BILLING CODE 9110–12–P

DEPARTMENT OF HOMELAND SECURITY

[Docket Number 2023–0029]

Agency Information Collection Activities: Regulation on Agency Protests; OMB No. 1600–0004

AGENCY: Department of Homeland Security (DHS).

ACTION: 60-Day notice and request for comments.

SUMMARY: The Department of Homeland Security will submit the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted until October 23, 2023. This process is conducted in accordance with 5 CFR 1320.1

ADDRESSES: You may submit comments, identified by docket number Docket # DHS–2023–0029, at:

○ *Federal eRulemaking Portal:* <http://www.regulations.gov>. Please follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name and docket number Docket # DHS–2023–0029. All comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided.

Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>

SUPPLEMENTARY INFORMATION: In accordance with Federal regulations and statutes, when protests are filed, the contracting officer will require information/documentation such as detailed statements of legal and factual grounds for the protests, copies of relevant documents, solicitation or contract number, and requests for a ruling by the agency. The Federal Acquisition Regulation (FAR) and 48 CFR chapter 1 provide general procedures on handling protests submitted by contractors to Federal agencies. FAR part 33, Protests, Disputes and Appeals, prescribes policies and procedures for filing protests and for processing contract disputes and appeals. While the FAR prescribes the procedures to be followed for protests to the agency, it allows agencies to determine the method of receipt. DHS will utilize electronic mediums (email or facsimile) for collection of information and will not prescribe a format or require more information than what is already required in the FAR. If DHS determines there is a need to collect additional information outside of what is required in the FAR, DHS will submit a request to the Office of Management and Budget (OMB) for approval. The prior information collection request for OMB No. 1600–0004 was approved through November 30, 2024, by OMB in a Notice of OMB Action. This justification supports a request for an extension of the approval.

The information being collected will be obtained from contractors as part of their submissions whenever they file a bid protest with DHS. The information will be used by DHS officials in deciding how the protest should be resolved. Failure to collect this information would result in delayed resolution of protests. Agency protest information is contained in each individual solicitation document, and provides the specified contracting officer's name, email, and mailing address that the contractors would use to submit its response. The FAR does not specify the format in which the contractor should submit protest information. However, most contractors use computers to prepare protest materials and submit time sensitive responses electronically (email or facsimile) to the specified Government point of contact. Since the responses
