

The nomination process is managed through the internet, using the Office of Justice Programs' (OJP) MOV online nomination system at: <https://www.bja.gov/programs/medalofvalor/index.html>.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* The information that is being collected is solicited from federal, state, local and tribal public safety agencies, who wish to nominate their personnel to receive the Public Safety Officer Medal of Valor (MOV). This information is provided on a voluntary basis, includes agency and nominee information along with details about the events for which the nominees are to be considered when determining who will be recommended to receive the MOV.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* Over the last four application submission periods, (2014–2015 thru 2017–2018), there were a total of 550 nominations received. Taking this number into account, the average number of nominations that are anticipated to be received on an annual basis is 137.5. This number does not factor in the ongoing outreach efforts (e.g. marketing and social media outreach) that are intended to increase the number of annual submissions. In addition, it is projected that the application submission process takes approximately 25 minutes. This would include, reviewing the fields of required and optional information, arranging the information and populating the online application form.

6. *An estimate of the total public burden (in hours) associated with the collection:* Base upon the average number of submissions over the last 4 years, and the estimated time required to complete each submission, the estimated annual public burden would be 53.54 hours.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* On June 20, 2012, the Department of Justice published a Final Rule to adopt national standards to prevent, detect, and respond to sexual abuse in confinement settings pursuant to the Prison Rape Elimination Act of 2003 (PREA), 34 U.S.C. 30305. These national standards, which went into effect on August 20, 2012, require covered facilities to retain certain specified information relating to sexual abuse prevention planning, responsive planning, education and training, investigations and to collect and retain certain specified information relating to allegations of sexual abuse within the facility. Covered facilities include: Federal, state, and local jails, prisons, lockups, community correction facilities, and juvenile facilities, whether administered by such government or by a private organization on behalf of such government. As the agency responsible for PREA implementation on behalf of the U.S. Department of Justice, the Bureau of Justice Assistance within the Office of Justice Programs is submitting this request to extend a currently approved collection.
