cash deposits because the merchandise is not made with China-origin HRS must complete the applicable certification and meet the certification and documentation requirements described below, as well as the requirements identified in the applicable certification.

Certification Requirements for Vietnam

Importers are required to complete and maintain the applicable importer certification, and maintain a copy of the applicable exporter certification, and retain all supporting documentation for both certifications. With the exception of the entries described below, the importer certification must be completed, signed, and dated by the time the entry summary is filed for the relevant entry. The importer, or the importer's agent, must submit both the importer's certification and the exporter's certification to CBP as part of the entry process by uploading them into the document imaging system (DIS) in ACE. Where the importer uses a broker to facilitate the entry process, the importer should obtain the entry summary number from the broker. Agents of the importer, such as brokers, however, are not permitted to certify on behalf of the importer.

Exporters are required to complete and maintain the applicable exporter certification and provide the importer with a copy of that certification and all supporting documentation (*e.g.*, invoice, purchase order, production records, *etc.*). With the exception of the entries described below, the exporter certification must be completed, signed, and dated by the time of shipment of the relevant entries. The exporter certification should be completed by the party selling the CWP that was manufactured in Vietnam to the United States.

Additionally, the claims made in the certifications and any supporting documentation are subject to verification by Commerce or CBP. Importers and exporters are required to maintain the certifications and supporting documentation until the later of: (1) the date that is five years after the latest entry date of the entries covered by the certification; or (2) the

date that is three years after the conclusion of any litigation in United States courts regarding such entries.

For all CWP from Vietnam that was entered, or withdrawn from warehouse, for consumption during the period August 4, 2022 (the date of initiation of this circumvention inquiry), through the date of publication of the preliminary determination in the **Federal Register**, where the entry has not been liquidated (and entries for which liquidation has not become final), the relevant certification should be completed and signed as soon as practicable, but not later than 45 days after the date of publication of this preliminary determination in the **Federal Register**. For such entries, importers, and exporters each have the option to complete a blanket certification covering multiple entries, individual certifications for each entry, or a combination thereof. The exporter must provide the importer with a copy of the exporter certification within 45 days of the date of publication of this preliminary determination in the **Federal Register**.

For unliquidated entries (and entries for which liquidation has not become final) of CWP that were declared as non-AD or non-CVD type entries (*e.g.*, type 01) and entered, or withdrawn from warehouse, for consumption in the United States during the period August 4, 2022 (the date of initiation of these circumvention inquiries) through the date of publication of the preliminary determination in the **Federal Register**, for which none of the above certifications may be made, importers must file a Post Summary Correction with CBP, in accordance with CBP's regulations, regarding conversion of such entries from non-AD or non-CVD type entries to AD or CVD type entries (*e.g.*, type 01 to type 03). Importers should report those AD or CVD type entries using the third country case numbers identified in the "Suspension of Liquidation and Cash Deposit Requirements" section, above. The importer should pay cash deposits on those entries consistent with the regulations governing post summary corrections that require payment of additional duties.

If it is determined that an importer and/or exporter has not met the certification and/or related documentation requirements for certain entries, Commerce intends to instruct CBP to suspend, pursuant to this preliminary affirmative country-wide determination of circumvention and the

Orders,¹⁵ all unliquidated entries for which these requirements were not met and require the importer to post applicable cash deposits equal to the rates noted above.

Interested parties may comment on these certification requirements, and on the certification language contained in Appendix II to this notice in their case briefs.

Verification

As provided in 19 CFR 351.307, Commerce may verify information relied upon in making its final determination.

Public Comment

Case briefs or other written comments should be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last verification report is issued. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than seven days after the deadline for case briefs.¹⁶ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) a statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.¹⁷

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain the party's name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined.

All submissions should be filed electronically via ACCESS.¹⁸ Alternative arrangements for manual filings must be made by contacting the official in charge at least 72 hours before the deadline. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹⁹

U.S. International Trade Commission Notification

Commerce, consistent with section 781(e) of the Act, will notify the U.S. International Trade Commission (ITC) of this preliminary determination to include the merchandise subject to this circumvention inquiry within the *Orders*. Pursuant to section 781(e) of the Act, the ITC may request consultations concerning Commerce's proposed inclusion of the inquiry merchandise. If, after consultations, the ITC believes that a significant injury issue is presented by the proposed inclusion, it will have 60 days from the date of notification by Commerce to provide written advice.

Notification to Interested Parties

This determination is issued and published in accordance with section 781(b) of the Act and 19 CFR 351.226(g)(1).

Dated: April 6, 2023.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) orders on stainless steel butt-weld pipe fittings from Italy, Malaysia, and the Philippines would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, Commerce is publishing a notice of continuation of these AD orders.

DATES: Applicable April 12, 2023.
